The Association of Universities of the British Commonwealth is a voluntary society whose members are institutions of university standing in the various countries of the Commonwealth. It was founded in 1912 as the Universities Bureau of the British Empire and changed to its present name in 1948; it is incorporated under the Companies Acts of the United Kingdom. The Association is governed by an executive council consisting of a chairman, vice-chairman, hon. treasurer and sixteen members elected annually at a general meeting at which each member university is entitled to be represented by its executive head or his personal deputy. There are at present 124 member institutions.

The headquarters of the Association are situated at No. 36 Gordon Square, London, W.C.1 (tel.: Euston 8572), close to the University of London Senate House and University College. Members of the teaching staff or other officers of any member university are invited, when visiting London, to call at these premises, where there is a common room and facilities for interviews. Overseas visitors are especially requested to register, on or before arrival in the United Kingdom, their names and addresses with the secretary, to enable enquiries and communications for them to be dealt with. A full description of the functions of the Association, with its legal constitution and a list of its members and their representatives, will be found in Appendix VII at page 1413.

# PREFACE

THIS is the thirty-eighth edition of the *Commonwealth Universities Yearbook*, which was first published in 1914, and the fourth to appear in the enlarged format adopted in 1958. The *Yearbook* is published by the Association of Universities of the British Commonwealth as a directory to university institutions of good standing in all Commonwealth countries and is not restricted to the 124 universities and colleges which comprise the membership of the Association. This directory is produced annually because it is believed by the Association that a great value of such a work of reference is that it should not only cover the principal features of each university but should also give accurate and up-to-date lists of members of the university teaching profession in each country of the Commonwealth. Although most of their appointments are made on relatively long, if not indefinite, tenures, there is a great deal of voluntary staff movement among local universities and from one country of the Commonwealth to another, and only by constant and complete revision can these lists be made to serve the purpose of identifying particular teachers and research workers. The index of more than 40,000 names will, it is hoped, be found useful in that connection.

The publication of this edition follows a year of further expansion in the facilities for higher education, in which new universities were established or planned in practically every country of the Commonwealth. Entries appear herein for the first time for Fourah Bay College, the University College of Sierra Leone; for the University of Nigeria at Nsukka; and for the University College of Sussex in England. The main reason for the 80-page increase in the length of this book as compared with its predecessor is, however, the steady growth of the teaching staffs and academic activities of existing universities.

Among the most important features of the *Yearbook* are the 'national introductions' which precede the pages for Commonwealth countries with more than one or two universities. Each introduction (written by a leading university figure) is primarily intended as a factual guide for people abroad who want to get a general outline of university education in that particular country before turning to the separate university entries but who will not necessarily be familiar with the basic assumptions of its citizens about that country's educational system. These authoritative essays range over the entire university scene in the country concerned and are set out under carefully selected headings. Under one of these headings

in each introduction information of general interest is given about the teaching staff of universities and in this section there has been included this year for the first time a brief factual note on academic salaries which sets out, where possible, the current ranges or scales for different grades of staff prevalent in the universities of that country.

One of the functions of the *Yearbook* is to provide basic data to assist a student, who proposes to go to a Commonwealth country for study, in his choice of a particular university there, to the registrar of which he will, of course, subsequently write for complete and official information. As well as the particulars of, for example, 'First Degrees' and 'Higher Degrees', which are given in the separate chapter for each university, a detailed 'Directory to Subjects of Study' appears as part of each national introduction; there, in many cases in tabular form, is given a summarized statement on 'where to study what' in that country's universities.

The appendices contain, *inter alia*, full entries for the universities in the Republic of Ireland (which, though not in legal membership of the Association, remain closely associated with the universities of the Commonwealth), extended summaries of the admission requirements of universities in Australia, Canada, South Africa and the United Kingdom, a description of the Commonwealth Scholarship and Fellowship Plan and a 7-page bibliography.

The editors want to make the *Yearbook* as effective a work of reference as possible and will give careful consideration to any constructive suggestions for its improvement which readers may wish to offer. Copies of the book are understood to be available for reference in the library or registrar's office of Commonwealth universities and in many other libraries throughout the world.

The *Yearbook* is a co-operatively compiled work, the raw material for which is supplied from some 200 university or college offices in 18 countries to the office of the A.U.B.C. in London where it is edited before being sent to press. The Executive Council of the Association again wishes to express its thanks to the registrars, and to the authors of the national introductions, without whose sympathetic help this volume would not have been produced. It must be understood, however, that neither the Association nor the universities, while taking every care to ensure reliability, can accept responsibility for the accuracy of all the very many statements of fact which the book contains.

# GUIDE TO THE UNIVERSITY ENTRIES

The date at the beginning of each *Yearbook* university entry is the date at which the material was completely revised and brought up to date by the university for this Edition. Resignations, retirements and new appointments which it was known then would take effect before March 1961 were taken account of in the compilation of the staff lists; and, where universities supplied the necessary information, subsequent senior staff changes

were also incorporated up to the time of going to press.

The principal divisions of each *Yearbook* university entry are: (1) Principal Officers; (2) Teaching Staff; (3) Administrative and Other Staff; (4) Constituent, Affiliated or Associated Institutions; (5) General Information; (6) " 9'.

## PRINCIPAL OFFICERS AND TEACHING STAFF

**DEPARTMENTS.** The directory of teaching staff is subdivided into departments (indicated by bold headings) normally arranged in alphabetical order for ease of reference. Because of the divergent practices of different universities about the organization of subjects, it has not been considered advantageous to group these departments under faculty headings, but in special cases where there is a group of departments constituting a more or less distinct entity to which it is obviously helpful to be able to refer in a consecutive and separate entry (e.g. a *multi-departmental* school of engineering, of medicine, or of dentistry), they are set out together at the end of the main list, each group under a separate bold-type heading in capital letters, and cross-references to the subject headings in this grouping have been inserted at appropriate places in the main list.

Where the department of physical education is a teaching department, it is placed in the general subject list in alphabetical order, but where its main function is that of promoting the physical welfare of students of the whole university the names of its staff appear under the 'Administrative and Other Staff' heading.

**SPECIAL LECTURESHIPS** (and the names of the current holders thereof) which carry for the holder the status of a temporary member of the staff of the university or college and which involve an extended course of lectures (rather than merely one or two single lectures) are inserted before the list of 'Administrative and Other Staff', as are also entries for the *teaching* officers of such special institutes and departments, etc., as institutes of education, research institutes and extramural departments.

**ORDER AND STATUS.** The names of members of staff are arranged under each subject heading in order of seniority, wherever possible, and not in alphabetical order. Each individual's status, e.g. professor, reader, senior lecturer, lecturer, etc., is indicated opposite his name. Where a Chair or

other post has a distinctive title, that title is incorporated in the staff list opposite the holder's name (e.g. Slade Prof., Laurence Reader, Sidgwick Lectr.).

PART-TIME members of staff are indicated by the symbol †.

EMERITUS PROFESSORS are not included unless they are still active members of the teaching staff.

RESEARCH OFFICERS (including research fellows) are not listed by name unless they are regarded as regular members of staff.

**JUNIOR STAFF.** The most junior staff (such as temporary assistants and junior demonstrators) are not listed by name; such staff are normally covered only by a composite reference, e.g. 3 Jr. Demrs.

MEN'S FIRST NAMES are designated only by initials (e.g. Smith, J. D.) except in the case of knights and baronets or where it is necessary to distinguish between two men with the same initials and surname, at the same university or college. One first name of a knight or baronet is given in full.

WOMEN'S NAMES are indicated by the writing in full of one first name, any other first names being represented by initials only (e.g. Smith, Mary J.). The word 'Mrs.' is inserted before the names of married women, but the word 'Miss' is omitted except where the woman's first name is likely to be unfamiliar as such to English-speaking readers (as in the case of certain Eastern and African names).

ON LEAVE. Absence from the university on study leave, on secondment, on government duty, etc., is indicated by '(on leave)'. It is inserted only where the teacher will be on leave during the greater part of the 12 months following the publication of the *Yearbook* in April 1961.

ABBREVIATIONS. Lists of abbreviations (and relevant expansions) used for names of universities, for degrees, for university diplomas and

certificates, and for certain non-university qualifications appear on pages xiii-xxxi.

Each individual's university DEGREES, DIPLOMAS AND CERTIFICATES and any of his non-university qualifications which are mentioned in the next paragraph are noted in abbreviated form after his name. The university of origin of degrees, diplomas and certificates is also given but it should be noted that degrees, diplomas and certificates awarded by the university in whose entry the name of the staff member appears are indicated by being placed, *without* the name of the university,\* after any other degrees, diplomas or certificates. For example, the qualifications of a teacher possessing an MA of Sydney, a PhD of Adelaide and a diploma in education of Adelaide would be set out as follows if his name appeared in the Adelaide entry: MA *Syd.*, PhD DipEd. If his name appeared in the Sydney entry his qualifications would be set out thus: PhD DipEd *Adel.*, MA. The abbreviations for the names of universities are set in italic type; it should be noted that these abbreviations are not necessarily identical with those usually employed by the awarding universities. To save space, the word 'Hons.' (= Honours) is not placed after degrees in the staff lists, but Hon. (= Honorary) is inserted before honorary degrees.

NON-UNIVERSITY QUALIFICATIONS. The *Yearbook* aims at providing in the staff directories an accurate and comprehensive list of each teacher's university qualifications. Because of the need to save space, however, the number of titles not of university origin has had to be kept to a minimum and, to ensure consistency, it has been decided to list only the following such qualifications:

- (1) *Honours* conferred by the Crown (listed on pages xxix-xxxi).
- (2) *Fellowships* of learned bodies of high standing. Only those listed on pages xxix-xxxi are included in this edition of the *Yearbook*.
- (3) *Memberships* of the senior professional bodies in each country for physicians and for civil, electrical and mechanical engineers (listed on p. xxxi). Only one such membership is allowed after any one person's name. Associate memberships are not mentioned.

In setting out titles and qualifications after names the following order is observed:

- (1) Honours conferred by the Crown.
- (2) University degrees, diplomas and certificates.
- (3) Fellowships and memberships of certain institutions (*see above*).

## ADMINISTRATIVE AND OTHER STAFF

This section includes administrative staff who do not appear in the list of 'Principal Officers'.

The purpose of this section is to provide a detailed record of events in the university during the calendar year ending December 31, 1959 (the period covered by the sections relating to Degrees, Diplomas and Certificates Awarded is, however, the academic year 1958-59 (southern hemisphere, 1959) plus the long vacation following, and the information about student numbers relates to the beginning of the academic year 1959-60 (southern hemisphere, 1960)).

PRINCIPAL BENEFACTIONS. Only gifts of more than £10,000 or equivalent are listed. Government grants are not included. The *total* monetary value of all benefactions received is frequently given.

MAJOR BUILDING DEVELOPMENTS. This entry records information about buildings completed or approaching completion during the period under review.

RESIGNATIONS of staff members of the rank of lecturer (or equivalent) and above are recorded.

DEATHS of staff members, or of distinguished staff members who had retired, are recorded.

STUDENT NUMBERS. Students are classified as *part-time* if they are engaged in regular employment during the academic year and therefore

cannot devote their full time to their studies. If a university has indicated that it has used a different definition a note has been added to the text. By *new admissions* is meant the number of students entering the university or college for the first time. For *Yearbook* purposes a student 'from another country' is one whose permanent home residence is in that other country, *i.e.* one whose parents are only temporarily resident or employed abroad is not included, nor is one who was born in another country and may therefore have a foreign nationality but is now living permanently in the country in which the university or college is situated.

It should be noted that, although every effort has been made by the editors to secure uniformity, the figures of student numbers given in the individual university entries may possibly be compiled on slightly different statistical bases even in the one country.

\* The lists of DEGREES, DIPLOMAS AND CERTIFICATES AWARDED give the numbers of students who have the right, under the regulations of the university, to use the title of the degree, diploma or certificate regardless of whether or not it has been ceremonially conferred.

\* But where a teacher has a degree with the same abbreviation from two universities, both are named, even though it is in the entry for one of them that his name appears, *e.g.* the holder of an MA of Cambridge and an MA of Adelaide would be listed in the Adelaide entry as MA *Cambr. & Adel.*

 C, for Commonwealth university diplomas (p. xxvi)  
 D, for non-university qualifications (p. xxix)

## A. ABBREVIATIONS FOR NAMES OF UNIVERSITIES

Listed below are the expanded forms of the abbreviations used in the *Yearbook* for names of universities placed after degrees, diplomas, certificates, etc. It should be noted that only the universities most frequently mentioned in the staff lists in the *Yearbook* are included and that these abbreviations are not necessarily identical with those employed by the individual universities themselves.

## B. COMMONWEALTH DEGREE ABBREVIATIONS

In the following list the degree title opposite each abbreviation is the expanded form normally used by the university, or universities, in the Commonwealth which currently award that degree. Many of these degrees are awarded with honours (the courses for some honours degrees being quite distinct from the courses for the corresponding pass degrees), but, for reasons of space, the honours form of the abbreviation and title is not given below (*e.g.* BA *hons.* is excluded). For the purposes of this list, a 'conjoint' degree, such as MB ChB, is listed as two separate degrees.

It should be noted that many of the degrees listed below are awarded by only one university and that many others are awarded by only a relatively small number of universities.

### C. ABBREVIATIONS FOR COMMONWEALTH UNIVERSITY DIPLOMAS AND CERTIFICATES

The list given below is not intended to include abbreviations for *all* diplomas, certificates and associateships awarded by Commonwealth universities or colleges of universities. It is restricted to those abbreviated forms which appear most frequently in the *Yearbook* and which consist entirely, or almost entirely, of initial letters ; and whose meaning therefore is unlikely in many cases to be immediately obvious to the reader.

It should be noted that many of the qualifications listed below are awarded by only one university or college.

AA	Associateship in Arts
AAUQ	Associateship in Accountancy of the University of Queensland
ACom	Associateship in Commerce
AFCE	Associateship in Fuel Technology and Chemical Engineering
AGT	Associateship in Glass Technology
AKC	Associateship of King's College, London
AKC(NS)	Associateship of the University of King's College, Canada
AMinlsTech	Associateship in Minerals Technology
AOSM	Associateship of the Otago School of Mines
ARCS	Associateship of the Royal College of Science
ARSM	Associateship of the Royal School of Mines
ASc	Associateship in Science
AUA	Associateship of the University of Adelaide
CertTM	Certificate in Medical Technology (Certificat en Technologie médicale)
CHP	Certificate in Public Health (Certificat en Hygiène publique)
CLS	Certificate in Library Science
CPH	Certificate in Public Health
CS	Certificate in Statistics
CT	Teaching Certificate
CTA	Certificate in the Theory of Accountancy
DA	Diploma in Anaesthetics
DAP&E	Diploma in Applied Parasitology and Entomology
DCE	Diploma in Chemical Engineering
DCEP	Diploma of Child and Educational Psychology
DCH	Diploma in Child Health
DCP	Diploma in Clinical Pathology
DDM	Diploma of Clinical Psychology (W. Aust.)
DDPH	Diploma in Dermatological Medicine
DDR	Diploma in Dental Public Health
DEE	Diploma in Diagnostic Radiology
DEE	Diploma in Electrical Engineering
DFA	Diploma in Foreign Affairs
DFM	Diploma in Forensic Medicine
DGC	Diploma in Guidance and Counselling
DGO	Diploma in Gynæcology and Obstetrics
DIIDP	Diploma in Dental Public Health (Diplôme en Hygiène publique dentaire)
DHP	Diploma in Public Health (Diplôme en Hygiène publique)
DHVP	Diploma in Veterinary Public Health (Diplôme en Hygiène publique vétérinaire)
DIA	Diploma in International Affairs
DIC	Diploma of Membership of Imperial College of Science and Technology (London)
DIH	Diploma in Industrial Chemistry (Canterbury, New Zealand)
DIH	Diploma in Industrial Health
DipALing	Diploma in Applied Linguistics
DipAM	Diploma in Applied Mechanics
DipAssSc	Diploma in Association Science
DipFA	Diploma in Fine Arts
DipGT	Diploma in Glass Technology
DipHE	Diploma in Highway Engineering
DipHSc	Diploma in Home Science
DipIPA	Diploma in Public Administration
DipMFOS	Diploma in Maxial Facial and Oral Surgery
DipNEd	Diploma in Nursery School Education
DipOrth	Diploma in Orthodontics
DipO&G	Diploma in Obstetrics and Gynæcology
DipP&OT	Diploma in Physiotherapy and Occupational Therapy (Diplôme en Physiothérapie et Occupation Thérapie)
DipQS	Diploma in Quantity Surveying
DipS&PA	Diploma in Social and Public Administration
DipSS	Diploma in Social Studies
DipSW	Diploma in Social Work

DipT	Diploma in Teaching
DipTCP	Diploma in Town and Country Planning
DipTP	Diploma in Town Planning
DipVFM	Diploma in Valuation and Farm Management

# D. ABBREVIATIONS FOR ORDERS, DECORATIONS AND QUALIFICATIONS OTHER THAN UNIVERSITY DEGREES, DIPLOMAS AND CERTIFICATES

To save space, non-university distinctions are omitted from the staff lists, with the exception of honours conferred by the crown and certain fellowships of learned bodies as set out in this list (*see also* p. xii). In the case of physicians and civil, electrical and mechanical engineers one membership of the senior professional body as set out in this list may be included. It is regretted that considerations of space have imposed these limitations on the references which can be included to professional qualifications; no disparagement is, of course, intended of professional or other non-academic qualifications which cannot be included in this work.

The abbreviations used are not in all cases those adopted by the body concerned, e.g. FIP is used instead of FInstP.

# THE UNIVERSITIES OF AUSTRALIA

[Contributed by Professor C. Sanders, Professor of Education in the University of Western Australia]

**HISTORY.** The history of the Australian universities may be divided into five periods covering a span of over a century. The first period, which extended from the middle to the end of the nineteenth century, saw the growth towards nationhood of the Australian colonies. During this period four universities were established, and their earliest architecture in the Gothic style bears witness to their Victorian origins. The second period began with the federation of the colonies and the creation of the Commonwealth of Australia in 1901. It continued until the conclusion of the first world war when there were six universities in the state capital cities, the first three—Sydney (New South Wales), Melbourne (Victoria) and Adelaide (South Australia)—carrying the names of the cities themselves, and the second three—Tasmania (Hobart), Queensland (Brisbane) and Western Australia (Perth)—the names of the states in which they were established. The third period lasted from 1918 until the conclusion of the second world war. During its first seven years there was a post-war enrolment bulge followed by a short resettlement, after which the depression of the thirties limited development. Two university colleges, Canberra University College and New England University College (Armidale), were established during the period.

In the main, the years between the wars were years of consolidation rather than of spectacular progress. Student enrolments in the universities and university colleges during 1939 numbered 14,500. This was a modest total; but Australia, in keeping with the university traditions of Great Britain, does not recognize many educational institutions as having university status in the American sense. However, some such institutions, as is explained later, are affiliated for various purposes to the universities.

The cessation of hostilities in 1945 marked the beginning of the fourth period of university growth and the admission to the universities of large numbers of ex-service students. The period was associated with heavy enrolments in science, applied science and technology. It lasted until 1957 when the Murray committee on Australian universities presented its report to the commonwealth government. By 1948, student numbers rose to 32,500, and although an easing in enrolments followed the disappearance of assisted ex-service students, an increasing war-time and post-war birth-rate, migration on a larger scale than hitherto, and a constant need for scientists, technologists and teachers, heralded in the fifth period, in which there appears to be no limit to the possible future expansion of higher education in Australia. Increasing financial difficulties

among the universities, during the later years of the fourth period, gave rise in 1957 to the enquiry conducted by the Committee on Australian Universities under the chairmanship of Sir Keith Murray, chairman of the U.K. University Grants Committee.

The fifth period began, when early in 1958 the commonwealth government announced, after considering the committee's report, that it would provide an extra £A21,400,000 during the triennium 1958-60. The provision of additional money was a first step towards the rehabilitation of the universities. It was followed by a decision during 1958 to create a permanent national body, to be concerned, amongst other things, with university finance. This body, in accordance with legislation passed in 1959, is now called 'The Australian Universities Commission' and its present chairman is Sir Leslie Martin, formerly of Melbourne.

Sydney (1850) and Melbourne (1853) are the most senior of the Australian universities. As institutions of higher learning dating from the colonial period, they are of approximately equal size and are also about the oldest of their kind in the Asian-Australasian hemisphere. The remaining universities established before the first world war include Adelaide (1874), which began with private endowments, Tasmania (1890), Queensland (1909) and Western Australia (1911). To these now need to be added the Australian National University, Canberra (1946), the University of New South Wales, Sydney (1958), originally established in 1949 as the New South Wales University of Technology, the University of New England (1954), which began as one of the university colleges in 1938, and Monash University, Melbourne (1958), at present in its formative stage.

The second college founded between the wars, Canberra University College (1930), was a commonwealth creation in the Australian Capital Territory to provide for the higher education of civil servants and their families when the commonwealth parliament moved from Melbourne to the national capital. This college in 1960 became the undergraduate school of general studies (in arts and science) of the Australian National University. New England University College in northern New South Wales was, until its elevation, an offshoot of the University of Sydney. To-day it is the only institution of full university status outside an Australian capital city.

At the time of writing, therefore, there are ten universities in Australia and no independent university colleges. Newcastle University College, founded in 1951, functions as a constituent institution of the University of New South Wales,

while Townsville University Centre, to be opened in 1961, represents an extension of the teaching work of the University of Queensland.

**CONSTITUTION.** (a) *Structure of Universities.* The Australian universities are unitary teaching, examining and research institutions. Most of them have affiliated residential colleges, halls or hostels, in which tutorial assistance is provided for resident students. Such teaching, however, is generally supplementary to the teaching of the universities which conduct the examinations and award the degrees. Historically, the universities are secular institutions although most of the residential colleges (located on the university sites) are religious foundations. Each university has certain characteristics which give it individuality. Some more than others have affiliations with governmental research institutes, agricultural colleges, forestry schools, technical colleges and teachers' colleges. Among universities created since the second world war, more significant differences are to be observed than among universities of earlier establishment. The Australian National University, which began as a post-graduate research institution, was reorganized in 1960 to include undergraduate studies when Canberra University College became its school of general studies. The original university, which incorporated four postgraduate schools, was renamed the institute of advanced studies. At this level the university is substantially residential. Further, the University of New England, which for internal students is almost entirely residential, now makes provision for a large number of external students. Moreover, the teaching work of the University of New South Wales, which has power to incorporate constituent colleges, is undertaken not only at Newcastle but also in other centres in New South Wales. Similarly, the scientific and technological emphasis (including medicine) in the curriculum of the University of New South Wales is to be repeated in the development of the new Monash University at Clayton, near Melbourne, in Victoria; and in the same way the Townsville University Centre, which represents a first step towards the decentralization of higher education in Queensland, will start in 1961 with first-year classes in science and engineering although it will also provide instruction in some of the subjects of the faculty of arts.

(b) *Internal Government.* Except for the Australian National University in the Australian Capital Territory, the universities are situated in the six Australian states. There are three universities and one university college in New South Wales, two universities being situated in Sydney and the other in an old-established district in the northern highlands of the state. Each of the other states has a university in its capital city although in Melbourne there are now two universities. Some differences between the older universities arise from their decentralization as well as from the fact that, having been established by colonies for

states to serve local needs, they were, until 1958, mainly dependent on state financial support.

Periodic royal commissions and the subsequent or independent actions of state legislatures have altered from time to time the constitutions of the universities as well as the composition of their governing bodies. Each governing body in its own way is representative of community interests, and most governing bodies are also representative of the body of graduates and the academic staff. The Australian National University, since its reconstitution in 1960, has a board of studies responsible for the institute of advanced studies and a second board responsible for the school of general studies. There is in addition a professorial board, with the vice-chancellor as chairman, which, although it has no executive powers, acts in an advisory capacity to the governing body, or council, of the university.

Among the universities some appointments are made by governors-in-council, and on a number of the governing bodies of the universities there are parliamentary members, or *ex-officio* members, such as a state director of education or an appointee of a state treasury, or co-opted members. In some universities the students are represented on the governing body, while at Melbourne and at the University of New South Wales, industry and commerce have specific representation. Among the universities the size of the governing bodies varies between nineteen and thirty-eight.

Except for Sydney, Queensland and Western Australia, the governing body of each university and university college is called the council; but Newcastle University College, which is controlled by the council of the University of New South Wales, has an advisory committee to assist the council. At the three universities first mentioned the term 'senate' is employed to denote the governing body.

Each Australian university, with the exception of the University of New South Wales, has also a second body with a certain amount of responsibility in university government. This body, which mostly consists of university graduates, has several names. At the universities of Sydney, Melbourne, New England, Tasmania and Western Australia, as well as at the Australian National University, the body of graduates is called convocation. At Queensland it is called the council, and at Adelaide the senate.

The major function of the graduate body is to elect members to the governing body; but only at the University of Adelaide does the graduate body have a preponderance of representation. In other universities it provides from less than one-fifth to two-fifths of the membership. Although in none of the universities has the graduate body power to initiate legislation, it occasionally has authority to approve, refer back or delay statutes and similar legislation referred to it by the governing body, and it may make suggestions regarding university welfare. In exercising its functions it sometimes works through standing committees.

The governing body, whether council or senate, generally meets at least once a month. It appoints standing committees or committees to deal with finance, investments, buildings, site development, staff and establishments, and so forth. Some of its work may be channelled through a general purposes committee, or there may be a joint committee of governing body and teaching staff to deal with matters of common policy. The powers, functions and procedures of governing bodies and graduate bodies are generally defined in university acts and statutes. When a governing body adopts statutes or by-laws, they must, as a rule, be submitted for final approval to a minister, governor or governor-in-council, or the particular legislation must be laid on the table of each house of parliament. Most governing bodies have power without further reference to establish rules and regulations for ordinary university working.

The titular head of an Australian university is the chancellor, usually a citizen of distinction, who acts as chairman of the governing body and confers degrees and diplomas. He is supported by a deputy or pro-chancellor.

The vice-chancellor is central to the organization of university government. He provides the liaison between the various deliberative and executive bodies, both general and academic, although his powers and functions vary somewhat from university to university. The vice-chancellor holds a permanent appointment as chief executive officer of the university, and is a member of the governing body. At most of the universities the chairman of the chief academic body or a senior professor acts in the absence of the vice-chancellor. Melbourne has two pro-vice-chancellors who are senior members of the academic staff, while at Sydney, where the vice-chancellor is also the principal of the university, there is a deputy vice-chancellor as well as an assistant principal and a registrar. Elsewhere the registrar is the senior officer under the vice-chancellor. At each of the older universities the state governor acts as 'visitor'.

The chief academic body is generally called the professorial board and corresponds to some extent with the senate of a university in the United Kingdom. It consists of deans, professors and certain other staff, some of whom may be non-professorial heads of departments, or staff representatives below professorial rank. The board usually appoints its own chairman and it may work through committees such as a committee of deans. At the Australian National University the vice-chancellor acts as chairman of the professorial board, and action has been taken in Tasmania for the vice-chancellor to perform a similar function. Instead of a professorial board Adelaide has an education committee including chancellor, vice-chancellor, council members, heads of academic departments and the librarian. The pattern of government of the Australian National University has been mentioned above. The control of this particular institution differs in a number of respects from the other

universities because of the special nature of its composition.

University government usually works from below upwards, the chief academic body advising the governing body on academic matters or transmitting legislation for the governing body's imprimatur or further action. Below the senior academic body are the faculties in which degrees are awarded, or the boards of study responsible for diploma courses. Many matters remain at faculty level and most of the rest are finally dealt with by professorial board or its equivalent. The deanship is an honorary academic office in most universities; but sometimes the dean receives an allowance. At Melbourne there is a permanent dean of postgraduate studies.

**RELATIONSHIP TO GOVERNMENT.** The Australian universities, by legislative enactment or charter, are autonomous and self-governing, and as most of the earlier ones were created by colonial or state governments, they were, until comparatively recently, mainly financed by state parliaments. The Commonwealth is directly responsible only for the Australian National University. The second world war, however, emphasized the national as well as the local importance of the universities. This led to the entry of the Commonwealth into the area of university finance during the post-war period and, following consideration of the Murray report, to the establishment in 1959 of a permanent Australian Universities Commission, to fulfil, among other things, the functions of a grants committee.

Most university governing bodies, as explained above, contain members of the local parliament or appointees of the governor-in-council. A reason for parliamentarians, usually not drawn from one house or party, is to have spokesmen in the legislatures. Mostly the idea has worked well and it has tended to be incorporated in the constitutions of universities of recent creation.

Communication between a university governing body and a state government is usually by way of vice-chancellor and state premier, since the work of universities generally lies outside the function of the minister of education responsible for the schools. Occasionally the chancellor will lead a deputation to the premier on an important issue. Each year the universities present a report on their activities to the local parliament.

After the war the Commonwealth provided special grants to the universities to assist in the higher education of ex-servicemen. It also made increasing sums of money available for research. It converted a war-time assistance scheme for reserved students into a broadly based system of scholarships, and it began to sponsor students from Asia and the Pacific islands under the Colombo Plan. This increase in commonwealth activity, now supported by the Murray recommendations, has greatly added to the importance of the Australian Vice-Chancellors' Committee at the national level, even though the committee's function is consultative rather than executive.

## AUSTRALIA

On student issues the Commonwealth refers to the National Union of Australian University Students, which to-day interests itself in international as well as national questions affecting students.

**FINANCE.** In the early post-war years the time-honoured method of university finance by state government grants, student fees and income from endowments began to collapse. During the war the Commonwealth gained control of income tax collection which previously had been shared with the states. After the war considerable numbers of ex-service students were admitted to the universities, and to assist their education the Commonwealth made special annual grants towards university running costs, and by agreement with the states, it made capital grants for buildings. However, with the tapering off of commonwealth moneys for ex-service students, most of the universities began to feel the effects of financial stringency. As a result, the Commonwealth, after negotiations with the states, appointed in 1950 an interim committee of enquiry into university finance.

After considering the interim committee's findings, the Commonwealth enacted legislation to make grants to the universities on the basis of £A1 for each £A3 of state grant and fees to a specified maximum. In 1951 the States Grants (Universities) Act was passed, and subsequent acts were passed in 1953, and annually from 1955 to 1958. With the enactment of the 1951 legislation, previous commonwealth grants and subsidies for various purposes, including grants for research, were consolidated into a single amount to be paid to each university through its state government. However, following receipt of the Murray committee's report in 1957, the Commonwealth enacted new legislation in 1958 and 1959. Under this legislation there is now a triennial review of university finance undertaken by the Australian Universities Commission. As indicated previously, the initial triennial grant was £A21,400,000 for the period 1958-60 of which a considerable proportion was regarded as emergency money. Since that time the Australian Universities Commission has visited the universities and has made its first recommendations for the triennium 1961-63.

To-day the main sources of revenue income for university running expenses consist of state and commonwealth grants, which in 1958 accounted for 69 per cent. of all such income. Total revenue income available to the universities in 1958 to meet ordinary running costs was £A16,894,040, the proportions being: state, 41 per cent.; commonwealth, 28 per cent.; student fees, 12 per cent.; endowments, etc., 5 per cent.; other, 14 per cent. However, if total university income from all sources (*i.e.* revenue and capital income for general and special purposes) is taken into account, then the amount available to the universities in 1958 was £A20,342,803 of which £A3,448,763 was capital income. Included in the

total sum was £A1,293,200, earmarked as grants for research.

**PRE-UNIVERSITY EDUCATION** (*see also* Appendix II). Students are usually admitted to the Australian universities between the ages of 17½ and 18½ years after twelve years of schooling although there is a trend in some states towards increasing the length of secondary education by a year. In most states children transfer to secondary education between the ages of 12 and 13 years after spending seven years in primary schools. Thus they receive five years of secondary education before being admitted to the universities. In Victoria the transfer is made a year earlier and in Queensland a year later so that children in these states receive six years or four years respectively of secondary education before entering the university.

At the time of writing proposed changes in the structure of secondary education in New South Wales have received ministerial approval following the state government's receipt of a report prepared by a committee under the chairmanship of the director of education, Dr. H. S. Wyndham. Under the proposals the transfer of school pupils from primary to secondary education will take place at about the age of 12 years following which there will be a school certificate examination at the end of four years of secondary schooling. After two further years of more advanced education a higher school certificate examination will be set, which will be linked with university matriculation.

In all states the examinations which mainly qualify for matriculation are held in November or December, while students tend to enter the universities in the following March. In New South Wales, pending the changes referred to above, and in Western Australia matriculation is mostly gained by means of the leaving examination at the age of 17 to 18 years. In Queensland the examination, at the same age, is called the senior public examination, and in Victoria and Tasmania it is called the matriculation examination. In South Australia matriculation is gained at a leaving certificate examination set to school pupils between the ages of 16 and 17 years; but there is at least one further year of study (leaving honours) beyond the minimum matriculation level. Victoria also has a leaving examination for school pupils between 16 and 17 years, and Tasmania a similar examination called the schools board examination. In Victoria and Tasmania the examinations mentioned are taken a year before the matriculation examination.

In all states except New South Wales the universities either conduct the public examinations at leaving standard or co-operate in their organization. In New South Wales the state department of education undertakes the responsibility. Some universities conduct a supplementary leaving or matriculation examination in February each year; but in each case where a 'matriculation examination' is set it is directly under a university matricu-

lation board or the university's professorial board. In several states there still exists an examination between the ages of 15 years and 16 years. This is called either the junior examination or the intermediate examination, and sometimes passes in the examination exempt from certain matriculation requirements. In Queensland the junior examination is conducted by the state education department while the university remains responsible for the senior public examination on which matriculation is based.

In the organization of Australian secondary education there are many independent secondary schools modelled on the pattern of the English grammar schools. Most of these schools are religious foundations. In the state educational systems, most secondary schools, although by no means all, are called high schools. Many of the older state secondary schools are of the academic type but newer schools are being erected on the comprehensive principle adapted to Australian conditions. To date, more students have entered the Australian universities from independent schools than from state schools, but the margin is narrowing, and there is now a rapid growth in secondary education in every Australian state.

**ADMISSION** (*see also* Appendix II). Each university decides its own matriculation requirements; and though there is no general standard for Australia, the universities recognize each other's qualifications. However, where faculty prerequisites apply, a matriculated candidate from another state usually needs to comply with the local conditions.

The universities of Sydney, New England, Tasmania and Western Australia, as well as Monash University, have a general matriculation with minimum prerequisites. Adelaide has introduced this kind of matriculation, which becomes fully effective in 1961. The University of New South Wales has a similar requirement, but it also recognizes the qualifying examination of the department of technical education of the state of New South Wales. Other universities have prerequisites for entry to faculties. For admission to the University of Melbourne a student must pass the leaving examination to sit for the university's matriculation examination, and he must also meet prerequisites.

Some universities have subgraduate diploma or certificate courses to which admission may be gained on qualifications less than matriculation. Most universities have some provision for unmatriculated students not proceeding to a degree; but there are restrictions on this form of enrolment. All universities make provision for students of mature age, and various tests of fitness are used in mature age examinations, including tests of general ability as well as of English usage.

A student with United Kingdom matriculation is generally admitted to matriculant status without further examination unless he has prerequisites to meet or there is a faculty entry restriction. Ordinary G.C.E. passes and Scottish

leaving lower passes are insufficient, so that all or some of local requirements must generally be met. Students from Asia with higher certificate passes of the Cambridge Local Examinations Syndicate have a reasonable chance of acceptance into unrestricted courses provided they meet any special conditions including an adequate command of English. Most universities treat such applications individually. For example, although the University of Melbourne specifies the qualifications from abroad it is prepared to accept, there is restricted entry to most of its faculties (*see below*). Further, some universities prefer an Asian student to spend a period in an Australian school or technical college and, if possible, to gain a local matriculation before university entrance; but there is no general rule. Graduates of recognized universities are usually accorded matriculant status and such additional status as each university is prepared to grant.

There is a summary of admission requirements in Appendix II, but students from abroad must always obtain direct from the registrar of the university concerned up-to-date information about the precise conditions of entry to first degree or postgraduate courses.

To-day most universities insist that students shall have a clean bill of health to gain admission. There is also a restricted entry to certain faculties and courses in various universities. This is particularly true in medicine although other courses are also affected. Restriction in medical and other faculties, giving rise to selection following matriculation, is due mainly to insufficient facilities to meet a rapidly increasing number of qualified applicants. In some cases intending medical students, as well as students wishing to enter other faculties, need to qualify for matriculation in the state in which the university is placed. Thus students from outside Australia cannot be certain of obtaining admission, although places are held for the best qualified. To continue in a course, and especially a course with restricted enrolment, students, whether Australian or other, may need to show a satisfactory rate of progress.

Admission to postgraduate diplomas demands graduation from a recognized university and often passes in an undergraduate course relevant to the diploma course. The admission of overseas students to higher degrees is decided by each faculty and university. To proceed to the degree of master in faculties of arts or science, a bachelor degree with honours is normally needed. Graduates with a lesser qualification must undertake additional study and pass an examination at honours standard before being permitted to present a thesis. The PhD degree is awarded in a number of departments and faculties in the Australian universities. For admission, students need to be graduates of senior standing with first or second class honours and preferably with a master's degree or some research experience if their honours work has not involved research. Most universities have a special committee or board of studies to decide applications. Reference to the

higher doctorates (LittD, LL.D, DSc, etc.) is made in the next section.

**STRUCTURE OF DEGREE AND DIPLOMA COURSES.** The pattern of Australian degree courses has been influenced more by the pattern of degree courses in England and Scotland than elsewhere. But there are some important differences in the structure of degree courses as between Australia and the United Kingdom. For example, although Australia endeavours to keep its standards in line with those of the United Kingdom, it places more emphasis on the importance of the pass degree. Its universities usually have more faculties, and there is a considerable stress on professional education at the university level. In addition, most Australian universities, but not all, admit 'external' students, at least within their own states, as well as 'part-time' internal students. There is also a tendency in Australia, especially in science and applied science, for honours courses to require an additional year of study, including research.

The 'unit' of study is an academic year's work (30 weeks approx.) in 'part' of a 'subject'; but a unit in the American sense would represent only a small, or very small, section of an Australian bachelor course. Australian universities, like universities in Britain, throw responsibility on the student, and hours in class are seldom an adequate criterion as to the quantity and quality of work expected to be covered by students. Although general-type courses exist, there is more emphasis on 'depth' and less on 'breadth' in the structure of Australian degree courses.

A 'department' is responsible for a 'course of study' in a subject (*e.g.* English) or in a group of subjects (*e.g.* modern languages). The course of study is divided into stages or parts by 'years of study' (*e.g.* year I or part I or stage I of the course, etc.), the parts comprising the units of the course (*e.g.* English I, II, III), English I being a first-year unit and English III a third-year unit. Students are not generally allowed to proceed to units of higher grade until they have passed the corresponding units of lower grade. Sometimes after the first year a department sets out its offerings in the following manner: English IIA, English IIB, English IIC, etc., students being allowed to select two or more units in their second and third years. Occasionally there is selection in each year of study, honours candidates being required to take certain specified units or more units than pass candidates.

Departments often suggest 'schemes of study', and sometimes related departments combine to make 'schools of study'. A unit in the arts faculty may involve from two to four lectures a week plus assignments, tutorials, attendance at discussion groups and so on. The lecture requirement is similar in science, but four, six or more hours of laboratory work are required.

Nine units spread over three years are normally needed to complete a bachelor course in arts or science, but courses of ten units exist. A typical

nine-unit course would include four units in the first year, three in the second and two in the third, an examination being held at the end of each year. A science student taking a first-year unit might spend six or more hours a week in class work. The same student taking a third-year unit would probably spend twelve or more hours a week, most of them in the laboratory. Because of the time-consuming demands of science courses, there is to-day a trend in some universities to retain the three-year course but reduce the total academic load, while in other universities the lengthening of the course to four years is being debated.

The failure-rate in the first-year examinations is fairly high (of the order of 35 per cent. on average); but after its successful completion the chances of a full-time student completing his course are fairly good in most, though not in all, faculties. Many students take longer than the minimum period to complete their courses because they are required to repeat failed units or to repeat their year of study. Practical tests in science subjects and oral tests in language subjects are employed as part of the annual examinations. Supplementary examinations may be allowed students who fail one or more units at an annual examination; but the type and time of examination vary with faculty and university, and not all faculties grant supplementaries. The terms used in grading passes also vary, such expressions as high distinction, distinction, honours, merit, credit, etc., being employed. Melbourne is the only university to use the term 'honours' to grade its units as well as its degrees.

The units in professional courses are greater in number than in arts and science, and often part-units are introduced in higher years of study. Lesser units or part-units are also found in diploma courses. Altogether there are fourteen faculties among the Australian universities, including arts and science, the basic pass courses of which are of three years' duration. The length of professional courses for the bachelor degree varies from three to six years (*e.g.* agriculture, forestry, law, economics-commerce, education, music—mostly 4 years, although at Sydney economics takes 3 years and there is an alternative course of 3 years in agriculture; engineering, technology—4 or 5; architecture, veterinary science, dental science—5 (but at Sydney the dental course is 4 years); medicine—6). Some of the shorter courses require an additional year for honours, while professional courses usually begin with a pre-professional year in arts or science. In some faculties bachelor degrees are given only at the postgraduate level, for example, in divinity, and at Melbourne and Queensland in education. In divinity the major work may be undertaken at an affiliated theological college or even outside the university altogether (*see* section on 'Institutions of Higher Education other than Universities', *below*). The most common qualification in education is a diploma in education involving one year of professional training follow-

ing a first degree. There are, however, first degree courses of 4 years for the BEd degree at Sydney and Western Australia ; but at the latter university, by means of an integrated programme, a graduate may proceed to the BEd degree after completing the DipEd.

In some universities, where the content of honours courses during the second and third years in arts is more demanding than the content of pass courses, a student may succeed in completing a BA with honours in three years. But the trend of the times is towards a four-year honours course in science. In law and medicine, honours are usually decided on the quality of the passes in the course. In basic faculties students are allowed in some universities to take either a pass course or an honours course, although students mostly need to obtain permission to undertake honours and many avoid doing so because of the extension of time. Students who do not gain honours may be credited with a pass degree, while some students who take only pass courses produce not undistinguished records. The increased subsidization of students to-day, especially in science, is encouraging a rising percentage to proceed to honours, and particularly when an additional honours year involves not only extra study but also an honours thesis based on research.

Australian students not studying full-time are frequently called 'part-course' students. Such students are 'part-time' in that they are mostly in full-time employment. Generally, students of this type are not allowed to enrol in all the units of a given academic year. Often the maximum permitted is two per year. Part-time enrolments in the faculties of arts and commerce cause lectures to be repeated in the late afternoon. Thus the minimum period for graduation of part-course students is often five or six years. Some universities allow the enrolment of part-time students who attempt a full-time course, but this is discouraged (*see* section on 'Students', *below*).

Further, most of the undergraduate teaching universities make provision for 'part-time external' students in remote country districts. Many such students are teachers in rural schools. The universities of Queensland and New England have special external departments, and Queensland makes provision for external 'overseas' students, some of whom are enrolled under the Colombo Plan. The University of Sydney, however, does not permit external enrolment.

The minimum period of full-time study for an MA or an MSc degree is five years from matriculation or two years from completion of the ordinary bachelor degree. But, if a BA or BSc degree with honours is obtained in four years, a student can usually proceed with his research and present his thesis without further examination. Pass graduates must undertake additional study and undergo further examination, usually at honours standard, before being permitted to present their theses. The current trend is towards the

supervision of work for higher degrees, up to the level of PhD.

To-day an increasing number of candidates with good honours degrees in science are by-passing the master's degree and are proceeding direct to the degree of PhD, although some departments, particularly in the arts faculty, prefer students to take a master's degree first. The minimum period for the PhD degree is usually six years from matriculation, although seven or eight years of study and research are common among able students. The PhD is the highest award for supervised research work and the thesis usually needs to be acceptable for publication in whole or in part if its material has not already been published. Not all faculties or departments permit students to enter for the degree (*see* p. 17), which in most universities is controlled by a special committee. Students enrolled for the PhD degree may be required to take special units of study appropriate to their doctoral researches. Some universities allow part of the course to be carried out under appropriate supervision in associated research institutions, or permit a section of the work to be undertaken part-time. The higher doctorates (LittD, LL.D, DSc, etc.) are generally awarded to-day to graduates of high standing for published work or independent research which represents a substantial contribution to knowledge. Most universities will not accept submissions for the higher doctorates unless candidates are their own graduates or unless they are members of staff.

Diploma courses vary in length from one to three years ; some are awarded for subgraduate study and others for postgraduate study. Most diploma or certificate courses have a practical bearing and emphasize techniques and skills although they not infrequently include units which form part of degree courses. The practical work required is often carried out in affiliated or associated institutions such as hospitals, schools, teachers' colleges, technical colleges, conservatoriums, etc.

The 'practical' requirement in degree courses in science and applied science frequently includes 'field work' (*e.g.* in botany, zoology and geology), or experience on farms, in industry, or in engineering works. Sometimes practical experience of this type is 'sandwiched' into a course by using occasional terms or long vacations. More often, perhaps, the experience necessary for registration by professional bodies needs to be obtained after the completion of the degree course. At the University of New South Wales, students working for degrees in science, engineering, architecture and technology, not only take certain units in the humanities and social sciences, but they also spend a part of each year in industry.

**TEACHING STAFF.** The head of a full university department is a professor ; but in large departments there may be several professors, one acting as the administrative head. In a university research institute one of the professors may hold

an appointment as director. Departments of more junior standing are often administered by staff of sub-professorial rank. Professorial chairs are not often filled by internal promotion. It is less unusual for positions of lower rank to be filled by internal promotion from among lecturers with a good teaching or research record.

Below professorial rank there are various gradings. The most junior positions (tutors, teaching fellows, graduate assistants, etc.) are often limited in tenure, with a maximum of three years. Demonstrators in science departments, according to their qualifications and experience, may hold short-term or long-term appointments, and some of the more senior posts rank with lectureships. In departments of science and applied science there are positions of varying seniority including laboratory manager and technical assistant, which may be held by graduates or by the holders of technical qualifications.

Most university teaching staff hold the rank of lecturer or senior lecturer, and above these positions there is a grading of associate professor or reader. These positions are regarded as permanent, even though they may be subject to periodic review. In the Australian National University the permanent grades include: professor, reader, senior fellow and fellow. Short-term appointments are made to the positions of senior research fellow and research fellow.

The usual teaching methods include lecture, seminar and tutorial. In science departments these methods are supplemented by demonstration and laboratory class, and often by field work or work in a museum. The use of audio-visual aids, as well as mechanical aids to computation, is common to-day in most departments. Essays, assignments, dramatic work and methods of oral expression are frequent in arts departments, while Melbourne University proposes to supplement its class work by television broadcasts. Because research and publication provide avenues for promotion an attempt is made to limit the teaching load of more junior lecturing staff even though enrolments in first-year classes are heavy. Some staff members devote their time to research and to postgraduate students; but most lecturing staff, according to their teaching, tutorial and laboratory commitments, have about one-half of their time theoretically available for their own special pursuits. Heads of departments, however, need to give a considerable amount of time to administrative duties including attendance at faculty and other meetings.

Among the Australian universities academic salaries are reasonably comparable, and although some differences between them occur from time to time, the similarities are usually greater than the differences. For certain positions in medicine, law, engineering and science, the standard salaries may be supplemented, especially at the professorial level. But for most positions, professorial salaries are fixed while other salaries are graded. At the time of writing academic salaries throughout Australia are in course of upward adjustment,

and not inconsiderable increases are expected during the next twelve months, including a probable professorial salary of not less than £A4000. Meantime, the approximate standard rates being paid in May 1960 are: professor, £A3500 to £A3750, according to the institution concerned; associate-professor or reader, £A2600-£A2800; senior lecturer, £A2200-£A2500; lecturer, £A1500-£A2100.

Sabbatical or study leave is granted to teaching staff of the grade of lecturer or above, and a number of the universities provide grants of varying amount, in addition to salary, to assist staff members to travel overseas during their leave. Financial provision is also made by some universities to help staff travel to conferences in Australia. All the universities have superannuation schemes, mostly on the lines of the F.S.S.U., although some schemes are more generous than others. Sydney, for example, grants its professors a retiring allowance in addition to benefits under a scheme similar to F.S.S.U. Its lecturing staff on the other hand, mainly comes under the New South Wales state superannuation scheme. Among other amenities are staff houses or clubs at a number of the universities. Each university has its staff association, and there is a federal council of staff associations. Most universities own or rent houses for the benefit of newly arrived staff, and most of them also have schemes to assist the purchase of homes by staff members.

The usual Australian practice is to advertise vacant teaching posts. There is no statutory restriction as to nationality and vacancies are generally open to candidates of foreign nationality provided they have an adequate command of the English language. The advertisement of junior positions is frequently confined to Australia and New Zealand, but lectureships and more senior posts are very often advertised in the United Kingdom, and to a lesser extent in European countries and North America. With the most senior posts (e.g. professor or reader), even though positions are advertised, a university may retain the right to appoint by invitation after private enquiry.

In 1956 approximately 33 per cent. of Australian university staffs consisted of graduates recruited from the United Kingdom although about one-half of these consisted of Australians who had undertaken postgraduate study in Britain. A further 10 per cent. were recruited (in about equal proportions) from continental Europe, the United States and New Zealand. This 43 per cent. of staff members accounted for the majority of senior teaching and research positions.

Ten per cent. of staff held only Australian qualifications which had been awarded by Australian universities other than that in which they were teaching and a number of these held positions between the rank of senior lecturer and professor. The remaining 47 per cent. consisted of graduates whose degrees had been awarded by the Australian universities on whose staffs they were employed as tutors, demonstrators, teaching fellows, grad-

uate assistants, visiting specialist lecturers in law and medicine, and occasionally staff of the rank of lecturer.

The universities of the United Kingdom which assisted in educating the greatest number of Australian university teaching staff, and especially senior members, were Cambridge (25 per cent.), London (22 per cent.) and Oxford (16 per cent.) in that order. The English provincial universities accounted for 12 per cent.; Scotland 7 per cent. and Wales, together with Ireland, 3 per cent. The balance consisted mostly of Australian graduates who had gained fellowships in the United Kingdom (especially medical fellowships of the royal colleges).

**STUDENTS.** Including the Australian National University (which was reorganized in 1960), 41,865 students were enrolled in the Australian universities during 1958. Of these 25,535 (61 per cent.) were full-time, 11,765 (28 per cent.) part-time and 4,565 (11 per cent.) external. The number of women was 9,223 (22 per cent.). To the 41,865 students should be added 742 who were preparing theses for higher degrees but were not required in 1958 to register and pay fees. Among full-time students included in the total were 95 graduates who were taking advanced courses at the Australian National University or were carrying out research there.

Part-time students usually study in the evening. As mentioned earlier, enrolments of this type are often called 'part-course' because students not enrolled full-time are generally limited in the number of units they may take in each academic year. Sometimes tutorial classes for external students are arranged in country districts while lecture notes, reference lists and not infrequently library books are sent to these students, many of whom are teachers in remote country districts.

Although there are residential colleges and halls at most of the universities, Australian students mainly live at home. The reason is that the majority of the universities are situated in areas of greatest population density. The approximate proportions are: living in college or hall, 10 per cent.; in lodgings, 20 per cent.; at home, 70 per cent. At the University of New England almost all internal students are in residence. The Australian National University is largely a residential institution at the postgraduate level. University House provides accommodation for certain staff of the institute of advanced studies as well as for postgraduate students without children. Halls of residence are being built for undergraduates of the school of general studies although those whose homes are in the vicinity of the university live out. For staff members and senior students with

sporting, social, cultural, religious and political clubs and societies. At the University of Western Australia, student amenities as well as clubs and societies are under the control of a body called the guild of undergraduates, while at the Australian National University the social life of the institution is centred in University House, a residential college. At most of the universities there is an officers' training corps or university regiment and at a number of the universities there is also an air training squadron. During the short vacations inter-university cultural and athletic contests are held. The federal body dealing with student affairs is the National Union of Australian University Students.

Various welfare services exist for the benefit of students. A number of the universities have health services, and students to-day are required to undergo a compulsory X-ray examination of the chest. There are also student advisers, counsellors or guidance officers. At some of the universities there is a warden of students, or a similar officer of senior standing, who is responsible for the general administration of student buildings and affairs, and for the co-ordination of student activities. Most universities have an appointments board or an appointments officer and, since the Murray committee made its recommendations, various universities have appointed special research officers to examine the problems of university education. To-day many students are employed during the long vacation. Some of the universities have housing officers; otherwise information is obtainable from the central administrations or the student bodies. In most universities the student bodies also gather information about lodgings or hostel accommodation. Most student bodies publish their own newspapers, and a number of them also produce orientation booklets at the commencement of each year for the benefit of new students. To help such students, student organizations and teaching staffs co-operate during an 'orientation week' before lectures begin. The general fee for membership of student bodies, including the use of union facilities, varies from a nominal amount up to about £A15 p.a. according to the amenities provided. Additional charges are made for individual membership of student clubs and societies.

The fees charged by residential colleges and halls are separate from ordinary university fees and the fees of the student bodies which are usually collected at enrolment time. College fees include residence during term as well as tutorial assistance. Additional costs are involved when a student remains in residence during vacation. The charges made by university hostels, halls of residence or colleges vary between about £A150 and £A300 a year, and taking account of university and other fees, most students need about £A600 to carry them through a full academic year. The normal cost of reasonable lodgings varies from £A5 to £A7 per week.

Most university students are Australian born; but since the war increasing numbers of students

from migrant families have been enrolled. Many of these have come not only from the United Kingdom, but also from continental Europe. In addition, 2200 students from Malaya-Singapore, Hong Kong, India, Pakistan, Ceylon and Indonesia, as well as from other countries in south-east Asia and the Pacific, are now enrolled in the universities. (The total figure for all types of educational institution from primary school to university is approximately 7000.)

In recent years approximately 50 per cent. of all students enrolled in the Australian universities have been financially assisted in one form or another. Many scholarships to-day are provided by industry as well as by government. Of full-time students the proportion holding scholarships and other forms of financial assistance varies, according to the university or faculty, from 60 to 80 per cent. Further, four-fifths of the total assistance available in the form of scholarships, bursaries, free places and other awards is provided by commonwealth and state governments, of which approximately one-half (or two-fifths of total assistance) is represented by scholarships under the Commonwealth Scholarship Scheme. This scheme was established by the commonwealth government in 1951. Under it 3000 new scholarships are provided annually for open competition among intending students who wish to undertake courses in the Australian universities or in other approved institutions of higher education. The scholarships are awarded on merit. Applicants and their parents must be resident in Australia at the time of the award of a scholarship and must intend to remain permanently in Australia. The scholarships just mentioned are for undergraduate study. There are also commonwealth scholarships for postgraduate study varying in value from £A600 to £A1250 p.a. A residential condition attaches to these awards as well as to those at the undergraduate level. The maximum annual value of an undergraduate award to a full-time student, including (i) fees, etc., and (ii) living allowance (the latter being subject to a means test) at a high-cost university, such as Sydney, and in a high-cost course such as medicine is:—*living at home*: fees, etc., £A120 plus living allowance £A221, total £A341; *living away from home*: fees, etc., £A120 plus living allowance £A338, total £A458. Many students, because of the means of their parents, do not qualify for the living allowance.

There are relatively few awards open to overseas students although considerable numbers of Asian students have their higher education paid for by the Commonwealth under the Colombo Plan. Other students are assisted under Unesco schemes or by scholarships awarded to them in their own countries. To-day, such bodies as the C.S.I.R.O., as well as banks and industrial organizations, provide scholarships for undergraduate and, especially, for postgraduate study, but few such awards are open to overseas students.

Estimates of future university enrolments made in 1959 indicated a rise from approximately 37,000

students in 1957, at the time of the Murray report, to a total of approximately 90,000 by 1965. However, as some universities at the time of writing are finding it necessary to restrict their student numbers and others are re-examining their matriculation conditions, actual enrolments by 1965 may not prove so high as the estimates.

**ACADEMIC YEAR.** The Australian academic year accords with the seasons of the southern hemisphere. On average the teaching year of three terms begins about mid-March following the enrolment of students and, in a number of the universities, an orientation week. The first term ends about the third or fourth week in May. The second term begins during the second or third week of June and continues until the second or third week of August. The third term begins during the first or second week of September and continues until the end of October or early November, after which the examinations, occupying a period of three weeks to a month, are held. In most universities the work of the year finishes about mid-December.

**VACATION COURSES.** Regular summer sessions of the American type, with university credit for work successfully performed, are not held in Australia but 'summer schools' for extra-mural students are held; in most states these are not under direct university auspices even though university staff assist. Practical field work, and work in industry, hospitals or schools, required as part of degree or diploma courses, is often done during long vacations. In some cases seminars for students who study externally are arranged in the vacations. During vacations and occasionally during term, individual university departments arrange conferences or run in-service courses for the benefit of teachers, business and professional groups, farmers, etc. Sometimes this work is linked with adult education activity (*see below*).

**EXTRA-MURAL CLASSES AND UNIVERSITY EXTENSION.** University extension lectures began at Sydney University in 1886 and at Melbourne in 1891. In 1913 workers' educational associations were formed in most states. Since then changes have taken place in the organization of the work which is now mostly known as adult education. However, where the W.E.A. continues, it is assisted by university staff in the conduct of tutorial classes, a university officer usually acting as director. The Sydney organization includes a joint committee of W.E.A. and university, the committee appointing the tutors and supervising their work. In Victoria adult education is under a statutory council set up by the state government, while the University of Melbourne has a separate extension board. In Tasmania there is a board of adult education with university representation, and a body of the same name exists in Queensland. Adult education in South Australia is shared between the University of Adelaide department of adult education, the W.E.A., which works in close collaboration with the university department, and

the state education department. In Western Australia, where adult education is an extra-mural function of the university, there is an adult education board responsible to the university senate. The University of New England also takes responsibility for adult education in its area, while the University of New South Wales conducts extension courses in scientific and technological subjects. At the Australian National University there is a department of adult education within the school of general studies. In states which have adult education boards, whether under direct university auspices or not, the responsible officer is usually called the director of adult education. For many of their courses the boards depend on the co-operation of university teachers, and during the summer schools held in January, professors and senior lecturers are among the leaders. The boards are not only responsible for classes and study groups in city and country, but they also sponsor drama, music, ballet, art, etc., and arrange for groups of performers as well as tutors and lecturers to tour country districts.

Although not specifically regarded as part of adult education or university extension, the comprehensive system of correspondence education developed for external university students (and even for overseas students) by the University of Queensland, supplemented by classes in country districts, represents a substantial extra-mural function. A somewhat similar service is conducted by New England, while some other universities have less ambitious schemes.

**INTER-UNIVERSITY ORGANIZATIONS.** The present Australian Vice-Chancellors' Committee developed from a standing advisory committee created to deal with matters of common interest following a university conference in Sydney in 1920. Although it is still in the main a consultative body, the committee now performs many important functions where general university policy and the national interest are involved. This is especially true since the report of the Murray committee and the increased interest of the Commonwealth in the welfare of the universities, including the establishment of the Australian Universities Commission, of which Sir Leslie Martin is the chairman. The secretary of the commission is Mr. D. St. A. Dexter and its address is Commonwealth Offices, Treasury Place, Melbourne, C.2, Victoria. The Vice-Chancellors' Committee keeps in touch not only with the Australian Universities Commission but also with the commonwealth government and its departments, including the Commonwealth Office of Education. It meets at least twice a year, usually in March and October, and its present chairman is Sir George Paton, vice-chancellor of the University of Melbourne. The secretary of the committee is Brigadier R. G. H. Irving, CBE, University of Melbourne, Parkville, N.2, Victoria. Under the committee's auspices conferences of university registrars are held (usually biennially).

The staff associations of the universities have

combined to establish a Federal Council of University Staff Associations, the president of which is Professor R. H. Thorp, department of pharmacology, University of Sydney. The hon. secretary/treasurer is Mr. E. L. Wheelwright, department of economics, University of Sydney. The council publishes a bulletin entitled *Vestes*.

The National Union of Australian University Students dates from 1937, when, during an Australasian university conference at Adelaide, it was decided by the representatives of the student bodies to form a union on the lines of the union in England. The N.U.A.U.S. has its own council to which the student bodies send their delegates. Each year the N.U.A.U.S. holds a congress in January. Office-bearers, at the time of writing, are: Mr. B. J. Moylan, c/o University of Queensland Union, and Mr. A. Nelmes, Newcastle University College Students' Association (secretary-treasurer).

To administer the scheme by which students granted reservation for university study during the war were financially assisted, the commonwealth government established a Universities Commission in 1942. However, after the passing of the Commonwealth Education Act in 1945, which created the Commonwealth Office of Education, the Universities Commission became responsible for the Commonwealth Scholarship Scheme. In 1959, by an amendment of the Education Act, its name was changed to the Commonwealth Scholarships Board to prevent confusion with the newly created Australian Universities Commission. The director of the Commonwealth Office of Education is Mr. W. J. Weeden, who is also chairman of the Scholarships Board. The address of the Commonwealth Office of Education and of the Scholarships Board (the secretariat of which is provided by the C.O.E.) is 50 Miller Street, North Sydney, or Post Office Box 189, North Sydney, New South Wales. There are branch offices of the C.O.E. and of the Commonwealth Scholarships Board in each state except Tasmania. As a result of the legislative changes in 1959, the Commonwealth Office of Education and the Australian Universities Commission function as separate entities under the prime minister's department. Before the establishment of the commission, the Commonwealth Office of Education was responsible for commonwealth grants to the universities under the States Grants (Universities) Act.

One of the continuing activities of the Commonwealth Office of Education is responsibility for the university training of students from south and south-east Asia. The C.O.E. is specially charged with the responsibility for Colombo Plan students who are coming to Australia under the Commonwealth scheme of co-operation in education, which resulted from the conference at Oxford in 1959.

**THE UNIVERSITIES TO-DAY.** For Australian universities there has been no settling-down period since the war. By 1960 the universities of Sydney

and Melbourne had passed their optimum in enrolments. Further, war-time research deficiencies coupled with a rapid population growth, new national and international responsibilities, and an accelerated industrialization, brought into being the Australian National University, and especially its institute of advanced studies devoted to research in the social, medical and physical sciences, as well as the University of New South Wales in Sydney, and more recently the Monash University in Melbourne. The older universities, faced with increasing student numbers and greater calls on their staffs and services, have been confronted with a succession of crises, which finally led to the appointment of the Murray Committee on Australian Universities in 1957 and to the Australian Universities Commission in 1959.

By the time the Murray committee began its task, New England University College had become a university, charged, among other things, with the responsibility of providing for external students in the state of New South Wales. The New South Wales University of Technology (now the University of New South Wales) was beginning to sponsor new university colleges, while in Victoria the need to establish a second university (now founded as the Monash University) was being debated. In South Australia, Adelaide University had come to an arrangement with the near-by School of Mines (now the Institute of Technology) to enable degrees in technology to be awarded, and in Western Australia the university was starting a medical school.

The Committee on Australian Universities was asked to enquire into (1) the role of the university in the Australian community; (2) the extension and co-ordination of university facilities; (3) technological education at the university level; and (4) the financial needs of the universities and the means to meet them. The committee's report was published in September 1957, and after an early promise by the prime minister, Mr. R. G. Menzies, to act on its recommendations, the committee's major financial proposals were placed before the commonwealth parliament in May 1958 and were adopted. Further, the Victorian government, following receipt of a special report from the Murray committee, established the Monash University and took preliminary steps towards its development. Meantime, the commonwealth government considered the Murray proposals to create a grants committee as an informal advisory body, and decided to vary them. Thus in 1959 it created the Australian Universities Commission as a permanent statutory body to review university conditions every three years, to advise on university development, and to provide a liaison between Commonwealth and states on university matters.

The post-war expansion of Australian industry, nuclear research, defence projects, automation, as well as power and water schemes, have been taxing the capacities of the universities to provide specialists and professional men with a well-rounded education. More schools, especially secondary schools, and better-educated teachers

are needed in increasing numbers. In this regard, the importance of faculties of arts in the modern world was stressed by the Murray committee. Yet despite present indications of better means to university education there is little evidence of an easing of university difficulties and responsibilities. In a political, social and educational sense, Australia is passing through a period of change probably greater than at any previous time in its history.

Since the commonwealth government accepted the Murray committee's recommendations, every university has increased its staff, salaries have been raised, new buildings have been erected, started or planned and urgently needed equipment has been supplied.

Typical of recent developments is the installation of a computer 'Silliac' in the physics department at Sydney and the construction of new libraries at Sydney and Melbourne. Another development is that most of the universities have established committees to examine causes of university failure with a view to improving teaching and, if possible, the success rate of students. A conference took place on this problem at Sydney during November 1958. New courses are being established and older courses re-modelled. In October 1958 the University of New South Wales was empowered to award degrees and undertake research in medicine as well as in humane studies. A faculty of arts has now been developed in the university based on the earlier established departments of humanities and social sciences; and courses in arts, leading to the BA degree, were first offered in 1960. In medicine five chairs have been filled and the first year of a medical course will be offered in 1961. Monash University has been given a site at Clayton near Melbourne, and the faculties ultimately to be established include arts, commerce, education, science, engineering, applied science and medicine. It is expected that by 1961 undergraduates will be enrolled for various courses in arts, science and engineering and that graduates will be enrolled for the degrees of MSc and PhD in the faculty of science.

In 1960 Canberra University College lost its identity as a separate institution but linked academically with Melbourne, and became the school of general studies of the Australian National University. Again, in 1960, the University of Queensland established a university centre at Townsville. In Tasmania a faculty of agriculture is being developed, and with the completion of new buildings for chemistry and engineering in 1960, the earlier relationship with the Hobart Technical College was discontinued. Also in 1960, the Australian Universities Commission, now consisting of five members (two academic and two others besides the chairman), completed its first survey of university need for the triennium 1961-63.

INSTITUTIONS OF HIGHER EDUCATION OTHER THAN UNIVERSITIES. It has been mentioned already that there are Australian institutions of

higher education which are not regarded as university institutions (e.g. technical colleges, schools of mines, agricultural colleges, forestry schools and teachers' colleges) although a number of them are affiliated to or are associated with universities. In Australia there are no private or denominational universities, and, with one exception (*see below*), only the universities have the right to award the degrees of bachelor, master and doctor. Non-university institutions award certificates, diplomas or associateships; but some higher level institutions award fellowships and similar qualifications. Entrance to most diploma courses is at a lower standard than that of matriculation and is often at the level of the junior or intermediate certificate examinations (*see Appendix II*). However, there are varying admission standards according to the types of course students elect to take. Some courses (e.g. architecture) normally require university matriculation or its equivalent, while holders of certain college diplomas may be granted university matriculation, or in addition they may receive partial credit towards university degrees.

*Agricultural Colleges.* The colleges of agriculture such as Gatton (Queensland), Hawkesbury and Wagga (N.S.W.), Longerenong and Dookie (Victoria), Roseworthy (South Australia) and Muresk (Western Australia) provide courses up to four years in length in the different aspects of agriculture. Their admission standards are generally below that of matriculation although most of them are associated with the universities in the practical or the experimental aspects of agriculture. A number of the agricultural colleges assist in the training of teachers for rural communities.

*Conservatoriums of Music.* There are conservatoriums at the universities of Adelaide and Melbourne and degrees in music as well as diplomas are awarded. In these institutions the standard of admission to major courses is at the level of matriculation, but at Adelaide many conservatorium students, studying to become performers or teachers of music, are admitted below the matriculation level. In New South Wales and Queensland there are state conservatoriums separate from the universities. These admit students below the normal university entrance standard, although applicants need to possess practical qualifications in music.

*Forestry Schools.* The best known school of forestry is the Australian Forestry School in Canberra and degrees in forestry are awarded to students who spend part of their time in a university science faculty and part of it at the Australian Forestry School. The University of Melbourne also recognizes the Creswick Forestry School in Victoria for the same purpose.

*Service and Administrative Colleges.* At the more advanced level students of the royal naval, military and air force colleges require not less than the equivalent of matriculation to be admitted, while certain college courses in science and mathematics are accepted by the universities as a part

qualification towards degrees. The Australian School of Pacific Administration (Sydney), under the commonwealth department of territories, trains students in the various aspects of service and administration in dependent areas.

*Teachers' Colleges.* The standard of admission to the teachers' colleges varies somewhat from state to state but most students are recruited at the level of the school leaving certificate (*see Appendix II*) and many of these also hold university matriculation. The standard course for primary teachers is of two years, but matriculated students, preparing for secondary teaching, who attend the universities, may spend three, four or five years as 'college' students. There are shorter courses for certain categories of student, and not infrequently the colleges assist in the training of graduates for the DipEd awarded by the universities. To-day there is an increasing tendency for the work of the colleges to be integrated with that of the universities. This is being done by co-operative association or by affiliation, and in Tasmania by incorporation in the university framework.

*Technical Institutions.* Admission to diploma and similar courses in technical colleges is usually at the level of the junior or intermediate examinations (*see Appendix II*), although some courses (e.g. architecture) require the leaving certificate, matriculation or the equivalent of these qualifications. The more advanced teaching in the colleges and schools of mines, especially in the physical sciences and mathematics, is often at a standard which permits candidates to enter for university examinations, and occasionally passes in the examinations of the institutions mentioned provide a partial exemption from university degree requirements. Although many diploma students are enrolled full-time, the technical colleges admit considerable numbers of part-time students. Technical diploma courses in science and engineering, which are of three to five years' duration, have a more practical bearing than degree courses. In 1956 the University of Adelaide joined with the South Australian School of Mines (now the South Australian Institute of Technology) to enable degrees in technology to be awarded. In Western Australia the Kalgoorlie School of Mines is associated with the university faculty of engineering in the award of degrees in mining engineering.

*Theological Colleges.* The teaching of theology is mainly done in denominational colleges or seminaries, independent of the universities, although some of the residential colleges affiliated to the universities and administered by the churches assist in the work. The standard of admission approximates to the level of the leaving certificate and it may be at matriculation level. Teaching in some of the colleges is at a standard comparable with that of university undergraduate courses. Among the theological colleges is the Australian College of Theology and the Melbourne College of Divinity. The latter institution awards the degrees of BD and DD.

*Research and Professional Institutions.* The

best known independent medical research foundation in Australia is the Walter and Eliza Hall Research Institute in Melbourne which is linked with the Royal Melbourne Hospital as well as with the University of Melbourne. However, the largest single research organization in the country is the government-controlled Commonwealth Scientific and Industrial Research Organization which has close affiliations with the universities, including C.S.I.R.O. laboratories on most university sites. At the postgraduate level there are royal Australasian colleges of physicians and surgeons. There are also professional associations of lawyers, engineers, scientists and teachers (e.g. Australian Institution of Engineers, the Australian Academy of Science and the Australian College of Education). Some of these admit to membership as a mark of professional recognition as well as to fellowship as an award of special distinction.

## DIRECTORY TO SUBJECTS OF STUDY

**HIGHER DEGREES.** The PhD is awarded by the universities as follows. *Adelaide*: in agriculture, architecture, arts, economics, engineering, medicine, science. *Australian National University*: in each of the research schools of the institute of advanced studies. *Melbourne*: in all faculties except music. *Monash*: in science. *New England*: in all faculties. *New South Wales*: in architecture, commerce, engineering, science, technology. *Queensland*: in all faculties. *Sydney*: in agriculture, architecture, arts, dental science, economics, engineering, science, veterinary science. *Tasmania*: in arts, engineering, science. *Western Australia*: in arts, dental science, education, engineering, science.

**FIRST DEGREE COURSES, ETC.** The table on pp. 18-19 shows the main courses and subjects of study in the Australian universities. The symbol ✓ is used to indicate *major* courses, i.e. those studied for two or three years for a first degree. The symbol √ indicates *minor* courses forming part of the course for a first degree. Diploma courses are not included in the table.

Newcastle University College (see p. 64) prepares students for the degree and diploma courses of the University of New South Wales. Instruction in certain courses towards degrees and diplomas of the University of N.S.W. is provided at Wollongong, Broken Hill and Orange in New South Wales.

**DIPLOMA AND CERTIFICATE COURSES.** New England and Western Australia do not award subgraduate diplomas although the latter co-operates in the award of several diplomas by outside bodies. Other universities award diplomas at subgraduate and postgraduate levels and some also co-operate in the award of diplomas by outside bodies. The two courses in which diplomas are mainly postgraduate are education and medicine. The University of New South Wales offers postgraduate diplomas in certain technological fields as well as in librarianship.

**Education.** Awarded by Adelaide, Melbourne, New England, New South Wales (Newcastle University College), Queensland, Sydney, Tasmania and Western Australia. Subgraduate awards are also made by Adelaide, Queensland and Tasmania.

**Medicine.** Melbourne and Sydney award diplomas in anaesthesia, diagnostic radiology, gynaecology-obstetrics, laryngology, ophthalmology (also Queensland), psychological medicine (also Queensland), public health, therapeutic radiology. Sydney also awards diplomas in clinical pathology, dermatological medicine and tropical medicine and hygiene.

Other diploma or certificate courses:

*Accountancy*: Queensland. *Agricultural Chemistry*: Sydney. *Agricultural Economics*: Sydney. *Agricultural Entomology*: Sydney. *Agricultural Genetics*: Sydney. *Agricultural Microbiology*: Sydney. *Agricultural Science*: Sydney. *Agriculture*: Melbourne. *Animal Husbandry*: Sydney. *Anthropology*: Sydney. *Architecture*: Melbourne, Queensland. *Arts and Education* (AUA): Adelaide. *Building*: New South Wales. *Clinical Psychology*: Western Australia. *Commerce*: Queensland. *Dairy Husbandry*: Sydney. *Dietetics*: Melbourne. *Divinity*: Queensland. *Educational Administration*: New England. *Educational Psychology*: Queensland, Western Australia. *Food Technology*: New South Wales.\* *Highway Engineering*: New South Wales. *Journalism*: Melbourne, Queensland. *Librarianship*: New South Wales.\* *Manual Arts*: New South Wales. *Mechanical Engineering*: New South Wales. *Metalliferous Mining Engineering*: New South Wales. *Minerals Technology*: New South Wales. *Music*: Adelaide, Melbourne, Queensland. *Numerical Analysis and Automatic Computing*: Sydney. *Occupational Therapy*: Queensland. *Optometry*: Adelaide\*, Melbourne\*, Western Australia.\* *Plant Pathology*: Sydney. *Pharmacy*: Adelaide, Melbourne\*, Sydney. *Physical Education*: Adelaide, Melbourne, Queensland, Tasmania, Western Australia.\* *Physiotherapy*: Adelaide, Melbourne\*, Queensland, Western Australia.\* *Psychology*: Sydney. *Public Administration*: Adelaide, Melbourne, Queensland, Tasmania. *Public Health Dentistry*: Sydney. *Quantity Surveying*: New South Wales.\* *Social Studies or Social Work*: Adelaide, Melbourne, New South Wales, Queensland, Sydney. *Sugar Science*: Queensland. *Sugar Technology*: Queensland. *Teaching and Training of Subnormal Children*: Queensland. *Town and Country Planning*: Melbourne, Sydney. *Wool Technology*: New South Wales.

## STATISTICS

[Sources: Bureau of Census and Statistics, Canberra and Commonwealth Office of Education]

**TOTAL STUDENT ENROLMENT** in 1958 including the Australian National University (female enrol-

ments in brackets) was as follows. For higher degrees, 1672 (192).§ For bachelor's degrees:

[continued on p. 20]

Awarded by outside bodies.

§ In addition to the 1672 there were 742 who were preparing theses for higher degrees but were not required to enrol.

## GENERAL INFORMATION

The univ. was establd. by act of the provincial  
legislature in 1874. It began with endowments of  
£A20,000 each from Sir W. W. Hughes and Sir  
Thomas Elder, a land grant of 50,000 acres (sub-  
sequently repurchased by the govt. for £A40,000),  
a site of 5 acres in the city and an annual govt.  
subsidy of 5 per cent. on endowments. The  
original site was increased to 8 acres in 1920, to

14 acres in 1927, in 1929 to 27 acres and in 1960  
to about 30 acres.

CONSTITUTION. The council consists of the  
chancellor, the vice-chancellor, 20 members  
elected by the senate and 5 elected by parliament.

The senate consists of all grads. holding degree  
of master or doctor and all other grads. of 3 yrs.'  
standing.

**INCOME (1959).** Total for general running costs, £A1,670,000 (govt. grants, 87 per cent.; endowments, 3 per cent.; fees, 8 per cent.; other, 2 per cent.). Income and grants for specific purposes, £A169,000. Original capital of endowments, about £A1,510,000.

**FACULTIES.** Agric. sci., archit. & town planning, arts, dent., econ., engin., law, med., music, sci., technol.

**BOARDS OF STUDIES.** Phys. educn., soc. studies, pharmacy, physiotherapy, research studies (for PhD degree).

**UNIVERSITY PRECINCT.** The campus consists of about 30 acres within the city of Adelaide and about 35 acres in park-lands for playing fields. 2 major bldgs. recently completed and 2 more under construch.

**LIBRARY.** Approx. 244,000 vols., incl. 14,000 vols. in Waite Inst. library.

**LABORATORIES.** At the univ.—anat., biochem., bot., chem., engin. (civil, electr., mech., mining, metall. and chem. engin.), geol., histol., microbiol., pathol., pharm., phys., physiol., pharmacol. and zool. For the Waite Inst., *see below*.

**MUSEUMS.** Anat., bot., geol., pathol. and physiol.

**TEACHING HOSPITALS.** *See above.*

The **ELDER CONSERVATORIUM OF MUSIC** (for staff *see p. 26 above*), establd. in 1898, is part of the univ. and provides tuition in a wide range of studies in the performance of music. Its students include not only those proceeding to the univ. dipl. but also many others who wish to study a principal subj. (e.g. singing or pianoforte) or to undergo trg. in group work such as orchestral and operatic performances and who satisfy the dir. of their fitness to be admitted.

The **WAITE AGRICULTURAL RESEARCH INSTITUTE** (for staff *see p. 26 above*) was establd. in 1924 as a result of a gift by the late Mr. Peter Waite of an estate of 299 acres, a mansion-house and a trust fund of £A58,450. Subsequent endowments and govt. grants have expanded the work of the inst., the purpose of which is 'to further the cause of res. and educn. in agric. and allied subjects'.

**OTHER SPECIAL RESEARCH DEPARTMENTS.** (1) Field lab. at Koonamore for investigation of plant regeneration in arid areas. (2) Sheridan Medical Res. Foundation for support of med. res. (3) Animal Products Res. Foundation, which conducts investigations into problems of animal nutrition (*see staff list, above*). (4) Bd. for Anthropological Res. on aborigines of Australia. (5) Anti-Cancer Cttee. directs res. into cause, treatment and cure of cancer. (6) John Mortlock Res. Station at Yundnapinna. (7) Gwendolyn Michell Res. Foundation for med. res. (8) Mawson Inst. for antarctic res.

**COLLECTIONS OF INTEREST TO SPECIALIST SCHOLARS.** Collection of Australian endoparasites.

The collection of the higher Australian fungi (basidiomycetes) given to the Waite Inst. by Prof. J. B. Cleland is by far the largest of its kind and is available for study by mycologists and forest pathologists. Collection of representative specimens from all the Australian opal fields. Anthropological collection of Australian skeletons. Collections of marsupial material. Herbarium of Australian plants. Reference library of Australian Salmonellas.

**ADMISSION.** *See Appendix II.*

**ORDINARY DEGREES.** 3 yrs., BA, BEc, BSc, BTech (courses in bldg. technol.; civil, electr., electronic and mech. engin.; chem. technol.; extractive metall.; phys. metall.; mineral dressing; surveying, given chiefly at S. Australian Inst. of Technol.); 4 yrs., BSc in forestry (including 2 yrs. at Australian Forestry Sch., Canberra), BAgSc, LLB, MusBac; 5 yrs., BE (civil, electr., mech., mining, metall., and chem.), BDS, BArch; 6 yrs., MB BS. Part of the work for the ordinary degrees of BA, BEc, BSc, BTech, LLB, MusBac and BE may be undertaken on a pt.-time basis.

**HONOURS DEGREES.** 4 yrs.—BA (classics; econ.; Engl.; French; geog.; German; hist.; Latin; maths.; philos.; pol.; psychol.; or an approved jt. course in 2 of those subjs.); BEc (comm., econ.); BSc (biochem.; bot.; chem.; genetics; geol.; mathl. phys.; maths.; microbiol.; phys.; physiol.; zool.); MusBac (both addnl. work and higher standard than for ord. degree). 5 yrs.—BAgSc (any approved branch of agric. sci.); BMedSc (anat.; biochem.; genetics; microbiol.; pathol.; pharmacol.; physiol.); BE (both addnl. work and higher standard than for ord. degree, in chem., civil, electr., mech., metall., and mining engin.); BArch, LLB (both addnl. work and higher standard than for ord. degree). No hons. degree in med. or in dent.

**HIGHER DEGREES.** MArch (not less than 1 yr. after ord. degree); MA, MEc, MSc, MAgSc (1 yr. after hons. degree or 2 yrs. after ord. degree); ME, MDS (2 yrs. after BE, BDS); LLM (2 yrs. after hons. LLB); MD, MS, MusDoc (3 yrs. after MB BS, MusBac); PhD (3 yrs. after hons. bachelor degree in agric. sci., archit., arts, econ., engin., med. sci., or sci.); LLD, DSc (4 yrs. after LLB, BDS); DLitt, DSc (5 yrs. after graduation).

**EXTERNAL DEGREES.** The univ. does not award any degree or dipl. for external studies, though in certain courses, e.g. arts, S. Australian students may, in special circumstances, be exempted from attendance at lectures in some subjs. of the degree course.

**DIPLOMAS.** Any subgrad. dipl. awarded by the univ. entitles the holder to use the letters AUA—Associate of the University of Adelaide—and, if desired, to specify the subj., e.g. AUA(Pharm).

Pharmacy, 4 yrs.; pre-primary, primary and secondary educn., each 1 yr. after graduation; music, phys. educn., soc. studies, physiotherapy, 3 yrs. Fellowship of the Elder Conservatorium

of Music (FECM) by exam. or by unanimous resolution of fac. of music for eminence as a performer. A 'final cert. in law' for admission as a practitioner in the supreme court is obtainable by articled clerks on a curriculum less extensive than that for the LL.B.; a dipl. in arts & educn. (AUA) is granted to candidates who complete prescribed work in the fac. of arts plus prescribed professl. trg. in one of the 2 recognized teachers' colls. (3 yrs.); a dipl. in pub. admin. is granted to candidates who successfully complete a prescribed course of study in the fac. of econ. and who have had at least 3 yrs.' satisfactory service in the S. Aust. public service or similar orgn.

**PUBLIC EXAMINATIONS.** The univ. conducts the 3 public exams. in general secondary educn. in S. Australia—inter., leaving and leaving honours—and the public exams. in music.

**POSTGRADUATE COURSES NOT LEADING TO A QUALIFICATION.** The postgrad. cttees. in med. and dent. organize regular postgrad. lectures by local, interstate and overseas lectrs.

**THE COMMONWEALTH SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANIZATION's** div. of mathl. stats. and div. of biochem. and general nutrition are housed within the univ. grounds and its div. of soils at the Waite Inst.—a total of about 60 scientific res. officers and their ancillary staff.

**RESEARCH.** Facilities for postgrad. res. in every subj. listed under Teaching Staff (*above*); the univ. makes annual allocation for *special* support of res. projects and postgrad. res. students; and in 1959 grants from outside sources for specific res. projects amounted to about £A169,000. A *Research Report* is published annually; copies may be had free of charge by univs. and libraries on request to the registrar.

**STUDY LEAVE.** The univ. has a special fund to support study leave, which is granted not at regular intervals of right but after consideration of all applns. for such leave in a particular yr. Study leave is granted on full salary, with £A600 for fares overseas and a daily allowance for men with family responsibilities.

**FEES.** Matric., £A3:3s.; *ad eundem statum*, £A4:4s.; admission to degrees: any degree of bachelor, whether ord. or honours, £A5:5s.; any degree of master or doctor, £A10:10s.; any dipl., and FECM, £A5:5s.; statutory annual fee, £A10:10s.; general service fee, £A6:6s. or £A3:3s.; tuition fees for degree courses in arts about £A56 p.a.; econ. about £A58 p.a.; sci. about £A93 p.a.; agric. sci. about £A84 p.a.; engin. about £A84 p.a.; law about £A63 p.a.; med. about £A95 p.a. (excl. hosp., £A40); dent. about £A90 p.a.; music about £A53 p.a.; technol. about £A75 p.a.; archit. about £A84 p.a.; dipl. courses in music, physiotherapy, phys. educn., and soc. studies, about £A63 p.a.; in pharmacy, special; Elder Conservatorium tuition about £A40 p.a.

**ACADEMIC YEAR.** Mid-March to early Dec.: 3 terms of 10, 9 and 15 wks., each lecturing term comprising 9 wks.

**ADULT EDUCATION.** Univ. bd. of adult educn. conducts extensive range of lecture, tutorial and discussion classes and study circles for adults in metropolitan area of Adelaide and is extending its work to country centres. Dir.: A. S. M. Hely, MA BCom N.Z.; Asst. to Dir.: D. W. Crowley, MA N.Z., PhD Lond.; Tutor Organizer: F. V. Bitmead, BA W.Lust.; Admin. Asst.: C. R. Lawton.

**VACATION COURSES.** Summer Sch. of Bus. Admin., organized by Dept. of Econ. (*see also* Publications *below*).

**PRINCIPAL 'OPEN' AWARDS.** About 300 commonwealth scholps. (*see* p. 12) and 60 state bursaries (for residents of S. Australia; fees plus living allowance) each yr. for undergrad. studies. Not less than 8 commonwealth postgrad. scholps. (£A700 p.a., renewable each yr. up to 4 yrs. on recommendation of supervisor). About 30 (no. varies each yr.) scholps. and fellowships (£A500–£A1200 p.a.) for postgrad. studies.

**APPOINTMENTS BOARD.** The univ. maintains a small appts. service for the benefit of jr. grads. Sec.: T. J. Somerville, BComm DipPubAdmin N.C.I.

**SERVICE UNITS.** The univ. regiment was formed in 1947 and the univ. air squadron in 1950.

**UNIVERSITY UNION.** All students proceeding to a 1st degree or a dipl. are members of the union, and all full-time students are members of the sports assocn. also. A compulsory fee of £A10:10s. p.a. covers both. The *union council* controls the refectory and the union hall and maintains the health service, which offers without charge to the student a full med. and physical exam., including X-ray, Mantoux, etc., and advice about specific treatment (if any) needed and general health matters. The *sports assocn.* provides facilities for the whole range of organized games played in S. Australia; the playing fields are situated in the park-lands near the Adelaide Oval, less than half a mile from the univ. The *students' representative council* is responsible for all other student activities associated with the union. Sec. of the union: H. Swales Smith.

**THE GRADUATES' UNION** is a constituent member of the univ. union. Hon. Sec.: L. N. Shaw, BEc Syd.

**RESIDENCE.** St. Mark's Coll. (accomm. about 105 men), fee for residence during term about £A225 p.a.; St. Ann's (about 70 women), about £A200 p.a.; Aquinas (about 90 men), about £A210 p.a.; Lincoln (about 100 men), about £A200 p.a. These colls. provide tutorial instrcn. for their students over a wide range of the subjs. taught in the univ.

## GENERAL INFORMATION

The Australian National Univ. was founded by  
an act of parliament of the Commonwealth of  
Australia in 1946. The act provided for the  
establishment in Canberra of a univ. consisting of  
a council and convocation, and grad. and under-  
grad. members. The prime function of the univ.

was to undertake postgrad. res., incl. the trg. of  
grad. students. No undergrad. members were  
enrolled until 1960 when, by amending legislation  
to the act, the Canberra Univ. Coll. became part  
of the univ. Canberra Univ. Coll. was establd. in  
1929 by an ordinance of parliament as a teaching

instn. whose undergrad. members were prepared for degrees of the Univ. of Melbourne. The emphasis on res. is maintained under the new organization, the former work of the univ. being continued in the Inst. of Advanced Studies while the work of the coll. in teaching and res. is continued in the Sch. of General Studies. The resources of the univ., whilst serving the rapidly growing needs of Canberra, will be developed to make a univ. which will be national at all levels.

**CONSTITUTION.** The council, on the incorporation of the coll., was enlarged from not more than 30 members to not more than 38 incl. the vice-chancellor, 4 members elected by parliament, up to 12 apptd. by the governor-general, up to 4 elected by convocation, 8 elected by the academic staff (of whom 2 will be dirs. of research schs. and 2 deans of facs.), and 2 by students. The sr. academic bodies are the bds. of the inst. and of the sch.; there is also a professorial bd. which includes all full profs. in the univ. and which is advisory and does not meet regularly. The bd. of the Inst. of Advanced Studies is responsible to council for matters relating to doctoral degrees and the bd. of the Sch. of General Studies for matters relating to the degrees of bachelor and master. Candidates for doctoral degrees are, however, supervised by members of either the inst. or the sch. as is appropriate. Convocation will eventually consist mainly of the council and grads. of the univ., but at the outset the opportunity was taken to add to it the chancellor and vice-chancellor and 5 other representatives of each other Australian univ. institution; following the amendment to the Australian National Univ. Act in 1960 further names have been added to convocation (in addition to all former members of council of the Canberra Univ. Coll., members of staff, and grads. of 3 yrs.' standing who obtained a degree through the Coll.) including members of parliament who have degrees and members of learned societies.

**INCOME (1959).** Running expenses of *Inst.*: £A1,580,548 (commonwealth govt. grants, 96·3 per cent.; rentals, 3·3 per cent.; fees and sundries, 0·4 per cent.). Commonwealth govt. grants for capital works, £A731,350. *Sch.* (1959): £A465,650 (commonwealth govt. grants, 91 per cent.; fees, 5 per cent.; other, 4 per cent.).

**UNIVERSITY PRECINCT.** The univ. site consists of 370 acres of well-situated land in the Canberra district of Acton. The first permanent bldg. erected was the lab. of the Res. Sch. of Phys. Scis. University House, which provides collegiate accomm. for about 130 single staff members and grad. students, was opened in 1954. The permanent labs. for the John Curtin Sch. of Med. Res. were completed in 1956, and a start has been made with the res. library bldg. Plans are in hand for a permanent bldg. for the Res. Schs. of Soc. Scis. and Pacific Studies. In 1956 Mount Stromlo observatory was transferred from the Commonwealth to the univ. and is now the dept. of astron. The observatory is 9 miles from the

city. Up to 1960 the Canberra Univ. Coll. was housed in temp. quarters. The coll. occupied its first permanent bldg. in June 1960, to accommodate arts depts. and a phys. bldg. and a hall of residence planned by the coll. are expected to be ready early in 1961 for the Sch. of General Studies. Tenders for a chem. bldg. will be called for shortly; bldgs. for bot., geol. and zool. were at the design stage in 1960.

**LIBRARIES.** Inst. libr.: 130,000 bound vols., and about 24,500 vols. in oriental collection. General studies libr.: 68,000 vols. incl. oriental collection of 21,000 vols.

**INSTITUTE OF ADVANCED STUDIES.** As was contemplated by the act of 1946, the univ.'s activities were in the first instance concentrated on the 4 res. schs. named in the act—the John Curtin Sch. of Med. Res. (named after Australia's war-time prime minister), and Res. Schs. of Phys. Scis., Soc. Scis. and Pacific Studies. It is intended that each sch. should be led by a dir., but the responsibility for the organization of the work of particular depts. within the schs. will rest with their professorial hds. Dirs. have been apptd. in 3 schs., but in the John Curtin Sch. of Med. Res. a dean is apptd. In addition to the dirs. and profs. the staff comprises permanent readers, sr. fellows and fellows, and short-term sr. res. fellows and res. fellows. The univ. seeks to provide members of staff with the most favourable conditions for res. They have their whole time available for res., their teaching and admin. duties being of a quite minor kind. They have opportunities to move about among their colleagues in Australia and the permanent staff has generous provision for study leave.

**THE SCHOOL OF GENERAL STUDIES** is largely concerned (apart from the res. interests of its staff) with undergrad. teaching, although the staff, together with the staff of the inst., supervises students for higher degrees. There are four facs.—arts, econ., law and sci.—each with a dean and a fac. bd. Within the fac. of arts there is a sch. of oriental studies which provides courses in the Bahasa Indonesia, Chinese and Japanese langs., and in oriental civilization.

**ADMISSION AND DEGREES.** Each dept. of the res. schs. of the *inst.* accepts a small no. of grad. res. students of first-class calibre, the general minimum entrance qualif. being a good hons. degree from a recognized univ. and evidence of capacity for res. Each student is assigned to a supervisor and pursues a course of res. under supervision. Subject to certain conditions, the student may proceed to the PhD degree (normally after 3 yrs.' work) or an MA or MSc (usually after 2 yrs.' work). The univ. also confers the degrees of DLitt, DSc and LLD for distinguished work in appropriate fields published by persons with a real connection with the univ.

For admission to the *sch.*, see Appendix II.

Non-members of the univ. may, at the discretion of the hd. of the appropriate dept. in the

Sch. of General Studies, be admitted to ord. lectures at a reduced fee which does not admit to exam.

**FIRST DEGREES.** 3 yrs.—BA pass (4th yr. for hon.), BEc pass (4th yr. for hon.), BSc pass (4th yr. for hon.); 4 yrs.—LLB (pass or hon.). First degrees, except sci., can be taken on the basis of pt.-time attendance at the sch.

**HIGHER DEGREES.** MA, MEc, LL.M, MSc (2 yrs., exam. and thesis for pass grads.; 1 yr., and thesis for hon. grads.). For PhD, see above.

The univ. does not award EXTERNAL DEGREES.

**STUDY LEAVE.** Profs. of the inst. may take a yr.'s study leave with full salary in each 4 yrs. of service, readers and sr. fellows in each 6 yrs. of service and fellows in each 7 yrs. of service. Substantial travel allowances granted. In the sch., full-time members of academic staff are eligible for 1 yr. on full pay after 6 yrs.' service. The sch. also has a scheme of financial assistance towards study leave.

**FEES.** *Inst.*: £A52:10s. (covers all charges except board and residence). *Sch.*: matric. fee, £A2:2s. Degree courses (per unit): arts and econ. subjs., £A21; law subjs., £A11:5s. to £A21; sci. subjs., £A22:10s. (1st yr.), £A36 (2nd yr.), £A48 (3rd yr., except chem. and phys., £A96).

**ACADEMIC YEAR.** Early March to early Dec.; 3 terms of 10, 9 and 14 wks. (*Inst.*); 4 terms of 10, 9, 6 and 6 wks. (*Sch.*)

## GENERAL INFORMATION

The univ. was founded in 1853 by an act of the Victorian legislature and declared open in 1855. Schs. of law and med. were establd. in 1857 and 1862 respectively. The ceremonial Wilson hall (destroyed by fire in 1952) was opened in 1882, a yr. after women students were first admitted ; the new hall was opened in 1956. Residential colls. were establd. as follows : Trinity, 1872 ; Ormond, 1881 ; Queen's, 1888 ; Newman, 1919. The conservatorium of music was opened in 1895 and the coll. of dent. affiliated with the univ. in 1904. A yr. later schs. of dent. and agric. were establd. By 1920, 2000 students were attending the univ., and during the ensuing

10 yrs. schs. of arts, anat., bot. and geol. were built and the univ. press establd. In 1933 the univ.'s first salaried vice-chancellor was apptd., previous holders of that office having acted in an honorary capacity. 1937 saw the establ. of Union House, a recreation centre for students, and the opening of Univ. Women's Coll., to which major extensions were made in 1952. Chcm. and comm. bldgs. were opened in 1939. During the second world war the univ. became a centre of technical trg. and res. In 1947 enrolments had risen to 9100, and a branch was opened at Mildura for 1st-yr. students in certain sci. facs. ; this branch was closed in 1949. Twenty-four new chairs

were created in the yrs. 1945-58, a second arts bldg. was opened in 1949 and 2 new floors added in 1956. The Beaurepaire centre for phys. educn. has recently been completed. The first 2 floors of the Russell Grimwade sch. of biochem. were occupied in 1958 and the Baillieu library was opened in March 1959. Following the adoption by the fed. govt. of the recommendations of the Murray report, some 136 new staff appts. have recently been made.

**CONSTITUTION.** The honorific offices are those of chancellor and dep.-chancellor (elected annually by council from among its members); they are assisted by the chief executive officers, viz. the vice-chancellor, registrar and accountant, and their staffs. The council is composed of 33 members—10 elected by grads.; 4 reps. of the teaching staff, 2 of affiliated colls., 2 of undergrads.; 8 apptd. by the govt. (3 being members of parliament, the others representing business interests and technical schools); 4 *ex officio*; 1 nominated by the council of Monash Univ.; and 2 co-opted members. Convocation (the body of grads.) elects a standing cttee. with certain legislative and advisory functions. There is a professorial bd., and individual courses are controlled by facs. and bds. of studies.

**INCOME (1958).** £A3,227,870 (state govt. grants, 35.2 per cent.; commonwealth govt. grants, 28.6 per cent.; students' fees, 20.9 per cent.; pub. exam. and cert. fees, 3.9 per cent.; interest and non-capital donations, 7.8 per cent.; other income, 3.6 per cent.).

**FACULTIES AND DEANS (1960).** *Agric.*, Prof. H. C. Forster; *archit.*, Prof. B. B. Lewis; *arts*, Prof. E. R. **UNIVERSITY PRECINCT.** The univ. occupies 66 acres to the north of the city (40 acres adjacent to this area are vested in the 4 affiliated colls.). The master-plan for future devel. of the campus proper provides for new multi-storey bldgs. on the periphery, to retain the wide grassed areas in the centre of the campus. Other aims are: the conversion of several existing bldgs.; the demolition of obsolete bldgs.; the transfer of the med. school diagonally across the campus to the S.W. corner; and the control of parking and traffic problems in the grounds. A 12-storey bldg., being erected in the N.W. corner, is intended to house the depts. of psychol. and educn. and to act as a temp. home for other depts.

**ADMISSION.** See Appendix II.

**NON-MEMBERS OF THE UNIVERSITY** are not admitted to classes.

**PUBLIC EXAMINATIONS.** The univ. through its schools bd. holds sch. inter. and sch. leaving exams. throughout Victoria annually. Pupils of certain secondary schs. (approved after inspection) may obtain credit on headmaster's cert. without sitting for external exam. The matric. exam. (1 yr. after sch. leaving) is held for pupils seeking to enter the univ. Sp. provision exists for matric. of adults. See also Appendix II.

**FIRST DEGREES.** 3 yrs.—BA (ordinary), BSc (ordinary), BScF, BCom (ordinary); 4 yrs.—BA (hons.) [more intensive than ord. degree: students take either 1 or 2 of the following hons. schs.: classical studies, econ., Engl. lang. & lit., fine arts, French lang. & lit., geog., Germanic langs., hist., hist. & philos. of sci., mathl. statistics, maths., philos., pol. sci., psychol., Russian lang. & lit., Semitic studies], BSc (hons.) [after completion of 3 yrs.' study required for ord. degree, hons. students proceed to 1 yr's. res. in either 1 or 2 of the following schs.: biochem., bot., chem., engin., geol., metall., microbiol., pharmacol., phys., physiol., psychol., zool.], BCom (hons.), I.I.B. pass, hons., MusBac, BE (in agric. engin., civil, mining, metall., electr., mech. and chem. engin.), BSurv, BAgSc (incl. 1 yr. at an approved agric. coll.), BBldSc; 5 yrs.—BArch, BDS; 6 yrs.—MB BS. The univ. is prohibited by act of parliament from conferring degrees in div.; degrees of BD and DD are conferred by the Melbourne Coll. of Divinity (non-univ.).

The BA and BCom (incl. accty., etc.) courses are the only degree courses which can be completed on a pt.-time basis.

**HIGHER DEGREES.** Open to bachelors of 1 yr.'s standing—MAgrSc, LLM, MEngSc; 2 yrs.—BEd, MSc (in some cases, 3 yrs.), MScF, MD, MS, MDSc, MVSc; 3 yrs.—MED, ME, MusDoc, DVSc; 4 yrs.—DSc, LLD, DDSc; 5 yrs.—DEng, MArch, MGO, DArch; 7 yrs.—LittD. The MA and MCom are open to bachelors (hons.) of 1 yr.'s standing and bachelors (ord.) of 2 yrs.' standing. The BEd course can be taken after graduation in any other fac. The PhD degree can be taken in all facs. Standing required before admission to PhD course varies according to the fac. in which prior degree was taken. Courses of med. postgrad. study arranged by sp. cttee. on which univ. is represented.

The univ. does not award EXTERNAL DEGREES.

**DIPLOMAS.** DPH, open to med. grads. of Melb. and persons qualified for registration as med. practrs. in U.K., 12 mos.; ophthalmol., laryngol. & otol., gynæcol. & obstet., therapeutic radiol., diagnostic radiol., anaesthetics and psychol. med. (DO, DLO, DGO, DTR, DDR, DA, DPM), open by exam. to med. grads. of 3 yrs.' experience in practice. Dietetics (DipDiet), 1 yr. following BSc or BAgSc course; DipEd, 1 yr. following graduation in any other fac.; journalism, phys. educn., pub. admin., town and regional planning (DipJourn, DipPhysEd, DipPubAdmin, DipTRP), 2 yrs.' undergrad. study; music, soc. studies (DipMus, DipSocStud), 3 yrs.' undergrad. study; DipAgr, DipArchDes, 4 yrs.' undergrad. study.

**RESEARCH.** Facilities for postgrad. res. or advanced study in all depts. Details of recent and current res. activities publ. annually in *Report of Res. & Investigation* and *Discovery* (see 'Publications' para., below).

## GENERAL INFORMATION

Monash Univ., which has been named after Sir John Monash, a distinguished Victorian soldier and engineer, was establd. by the govt. of Victoria in 1958 to meet the pressure on the Univ. of Melbourne of a rapidly growing population of young people. A permanent council will be apptd. in 1961 but prelim. plans have been made by an interim council of 25 persons widely representative of academic and professl. life in Victoria which apptd. consulting architects to advise on the development of the 250-acre site at Clayton, a suburb some 12 miles east-south-east from the city of Melbourne. Instrucn. begins in 1961 in facs. of arts, econ. & pol. sci., engin. (civil, mech., electr., chem.), med., and sci., involving initially the disciplines of Engl., hist., mod. langs., philos., econ. & pol. sci., biol., chem., maths. and phys. Units of 2nd-yr. grade, incl. those needed for the courses of 2nd-yr. med. and engin., will be added in 1962. Higher degrees are offered from inception. The plans provide for completion by 1968, when Monash is expected to have some 8000 students, and a 3rd univ. will be required.

Minimum entrance requirements will be similar to those applying at the Univ. of Melbourne except that there will be no fac. prerequisites.

The consulting architects' plan provides for the siting of the various buildings in the form of a splayed 'U', the open end of which faces eastwards towards the distant Dandenong Ranges. The bldgs. will be on the more elevated portion of the grounds, and areas for residential colls., providing accomm. for some 4000 students, have been reserved in the S.E. and N.E. corners. There will be space for sports grounds between the 2 residential areas. The sci. bldgs., which will provide the accomm. needed for the whole univ. in 1961, are now being erected at the W. end of the site. Architects have been apptd. for the arts, engin. and med. schs. and for the admin. bldg.

It is expected that the bldg. programme will extend over some 10 yrs. and cost more than £A20,000,000, exclusive of the hosp. Finance is being provided by the Victorian state and Australian federal govts.

## GENERAL INFORMATION

In 1938, at the request of the citizens of northern N.S.W., the New England Univ. Coll. was establ. as a branch of the Univ. of Sydney. The coll. thus became the first experiment in univ. decentralization in Australia. Teaching began in 1938 in the fac. of arts with an enrolment of 19 and in the fac. of sci. the following yr.

In 1953, following representations over a number of yrs., the Univ. of New England was establ. by act of the N.S.W. parliament and granted autonomy from Feb. 1, 1954.

**CONSTITUTION.** The univ. consists of the council, convocation, postgrad. and undergrad. students. The governing authority of the univ. is the council, which consists of 6 members apptd. by the governor, the director general of educn. of N.S.W., the principal of the Armidale Teachers' Coll., the vice-chancellor, 4 reps. of the teaching staff, 6 elected by convocation, one by undergrads. and 4 by members of council. The chancellor, who is elected by council, is the head of the univ., and the vice-chancellor is the chief executive officer. The sr. academic body of the univ. is the bd. of studies, which consists of the vice-chancellor, profs. and hds. of depts.

**INCOME (1959).** *For general univ. purposes:* £A865,013 (commonwealth govt., 15 per cent.; state govt., 66 per cent.; residential fees & sale of farm products, 11 per cent.; tuition fees, etc., 8 per cent.). *For bldgs., etc.:* state govt., £A300,000, commonwealth govt., £A435,600.

**FACULTIES AND DEANS.** *Agric. econ.,* Prof. J. N. Lewis; *arts, . . . ; sci.,* Dr. F. H. Hibberd (phys.); *rural sci.,* Prof. G. L. McClymont.

**UNIVERSITY PRECINCT.** The univ. site consists of some 1300 acres 3 mls. from Armidale, and includes a 400-acre farm. The original bldg. on the site, 'Boooloominbah', an old country homestead, provides a headquarters for the admin. staff and a coll. dining room. A mod. union bldg. has been built together with a temp. library, teaching and lab. blocks.

**LIBRARY.** Dixon library: about 76,000 vols.; subscribes to 1500 periodicals. Addl. 14,000 vols. (for use of external students) housed in pub. libr. of New South Wales, Sydney.

**LABORATORIES.** *Agric. econ., bot., chem., geol., phys., rural sci., zool.*

**FIELD STATION** for res. into properties of the ionosphere. In the univ. grounds are the labs. connected with a large C.S.I.R.O. field res. stn. of 4500 acres situated about 10 mls. from Armidale. The **UNIV. FARM** of 400 acres provides facilities for field studies connected with the fac. of rural sci.

The **ARMIDALE TEACHERS' COLLEGE** provides facilities for teacher trainees who are undertaking univ. courses and for grads. who are pursuing the dipl. in educn. course.

**ADMISSION.** See Appendix II.

**NON-MEMBERS OF THE UNIVERSITY.** Anyone wishing to attend univ. lectures may do so upon payment of such fees as the council may from time to time direct, provided that any such person must obtain the approval of the fac. concerned before attending lectures and (if at time of entry he is qualified to do so) he matriculates.

**FIRST DEGREES.** 3 yrs.—BA pass, BSc pass; 4 yrs.—BA hons., BSc hons.; BRurSc pass, hons.; BA GEc pass, hons.

**Main specializations for first degrees.** *Arts:* classics, Latin, Greek, econ., educn., Engl., French, German, geog., hist., maths., philos., psychol. *Sci.:* bot., org. chem., phys. chem., geog., geol., maths., phys., zool. *Rural sci.:* physiol., livestock husb., nutrition & chem. pathol., agron., biochem., genetics, pathol. & livestock health. *Agric. econ.:* farm management, marketing & distribution, econ. stats., econ.

The lecture time-table is so arranged that evg. students may study pt.-time and complete a BA degree.

**HIGHER DEGREES.** MA—3 yrs. from BA pass, 2 yrs. from BA hons.; MSc—1 yr. from BSc hons., 2 yrs. for grads of other univs.; MRurSc—1 yr. from BRurSc; MAGEc—2 yrs. from 1st degree; PhD—available in all facs. 3 yrs. from 1st degree; DLitt—8 yrs. from 1st degree; DSc—awarded for substantial and original contribution to knowledge and understanding of a subj. within scope of fac. Grads. of other univs. are required to have at least 2 yrs.' assocn. with the univ. before presenting a thesis for a higher degree.

DLitt and DSc also awarded as honorary degrees.

**EXTERNAL TUITION.** Courses leading to BA pass degree are offered by correspondence, but only persons resident in N.S.W. who cannot attend a local univ. (Sydney, Newcastle, Canberra, Armidale) can be considered for external enrolment. External courses leading to DipEd (Secondary Teaching) and DipEdAdmin offered to grads. resident in N.S.W.

**DIPLOMAS.** DipEd (1 yr. for internal students, 2 yrs. for external students); offered internally in secondary, primary or infants teaching and externally in secondary teaching or admin. of educn. DipEdAdmin (external only, 2 yrs. postgrad.).

**RESEARCH.** The usual facilities for postgrad. res. are provided in the various depts.

**STUDY LEAVE.** 1 yr. on salary after completion of 6 yrs.' service for full-time members of teaching staff.

**FEES.** Matric., £A3; degree courses in arts: (pass, 3 yrs.) £A276, (hons., 4 yrs.) £A327; degree courses in sci.: (pass, 3 yrs.) £A366, (hons., 4 yrs.) £A436, (pass, 4 yrs.) £A388; degree courses in rural sci.: (pass and hons., 4 yrs.)

Atomic Energy Commission postgrad. studentships.

STUDENT RESIDENCES. The univ. is completely residential. All internal students are required to live in univ. colls. or residences except those who live in Armidale with their family or guardian. At the 4 colls. within the univ. (see p. 57), there is accomm. for 594 students (Duval Coll., 122 women ; Mary White Coll., 96 women ; Robb Coll., 192 men ; Wright Coll., 184 men). Full board and lodging in colls. or residences costs £A140 per academic yr. and £A5 per wk. out of term.

STAFF RESIDENCES. The univ. has a small no. of furnished houses available for rent by new staff for short periods. Finance available on mortgage to full-time academic staff and other approved members through the univ. bankers to buy or build a house (max. advance : 90 per cent. of valuation).

UNIVERSITY MILITARY FORMATION. 'D' Co. of the Sydney Univ. Regiment is recruited at the univ.

STUDENT HEALTH SERVICE. Each student is required to contribute £A8 : 8s. 9d. yearly to a med. fund which entitles him, under certain conditions, to free med. treatment while in residence.

SPORT. An active sports union provides for all major sporting activities. The Consett Davis memorial playing fields provide for football, hockey, tennis, baseball and basket-ball.

THE STUDENTS' REPRESENTATIVE COUNCIL is elected from and by students to speak and act on their behalf in matters involving their relationship with other members and bodies of the univ.

UNION. T. R. Forster memorial union, completed in 1956, provides reading rooms, common rooms, cafeteria, etc., for students and staff ; post office, savings bank agencies and shopping facilities available. Governed by a bd. of management representing staff and students.

GENERAL INFORMATION. Under the terms of its act of incorporation the univ. has power to establish colls. within the state of N.S.W. and under this power establd. Newcastle Univ. Coll. in Dec. 1951. The govt. of the coll. is vested in the council of the univ. A bd. of studies consisting of the sr. members of the academic staff of the college supervises the teaching and examining of courses at Newcastle and is responsible to the professorial bd. and the council of the univ.

The coll. provides a wide range of the univ.'s degree courses in various scientific and engin. fields, and also offers courses in comm., archit. and arts. Under an arrangement with the Univ. of New England courses in arts were first offered at Newcastle in 1954 leading to the BA degree of the Univ. of New England. In 1958 amending legislation gave the Univ. of New South Wales power to confer degrees in arts and from 1959 students at Newcastle work for the BA degree of this univ.

Enrolments at Newcastle, 1959 : 977 (incl. 252 arts students and 35 students studying for res. degrees).

## GENERAL INFORMATION

The univ. was incorporated by act of the N.S.W. parliament on July 1, 1949—initially under the name of 'The N.S.W. Univ. of Tech-

nology'—to meet the increasing demand in Australia for grads. in scientific and technol. fields. In 1958 these original objectives were

extended by the Univ. of N.S.W. Act, 1958, which gave the univ. power to conduct courses and res. and award degrees in the fields of med. and humane studies and in such other fields as the council may from time to time determine. Courses for the BA degree were first offered in 1960, and the univ. plans to provide the 1st yr. of a med. course in 1961.

The univ. from its inception has provided courses in the traditional fields of scientific educn. and has built up schools in engin. and in the physical and mathl. scis. On this foundation the univ. has in recent yrs. extended its activities into such specialized technol. fields as wool technol., textile technol. and highway and traffic engin. Most of the univ.'s degree courses are available on both a full-time and a pt.-time basis. The first coll. of the univ. was establd. at Newcastle in 1951 (see p. 64). Instrucn. in the early stages of some of the pt.-time degree courses is also given in the country centres of Wollongong, Broken Hill and Orange, where the univ. uses the bldgs. of the dept. of technical educn. to accomm. its own academic staff and equipment.

**CONSTITUTION.** The univ. is governed by a council of 36 members representing the state parliament, industrial, commercial and agricultural bodies, employee organizations, tech. educn., professl. orgns., the Univ. of Sydney and the univ.'s own academic staff and its undergrads. and grads. The professorial bd. is the main academic body of the univ. There are 7 facs. whose membership is made up of the sr. members of the constituent schs.

**INCOME (1959).** Operating, £A2,392,597 (state parliament grants, 63.8 per cent.; commonwealth parliament grants, 22.6 per cent.; fees & contributions from industry and other sources, 13.6 per cent.). Also in 1959 the state parliament provided £A767,671 and the commonwealth parliament £A374,835 to meet capital expenditure on bldgs. and equipment. In addition contributions from industry, comm. and other sources towards sp. res. and other purposes amounted to £A436,447.

**FACULTIES AND DEANS (1960).** *Appl. sci.*: Prof. R. H. Myers (metall.); *archit.*: Prof. F. E. Townsend; *arts*: Prof. M. S. Brown (sociol.); *comm.*: .....; *engin.*: Prof. A. H. Willis (mech. engin.); *med.*: Prof. F. F. Rundle (surg.); *sci.*: Prof. J. F. Clark (appl. psychol.).

**UNIVERSITY PRECINCT.** The main site of the univ. is in the Sydney suburb of Kensington where the original area of 70 acres has recently been enlarged to 95 acres with the acquisition of an adjoining golf course. Development at Kensington has reached the stage where all of the univ.'s schs. except electr., mech. and civil engin. are located on this main site. The engin. schs. are at present located in the grounds of the Sydney Tech. Coll. but plans are well advanced for their accomm. at Kensington. The 1st bldg. of the med. sch. is being erected on the golf course area.

**LIBRARY.** Central libr. at Kensington and jt. collections in univ. coll. and tech. coll. libr. used by staff and students. Univ. holdings in all collections: 110,123 vols.

**LABORATORIES.** In addition to teaching labs. in the sci. and engin. schs. there are a no. of specialized labs. including a Radiochemical Res. Lab., the UTECOM Computing Lab. and, at Manly Vale, the Water Res. Lab.

**ADMISSION.** See Appendix II.

**ADMISSION OF NON-MEMBERS.** With the approval of hd. of sch. concerned, unmatriculated students may attend classes and take exams., but such study cannot be counted as meeting the requirements for a degree.

**PUBLIC EXAMINATIONS.** See Appendix II.

**FIRST DEGREES.** 3 yrs.—BA pass (4th yr. for hon.), BSc pass (4th yr. for hon.) (gen. sci.), BCom pass (4th yr. for hon.) (accty., appl. psychol., indust. relns., econ., stats.); 4 yrs.—BBuild, BSc pass, hon. (appl. chem., appl. phys., fuel technol., indust. arts, metall., wool technol., textile technol.), BSc pass (5th yr. for hon.) (chem., engin., food technol., plastics and rubber technol.), BE pass, hon. (civil, electr., indust., mech., mining engin., appl. geol.), BSurv, BCom pass, hon. (wool comm.); 5 yrs. (pt.-time)—BSc pass (6th yr. for hon.) (appl. psychol.); 6 yrs.—BArch pass, hon.; 7 yrs. (pt.-time)—BSc pass, hon. (opt. sci.); BE pass (naval archit.). A no. of courses leading to the degrees of BSc, BE and BCom may be taken by pt.-time attendance. In general these courses extend over 6 yrs. (pass) and 7 yrs. (hons.). Candidates for pass degrees. Many of these pt.-time BE and BSc courses will be gradually replaced from 1961 by 6-yr. pt.-time courses for the new degree of BSc(Tech), pass only. Courses for this degree are being introduced in aeron., chem., civil, electr., indust., mech. and radio engin., food technol., indust. chem., metall. and naval archit.

Full-time and pt.-time courses leading to degrees in arts, comm., engin. and sci. are conducted at Newcastle Univ. Coll. (see p. 64).

In all undergrad. courses a certain amount of time is devoted to the study of subjs. of a gen. educnl. character outside the student's particular field. Students in facs. other than arts take courses in the humanities and soc. scis., while arts students take 2 courses in scientific subjs. A 2nd feature is the inclusion of periods of practical trg. in industry as an essential part of the scientific and technological courses to supplement the lab. and lecture room work.

**HIGHER DEGREES.** *Research degrees*: MSc, ME, MArch, MCom, at least 2 yrs. from bachelor's degree of this or other approved univs. Candidates for these degrees may register either as full-time or pt.-time students or as students working externally to the univ. Under certain conditions grads. may submit theses for the award of MSc or ME without supervision; PhD (avail-

able in facs. of appl. sci., archit., comm., engin. & sci.), at least 3 yrs. from bachelor's degree with hon. or equivalent from this or other approved univs. DSc (also honorary) in facs. of appl. sci., engin. or sci., 5 yrs. or more from 1st degree. *Degrees with formal instructn.*: MTech (available in facs. of engin. & technol.), 1 yr. full-time, 2 yrs. pt.-time (chem. engin., concrete structures, highway engin., hydraulics & hydrol., nuclear engin., structural analysis, traffic engin.); MHA, 3 yrs. (1 yr. at univ., 2 yrs. admin. experience in hosps.).

**DIPLOMAS.** *Postgraduate.* Food technol., highway engin. & wool technol., open to grads. in appropriate fields, 1 yr. full-time, 2 yrs. pt.-time. Librarianship, 2 yrs. pt.-time. Educn. (DipEd), at Newcastle Univ. Coll.

*Undergraduate.* The univ. since 1951 has provided the instructn. in dipl. courses in fields of comm., engin., sci. and technol. leading to the N.S.W. dept. of tech. educn.'s dipl. award (A.S.T.C.). Commencing in 1961 these courses and the dipl. will gradually be withdrawn and replaced by 6-yr. pt.-time degree courses leading to the univ.'s new pass degree BSc('Tech).

Dipl. in sociol. (3 yrs. pt.-time).

At the Broken Hill division of the univ., dipl. courses leading to associateship of the univ. are offered in mech. engin., metall., minerals technol. and mining engin. (5 yrs. pt.-time).

**SPECIAL POSTGRADUATE COURSES.** In addition to courses leading to a higher degree, the univ. presents series of lectures designed to keep grads. in touch with latest devels. in their respective fields. Less intensive courses on specific technol. problems are given to personnel in industry.

**FEES.** Payable by all students: students' union and sports assocn. membership, £A3 p.a.; library fee, £A5 p.a. Undergrad.: matric., £A3; graduation, £A3; full-time course fee (except comm. and arts), £A120 p.a.; pt.-time course fee, £A60 p.a.; comm. full-time and pt.-time course fees, £A60 p.a.; arts course fees, (pass) £A27 p.a. per subj., (hons.) £A33 p.a. per subj. DSc: £A31; 10s. PhD: registration, £A2; graduation, £A21; supervision, £A30 p.a. MSc, ME, MArch, MCom: registration, £A2; graduation, £A15; internal students, full-time, £A30 p.a., pt.-time £A15 p.a.; external students, £A10 p.a. MHA: registration, £A2; graduation, £A3; course fees, 1st yr., £A120, 2nd yr., £A30, 3rd yr., £A30. MTech and grad. dipl.: registration, £A2; graduation, £A3; course fee, term payment of £A2 multiplied by no. of weekly hrs. of instructn. involved.

**ACADEMIC YEAR.** Mar. to Nov., 3 terms of 10 wks. each.

**STUDY LEAVE.** Academic and sr. admin. staff, one yr. after 6 yrs.' service, or in the case of profs., 6 mos. after 3 yrs.' service. Provision is made for special cases.

**PRINCIPAL 'OPEN' ENTRANCE SCHOLARSHIPS.** (For candidates reading for a first degree.) Commonwealth scholps. (see p. 12): awarded by cwth. govt., fees & living allowance, all facs. Jt. Coal Bd. & Aust. Coal Assocn. (Res.), Ltd.: £A300-£A500 p.a. plus fees for 4 yrs. in electr., mech. or mining engin., or fuel technol. The John Heine: £A100-£A150 p.a. for final 2 yrs. in mech., electr. or chem. engin., appl. chem. or metall. Wool Industry scholps. in wool technol.: £A500 p.a. for 4 yrs. Wool Res. Trust Fund (6): £A400 p.a. for 4 yrs. in text. technol. or wool technol. Text. industry scholps. in text. technol.: £A500 p.a. for 4 yrs. Food technol. scholps.: £A400 p.a. for 3 or 4 yrs. Colonial Sugar Refining Co. Ltd. scholp. in comm., £A600 p.a. for full-time study.

**POSTGRADUATE FELLOWSHIPS, ETC.** I.C.I.A.N.Z. res. fellowship for British Commonwealth grads., £A1100 p.a. for 2 yrs. for study in fields related to interests of I.C.I.A.N.Z.; Consolidated Zinc Metall. scholp. for graduates in metall., £A600 p.a. for 1-3 yrs. for res. in the industry with which the co. is associated; Australian Atomic Energy Commission res. studentships, £A700 p.a. for 1-3 yrs.; Australian Inst. of Nuclear Sci. and Engin. res. studentships, £A800-£A1500 p.a. for 1-3 yrs.; General Motors-Holden's res. fellowships, £A800-£A1200 p.a. for 1-3 yrs.; atmospheric pollution res. fellowships, £A1000-£A1300 p.a. for 1-3 yrs.; Commonwealth postgrad. awards (see p. 12), £A700-£A900 p.a. for 1-4 yrs.

**RESIDENCE.** Accom. is provided at Kensington in Basser Coll. for 200 men students in residence. Tutorial assistance available for resident students. (Address: Box 24, P.O. Kensington.)

**UNIVERSITY REGIMENT.** Establd. in 1951, the univ. regiment is organized as an infantry bn. with an establt. of 35 officers and 805 other ranks. It consists of Bn. H.Q. (2 platoons), support coy. (4 platoons) and 4 rifle coys. C.O.: Lt.-Col. K. V. Kesteven, MC.

**GENERAL INFORMATION**

The univ. was establ. by an act of the state legislature in 1909 and teaching in the facs. of arts, sci. and engin. commenced in 1911. Other facs. establ. were: comm. 1926; agric. 1926; law 1930; dent. 1935; vet. sci. 1936; med. 1936; archit. 1948; educn. 1948. Provision for external students has been made since 1911.

The move from the temp. bldgs. to the permanent site at St. Lucia was planned in 1936 but as a result of war-time delays the transfer began only in 1949.

Enrolments first reached the following levels in the years indicated: 1000 (1934), 2000 (1945), 3000 (1946), 4000 (1948), 5000 (1956), 6000 (1958), 7000 (1959), 8000 (1960).

In 1961 the Univ. Coll. of Townsville will provide 1st-yr. classes in the facs. of arts, sci. and engin.

The univ. serves the state of Q'ld. (pop. 1,441,000; area 667,000 sq. mls.) and enrolls

external students from adjacent commonwealth territories.

CONSTITUTION. The governing body, the senate, consists of 27 members, 14 apptd. by the state govt., 9 elected by the univ. council (consisting of all grads., all teaching staff, benefactors, etc.), 3 *ex-officio* members (the dir.-general of educn., vice-chancellor and the pres. of the prof. bd.) and a rep. of the staff assocn. A full-time vice-chancellor is the exec. officer of the senate and the chief admin. officer of the univ.

INCOME (1960). £A2,219,000 (state govt., £A910,000; commonwealth govt., £A691,000; fees, £A465,000; other, £A153,000).

## GENERAL INFORMATION

Founded in 1850, the Univ. of Sydney is the oldest univ. in Australasia. Its devel. has been largely due to private benefactions. The act of incorporation provided for the appt. of a senate of 16 fellows (later increased to 26) and a statutory grant of £A5000. The first provost and vice-provost (later entitled chancellor and vice-chancellor) were elected the following yr., and the first 3 profs. arrived in Sydney from the U.K. in 1852, the yr. of the univ.'s inauguration in the Sydney coll. bldgs. (now occupied by Sydney Grammar Sch.) in College St. These bldgs. proved to be inadequate, and the state govt. made a grant of land at Grose farm on the western boundaries of the city, with provision for subgrants by the senate for 4 colls. and for subsidies towards the coll. bldgs. and the salaries of their hds. The univ. was transferred to this, its present site, in 1857. St. Paul's College (C. of E.) was establd. in 1854. St. John's (R.C.) in 1857. St. Andrew's (presb.) in 1867, the Women's College (undenominational) in 1889, Wesley College (methodist) in 1910 and Sancta Sophia College (R.C. women) in 1929. All were built on univ. land and subsidized on equal terms.

Most of the univ. bldgs. have been provided from public funds. The Great Hall, a replica of Westminster Hall, London, was opened in 1859 and the main bldg. completed the following yr.

The univ. was granted a royal charter in 1858. Women were admitted to membership of the

univ. in 1881 and were given the same rights as men 3 yrs. later.

CONSTITUTION. The body politic and corporate of the Univ. of Sydney consists of a senate constituted of 4 fellows apptd. by the governor, 1 elected by the legislative council, 1 by the legislative assembly, 10 by the grads., 3 by the fellows, 1 the vice-chancellor of the time, 5 rep. of the teaching staff, 1 (a grad.) rep. of the undergrads. The chancellor and deputy-chancellor are elected by the senate from its own members. The chancellor or, in his absence, the deputy-chancellor, presides at all meetings of the senate; if both are absent, a chairman is elected by the fellows. The entire management of the affairs, concerns and property of the univ. is controlled by the senate, which makes the by-laws and regns. subject to approval of the governor, who is the visitor to the univ. No religious test is administered to any person.

There is a professorial board to further and co-ordinate the work of the facs. and depts. and encourage scholarship and res. The faculties are responsible for supervision of teaching and conduct of exams. The proctorial board may, on reference by the vice-chancellor, impose penalties for breach of discipline or misconduct by students.

INCOME (1959): £A3,061,427 (state govt. grants, 45 per cent.; commonwealth govt. grants,

24 per cent.; fees, 26 per cent.; endowments, 2.5 per cent.; other sources, 2.5 per cent.).

**FACULTIES AND DEANS (1960).** *Agric.*, Prof. J. R. A. McMillan; *archit.*, Prof. H. I. Ashworth; *arts*, Prof. A. J. Dunston (Latin); *dent.*, Prof. A. J. Arnott (operative dent.); *econ.*, Prof. S. J. Butlin; *engin.*, Prof. J. W. Roderick (civil engin.); *law*, Prof. K. O. Shatwell; *med.*, Prof. F. R. Magarey (pathol.); *sci.*, Prof. T. G. Room (pure maths.); *vet. sci.*, Prof. H. R. Carne.

**UNIVERSITY PRECINCT.** A prelim. devel. plan has been completed, incorporating proposals for the period 1961-69 for the univ. precinct and an area of about 40 acres nr. the existing grounds which the univ. expects to acquire. Further sites have been purchased in this area, the largest being a 5½-acre site with a substantial bldg. which, it is expected, will become available to the univ. in 1962 and a factory bldg. of 81,000 sq. ft. which is being progressively taken over for univ. service functions.

The **UNIV. LIBRARY**, 567,401 vols., consists of the Fisher libr. and its 3 branches together with 52 depl. libr.: *agric.*, 4147; *archit.*, 9209; *dent.*, 6088; *engin.*, 13,779; *geol.* & *geophys.*, 10,575; *law*, 27,954; *med.*, 22,721; *phys.*, 3414. Associated libr. within univ. grounds, 249,900. Grand total, 817,301 vols. 30,000 vols. are in Chinese and Japanese.

**MUSEUMS.** Nicholson collection of prehistoric, Egyptian, nr. eastern, Cypriot, Greek and Roman antiq.; Macleay nat. hist.; J. T. Wilson human anat.; J. L. Shellshear compar. anat. & phys. anthropol.; Haswell zool.; pathol., obstet., mat. med. War Memorial gallery of fine arts in memory of members of the univ. who fell in World War II.

**LABORATORIES.** *Agric.* (agron., *agric. econ.*, genetics & plant breeding, *agric. microbiol.*, plant pathol. and soil sci.), *anat.*, animal husb., *archit. sci.*, *archit.* (atelier), *bacteriol.*, *biochem.*, *bot.*, *chem.* (inorg., org., physical), *computing* (phys.), *dent.*, *engin.* (aeron., chem., civil, electr., mech. and mining engin. and general hydrodynamics & ship tank), *geog.*, *geol.* & *geophys.*, *histol.* & *embryol.*, *maths.* (computing), *med.*, *obstet.*, *pathol.*, *pharmacol.*, *pharm.*, *phys.*, *physiol.*, *psychol.*, rural vet. centre, Camden, N.S.W., *surg.*, univ. farms, Camden, N.S.W., *vet. sci.* (vet. med., vet. pathol. & bacteriol. and vet. physiol.), *zool.* Govt. labs.—C.S.I.R.O.: *biochem.*, *electr. engin.*, *genetics*, *high pressure*, *plant physiol.*; commonwealth dept. of health: *drug analysis*; state dept. of *agric.*: *milk bd.* labs.

**FIELD STATIONS.** Cronmellin biol. stn., Pearl Beach, via Woy Woy (biol. res. on central coast of N.S.W.). Castle Hill res. stn. (metropolitan area), Waterhouse plant breeding stn., Curlewis (nr. Gunnedah, N.E., N.S.W.). McGarvie Smith animal husb. farm, nr. St. Mary's, N.S.W. (400 acres); *vet. sci.* farms (770 acres) for teaching of animal husb., and rural vet. centre (30 acres) for

teaching of clin. vet. med. & surg. (Camden district, N.S.W.).

**HOSPITALS**—recognized clin. schools. Royal Prince Alfred, Sydney, St. Vincent's and The Royal North Shore; Royal H. for Women and Women's H., Crown St., King George V. Memorial H. for Mothers and Babies (obstet. & gynæcol.); Royal Alexandra H. for Children (pædiatrics); a number of others are recognized for special postgrad. trg.

The **LAW SCHOOL** (univ. dept.) is located at 167 Phillip St., Sydney (tel.: BW5944), and the **DENTAL HOSPITAL OF SYDNEY** (univ. dept. of dent.) at 2 Chalmers St., Sydney (tel.: MA7591); dept. of *archit.* at 146-148 City Rd., Darlington (tel.: 68 0522), and dept. of *archit. sci.* at 118-120 City Rd., Darlington (tel.: 68 0522).

**SCHOOL OF PUBLIC HEALTH AND TROPICAL MEDICINE.** The sch. acts as the teaching and exam. centre for the univ.'s dipls. of pub. health and of trop. med. and hyg. In addition, a course in pub. health and prev. med. is given for undergrad. students. Courses are also given in architectural hyg., soc. hyg., trop. hyg. and indust. nursing. The sch. is financed by the commonwealth health dept., but all teaching is directly controlled by the univ. and the fac. of med., together with all matters concerning dipls., syllabuses, fees, exams., etc. An advisory council of reps. of the univ. and of the commonwealth dept. of health deals with all matters of policy. The staff consists of a dir. (also prof. of prev. med.), a prof. of trop. med., 11 med. officers, and a number of visiting lectrs.; 4 entomologists, 4 parasitologists and 11 technical officers. The DPH entry requirements are those of the General Medical Council of Gt. Britain, the DTM&H courses correspond to similar courses at the London Sch. of Hygiene and Trop. Med. and the Liverpool Sch. of Trop. Med. The main divisions of the school are those of pub. health and prev. med., trop. med. and hyg., indust. hyg., bacteriol. and pathol., parasitol. and protozool., med. entomol., vital stats., child health and environmental health. Library of about 15,500 vols., dealing espec. in trop. med. and hyg., is available.

In the univ. grounds is the **TEACHERS' COLLEGE**, a branch of the state dept. of educn. The courses leading to the univ. postgrad. dipl. in educn. (DipEd) are arranged through co-operation between the staffs of the univ. and the coll. **THE COMMONWEALTH SCIENTIFIC AND INDUSTRIAL RESEARCH ORGANIZATION (C.S.I.R.O.)**: National Standards lab., situated in the univ. grounds. Close collaboration in res. activities exists between many univ. depts. and relevant divisions of the C.S.I.R.O. This applies particularly in *agric.*, *biochem.*, *bot.*, *zool.*, *vet. physiol.*, *electr. engin.* and *chem. engin.* At the McMaster animal health lab., div. of animal health and production, C.S.I.R.O., facilities are available for res. in parasitol., bacteriol. and biochem. The McMaster field station (800 acres), attached to the same

div., adjoins the univ. McGarvie Smith animal husbandry farm (*see above*). It is equipped primarily for investigations in genetics and reproductive physiol. in sheep and cattle under field conditions. In the dent. hosp. bldg. is the inst. of dent. res., which was establd. in 1946 for investigations into the causes and prevention of dent. caries. The inst. also does the routine pathol. work for the dent. hosp. The Queen Elizabeth II res. inst. for mothers and infants, which is in the univ. grounds, was establd. in 1958 for investigation of the causes and prevention of illness and deaths of mothers and infants.

**ADMISSION.** *See* Appendix II. It should be noted that admission to the fac. of med. at the present time is restricted to residents of N.S.W. because of shortages in staff and accomm., but the situation is reviewed at the end of each yr.

**NON-MEMBERS OF THE UNIVERSITY.** With approval of fac. concerned, a person without matric. may attend lectures upon payment of necessary fees. Practice in respect of granting sp. approval varies in different facs.

**PUBLIC EXAMINATIONS.** *See* Appendix II.

**FIRST DEGREES.** 1 yr. (after completing 3 yrs. in med.)—BSc(Med) pass, hons.; 3 yrs.—BAgr pass (no hons.), BA pass (4th yr. for hons.), BSc(GenSc) pass (no hons.), BSc pass (4th yr. for hons.), BPharm pass (4th yr. for hons.), BEc pass (4th yr. for hons.); 4 yrs. BScAgr pass, hons., BDS pass, hons., BEd pass (no hons.), BE pass, hons. (acron. engin., civil engin., chem. engin., or mining engin.), BE pass (electr. engin. or mech. engin.) (5th yr. for hons.), BScFor pass (no hons.), LLB (full-time) pass, hons., BMus pass, hons.; 5 yrs.—BArch pass, hons., LLB (part-time) pass, hons., BVSc pass, hons.; 6 yrs. MB BS pass, hons.; 2 yrs.' advanced study or res. (for persons aged 21 yrs. or upwards whose general educn. and sp. qualif. for advanced study and res. have been approved by fac. concerned)—BA or BSc. Matriculated students who have completed 7 specified courses for BA and fulfilled all requirements for DipSocWk may qualify for pass BA and DipSocWk in 4 yrs. The LLB qualifies conditionally for admission to the Bar. Law students may take the BA first, selecting law subjects in 3rd yr., and complete combined course in 6 yrs., thereby gaining concessions in regard to periods of studentship and service as articled clerk. BD pass, hons. degree is obtainable in 2 yrs. after graduation in another fac.

In general, candidates for hons. are required to do extra work except in the facs. of law, med., dent., vet. sci. and archit., in which hons. are awarded on the pass work of the whole course.

There are hons. schools in the following subjects: BA—(a) [ordinary hons. degree] Greek, Latin, classics, Engl., French, German, Italian, Chinese, Indonesian & Malayan studies, hist., philos., govt., psychol., educn., econ., anthropol., pure maths., appl. maths., mathl. stats., geog., music and archæol.; (b) [in sch. of social sciences] hist., philos., govt., psychol., econ. and

anthropol. BSc(Med)—anat., histol. & embryol., biochem., physiol., bacteriol., pathol. and pharmacol. BSc—chem., inorg. chem., organic chem., phys. chem., phys., geol., geophys. with geol., geog., psychol., bot., zool., physiol., biochem., anat., pure maths., appl. maths., agric. chem., pharmaceut. sci. and analysis of foods and drugs, microbiol., phys., anthropol., pharmacol. and mathl. stats. BScAgr—agric. chem., agric. econ., agric. entomol., agric. genetics, agric. microbiol., agron., animal husb., gen. agric., plant pathol., soil sci. and agric. bot. BEc—econ., econ. hist., govt., econ. stats. and accounting.

The BA, LLB, BSc(GenSc) and BEc may be taken solely by pt.-time attendance, the BA and BEc solely by evg. attendance.

**HIGHER DEGREES.** Master's degree—open to bachelors of the standing specified: agric. (MScAgr), 2 yrs. (pass), 1 yr. (hons.) from BSc Agr, 3 yrs. from BAgr; archit. (MArch), 3 yrs.; arts (MA), 3 yrs. (pass), 2 yrs. (hons.) for MA with or without hons., 1 yr. (hons.) (full-time study and res.) for MA with hons.; dent. (MDS), 2 yrs. (pass), 1 yr. (hons.); econ. (MEc), 2 yrs.; educn. (MEd), 3 yrs. with DipEd of 2 yrs.' standing; engin. (ME), 4 yrs. (pass), 3 yrs. (hons.), (MEngSc), 2 yrs. (pass), 1 yr. (hons.); pharm. (MPharm), 2 yrs. (pass), 1 yr. (hons.); law (LLM), 2 yrs.; sci. (MSc), 2 yrs. (pass), 1 yr. (hons.); surg. (MS), 5 yrs.; town & country planning (MTCP), 3 yrs. with DipTCP of 1 yr.' standing; vet. sci. (MVSc), 2 yrs. Doctorates (except PhD)—provided 8 yrs. have elapsed since matric. in the fac. concerned, candidature is open to bachelors of the standing specified: letters (DLitt), hon. and earned, 8 yrs.; div. (DD), 5 yrs.; law (LLD), hon. and earned, 2 yrs.; med. (MD), 5 yrs.; sci. (DSc), hon. and earned, 8 yrs. (pass), 7 yrs. (hons.); engin. (DScEng), 8 yrs. (pass), 7 yrs. (hons.); dent. (DDSc), 4 yrs.; vet. sci. (DVSc), 2 yrs.; agric. (DScAgr), 5 yrs. (pass), 4 yrs. (hons.). PhD—after graduation an approved candidate may proceed to the PhD, which takes at least 2 yrs. (*see below*, 'Postgraduate Study').

All higher degrees (except DLitt, DD and ME) are open to grads. of other approved univs. Courses of instrcn. for MEd and MTCP and facilities for res. for PhD and all degrees of master (except MS) are provided. Grads. of other univs. who are candidates for PhD or any master's degree (except MS) may be required to attend courses of instrcn. in addn. to undertaking supervised res. which must be carried out at Univ. of Syd.

Except for MEngSc and PhD, grads. of Syd. Univ. are not required to carry out, within Syd. Univ., the res. for above higher degrees. The res. for MEngSc and PhD must be carried out within Syd. Univ.

**DIPLOMAS.** *Postgraduate*: agric., by exam. & thesis, open to grads. who have completed courses acceptable to fac., 1 yr.—(DipAgrChem); (DipAgrEc); (DipAgrEnt); (DipAgrGen);

Where applicable all dipls. are open to grads. of any approved univ.

**POSTGRADUATE STUDY AND RESEARCH FACILITIES.** The univ. offers postgrad. courses for dipls. in educn, numerical analysis & automatic computing, psychol. and in those fields in med. and agric. specified above under the heading 'Diplomas Postgraduate'. The usual facilities for postgrad. res. are provided in the various depts., and candidates may proceed to the master's degree in most facs and to the PhD in the facs. of arts, sci., engin., dent., vet. sci., agric., econ. and archit. after completing at least 2 yrs.' supervised res. The univ. publishes annually a statement entitled *Research and Scholarship* which sets out particulars of the res. completed and in progress in the different depts.

**RECOGNITION OF STUDIES ELSEWHERE.** The professorial bd. grants proper status to persons who have completed part or all of a degree course in other univs.

**STUDY LEAVE.** 1 yr. on salary after completion of 6 yrs.' service for full-time permanent members of teaching and certain sr. members of admin. staffs; leave is not accumulative. Addnl. leave may be granted without salary. Leave may be granted with salary at the equivalent rate of 1 term for each 2 yrs. of service, e.g. after 6 yrs. since the last period of leave with salary, a term's leave with salary may be granted and leave entitlement retained for the remaining 4 yrs. of service. Certain travel allowances are granted.

## GENERAL INFORMATION

Founded in 1890 under an act of the Tasmanian legislature, the univ. was granted a royal charter in 1915. To the original facs.—arts, sci. and law—comm. was added in 1919, engin. in 1922 and educn. in 1951. Teaching in agric. begins in 1961. Music was taught in the fac. of arts from 1935 to 1938 but the lectureship has lapsed.

**CONSTITUTION.** The univ. consists of a council and convocation. The council, which has the management and control of the affairs and property of the univ., consists of 19 to 21 members, 4 of whom are elected by the convocation, 3 by the teaching staff, 2 by members of parliament, 4 by the governor, and 3 by the governor on the recommendation of the council; the dir. of education and the chairman of the professorial bd. are *ex-officio* members. The offices of chancellor and vice-chancellor may be filled by election by and from the members of council or by the appt. of persons not members of council. The governor is *ex-officio* visitor of the univ. The chancellor is elected every 2 yrs. and is a member *ex-officio* of every fac. and of every bd. or cttee. within the univ. The vice-chancellor is the chief executive officer of the univ. Convocation consists of all grads. of the univ. and members of council and teaching staff, its chief officers being the warden and vice-warden, who are elected every 2 yrs. Its main functions are to elect members of council and of a standing cttee. which considers proposed new statutes or amendments to existing statutes. The professorial bd. is the main academic body and exercises a general supervision over all matters concerning the studies and exams. of the univ. The facs. exercise similar functions but are subordinate to the bd.

WESTERN AUSTRALIAN COLLEGE OF DENTAL SCIENCE, Wellington St., Perth (tel. : 21.2667, 23.2631), founded 1934. Dean—Prof. K. J. G. Sutherland. Some courses for BDS.

## GENERAL INFORMATION

In 1909 the govt. of W. Australia apptd. a royal commission with Sir John Winthrop Hackett, who subsequently became first chancellor of the univ., as chairman. Following the commission's report, the Univ. of Western Australia was endowed by an act of the state legislature which recd. the royal assent on Feb. 16, 1911. The first senate was gazetted on Feb. 13, 1912. Teaching began on March 31, 1913, and the formal inauguration of the univ. took place on Oct. 20, 1913.

At the time of its establ., the univ. had 3 facs. — arts, sci. and engin. Law was added in 1927 and agric., originally a dept. of the fac. of sci., became a sep. fac. in 1937. In 1946 the fac. of dent. sci. was establ., and in 1947 the fac. of educn. (from 1916 till 1947 educn. was under the fac. of arts). Economics, a dept. of the fac. of arts since 1914, was establ. as a sep. fac. in 1954 and this was followed by the establ. of the fac. of med. in 1956.

From 1913 to 1930 the univ. was located in temp. bldgs. in Irwin St., Perth, but following a bequest under the will of Sir John Winthrop Hackett permanent bldgs. were erected on the present site of 165 acres at Crawley-Nedlands on a bay of the Swan estuary about 3 mls. from Perth.

St. George's Coll., the first residential coll. within the univ., which was built and endowed by the Anglican church from funds bequeathed by Sir John Winthrop Hackett, was opened in 1931. A univ. hostel for men students and a women's coll. were opened in 1946. The women's coll., renamed in 1959 St. Catherine's Coll., now occupies a new bldg. opened in 1960. St. Thomas More Coll., establ. by the Roman Catholic Church, was opened in 1955.

Perth, the capital city of W. Australia, has a pop. of 393,000. The univ. serves the whole state of W.A. (pop. 726,000).

**CONSTITUTION.** The admin. of the univ. is vested in a senate of 21 members, of whom 6 are nominated by the govt. and 7 are *ex-officio* or co-opted members. A second body with mainly elective and revisionary functions is known as convocation. Convocation elects 6 members of the senate. The teaching staff elects 2 members.

**INCOME (1959).** £A1,157,484 (state govt., 58.4 per cent.; commonwealth govt., 32.2 per cent.; other sources, 9.4 per cent.).

**FACULTIES AND DEANS.** *Agric.*, Prof. E. J. Underwood; *arts*, Prof. K. F. Walker (psychol.); *dent. sci.*, Prof. K. J. G. Sutherland; *econ.*, Prof. I. I. Bowen; *educn.*, Prof. C. Sanders; *engin.*, Prof. D. J. F. Allen-Williams (mech. engin.); *law*, Prof. F. R. Beasley; *med.*, Prof. G. King (obstet.); *sci.*, Prof. R. T. Prider (geol.).

**LOCATION OF DEPARTMENTS.** Dental Coll.: Wellington St., Perth (tel.: 21.2667); Med. Sch.: Victoria Sq., Perth (tel.: 23.1321).

**LIBRARY.** 176,297 vols.

**LABORATORIES.** Agric., anat., biochem., bot., chem., dent., geol., engin., microbiol., pathol., phys., physiol., psychol., zool.

**MUSEUMS.** Agric., bot., pathol., geol., zool.

**FIELD STATIONS.** Agric., bot., zool.

**TEACHING HOSPITALS.** Royal Perth, King Edward Memorial, Princess Margaret, Perth Chest H., Heathcote Reception Home, Claremont Mental, Fremantle Public.

**ADMISSION.** See Appendix II.

**NON-MEMBERS OF THE UNIV.** Students not proceeding to a degree may be permitted to attend lectures in one or more subjects with the approval of the fac. concerned. Any such student who has not matriculated may be required to pass such prelim. exam. as the fac. may direct.

**PUBLIC EXAMINATIONS.** Sch. certs.: jr. and leaving; music and art of speech. Sch. cert. exams. held annually in Nov.; practical exams. in music and art of speech in May and between Aug. and Dec. For sec., see 'Admin. and Other Staff', *above*. Address: 3 Howard St., Perth (tel.: 21.9088). See also Appendix II.

**FIRST DEGREES.** 3 yrs.—BA pass (4th yr. for hons.) in classics, econ., Engl., French, German, hist., maths., philos., psychol. and anthropol.; BSc pass (4th yr. for hons.) in anat., biochem., bot., chem., geol., maths., microbiol., phys., physiol., psychol., zool. 4 yrs.—LIB pass and hons.; BEd pass and hons.; BEc pass and hons.; BSc(Agric) (5th yr. for hons.); BSc(For); BSurv pass and hons.; BMus pass and hons. 5 yrs.—BDSc pass and hons.; BE pass and hons. in civil, mech., electr., mining. 6 yrs.—MB BS.

**HIGHER DEGREES.** MA, MEd, MEc, MSc, MEngSc, MSc(Agric), 1 yr. from 1st degree with hons., 2 yrs. from 1st degree pass; LL.M, MDSc, 2 yrs. from 1st degree; ME, 3 yrs. from 1st degree pass or hons.; DLitt, 5 yrs. from 1st degree; LLD, 3 yrs. from 1st degree with hons., 5 yrs. from 1st degree pass; DSc, DSc(Agric), 6 yrs. from 1st degree; DEng, 3 yrs. from 1st degree with hons., 4 yrs. from 1st degree pass; DDSc, 4 yrs. from 1st degree; PhD (agric., arts, dent. sci., educn., engin., sci. only), 2 yrs. from 1st degree with hons., 3 yrs. from 1st degree pass. In arts and sci. a master's degree cannot be obtained in less than 5 yrs. from matric. All higher degrees involve res. To proceed to master's degree a student must graduate with hons. or pass a prelim. exam. All degrees open to grads. from other recognized univs. Master's degrees and the PhD are supervised degrees. The senate after report from prof. bd. or at its own discretion may confer any of its doctoral degrees as an honorary degree.

**EXTERNAL DEGREES.** Only BA may be taken wholly externally (most of the units for BEd,

HEC may also be taken) but only by residents of W. Australia who live outside Perth metropolitan area and in special circumstances by students who have done a major portion of their course and have gone to live in another state. Enrolment is restricted almost entirely to non-lab. subjs. except for lab. subjs. taken at affiliated instns., e.g. Sch. of Mines, Kalgoorlie. Tuition is given by correspondence and a circulating library service.

**EVENING OR LATE AFTERNOON CLASSES** are held in the facs. of arts, econ. and educn. only, and a full degree course may be undertaken by evg. study. Certain sci. and engin. classes may be taken in the evgs. at affiliated colls. but a full degree course is not available by evg. study in these facs.

**DIPLOMAS.** Educn., 1 yr. postgrad.; child and educn. psychol. (DCEP), 2 yrs.; clin. psychol. (DCP), 3 yrs.

**RESEARCH.** Postgrad. res. is carried out in most depts. and £A50,000 was provided for this purpose by the univ. res. grants cttee. In addn. in 1959 £A83,732 was obtained from outside sources for res. *Report* published annually.

**STUDY LEAVE.** At the end of every 6th yr. of continuous service, staff are entitled to study leave up to a max. of 12 mos. on full pay for a programme of study approved by the senate.

**FEES.** Matric., no fee. *Ad eundem statum*, £A1:1s. Admission to degrees: bachelors, £A3; masters, £A5; doctors, £A10. No lecture fees are charged except in facs. of dent. sci. and med., but there is a fac. service charge varying in amount up to £A37 p.a. approx., covering exam. fees, use of lab. equipment, hire of microscopes, loan of books from library, etc. Library deposit of £A2 also charged.

Students coming from overseas and neither normally nor likely to become permanently resident in Australia are charged an annual fee of £A50, in addition to all charges normally payable by W. Australians except in 2nd and higher yrs. of fac. of dent. sci., when the fee is £A25 p.a. Approx. fees for local dent. and med. students are: dent.—1st yr., £A73; 2nd yr., £A103; 3rd and 4th yrs., £A95 p.a.; 5th yr., £A70. Med.—1st yr., £A37; 2nd yr., £A95; 5th yr., £A79; 6th yr., £A79.

**ACADEMIC YEAR.** March to Nov. Three terms: 9 wks., 9 wks., 8 wks.

**ADULT EDUCATION.** Adult educn. work is controlled by the univ. adult educn. bd., which has its HQ. and library in Chancery House, Howard St., Perth. Its activities, which are state-wide and include extension lectures, orchestral concerts, drama, opera and ballet, are carried on in the metropolitan area of Perth as well as in country districts. In assocn. with other interested bodies the bd. runs an annual 'festival of Perth'.

**PRINCIPAL OPEN AWARDS.** Commonwealth govt. scholps. (see p. 12): all fees plus living allowance (means test); Hackett bursaries: all

fees plus living allowance (means test); govt. univ. exhibitions: £A40 or £A20 p.a.

**SCHOLARSHIPS FOR GRADUATES.** Commonwealth scholps., value £A600-£A750, tenable 1 yr., may be renewed to a max. of 4 yrs. (see p. 12); G.M.H. scholps. (2), value £A800-£A1200, tenable for 1 yr., in engin., sci. and comm.; I.C.I.A.N.Z. scholp., value £A1100 p.a., tenable for 2 yrs., in chem. or selected field.

**GUIDANCE AND APPOINTMENTS OFFICE.** Assists undergrads. and grads. to obtain employment, permanent or for vacations; also assists undergrads. with personal problems.

**STUDENT RESIDENCES.** Univ. Hostel (manager: W. J. Leader) (accomm. for 109 men); fee: about £A4:15s. per week. Enquiries regarding the men's hostel should be addressed to the manager. St. Catherine's Coll. provides accomm. for 49 women students at a cost of £A182 p.a. St. George's Coll.: 75 men; approx. £A210 p.a. St. Thomas More Coll.: 41 men; £A180 p.a. See also under 'Residential Colleges', above.

**STAFF RESIDENCES.** The univ. owns 49 houses which are let to staff members. In addn. there is a scheme which enables staff members to obtain a loan of up to £A6000 for purchase of a house.

**MILITARY AND AIR FORMATIONS.** Univ. regiment (tel.: 3.1966); univ. air squadron (tel.: 86.3095).

**STUDENT ORGANIZATION.** The student organization is known as the guild of undergrads. and the student bldg. which forms part of the Hackett memorial bldgs. is known as Hackett Hall. Annual sub. to the guild is £A7:17s., but in first yr. students pay an extra £A1:1s. registration fee. Pt.-time and external students pay a proportionate fee.

**ATHLETIC ACTIVITIES, ETC.** Three sporting ovals, lawn tennis courts, hockey and basket-ball grounds and a boatshed. There are 2 open-air theatres which are used for staging plays, concerts, films, etc., particularly by the adult educn. bd. in assocn. with the 'festival of Perth' cttee.

**PUBLICATIONS.** *Calendar*, published annually for local and exchange purposes and not for sale; a shortened edn. called the *Handbook* is sold annually for 6s.; *Orientation Handbook*, free to new students; *Univ. Gazette*, limited distribution free; *Public Exam. Manual*, 6s.; *A Guide to the Univ. of Western Australia*, Univ. of W. Aust. Press, 1954, 5s.; the *Pelican* (student newspaper). The sci. union is responsible for an annual magazine, *Scope*. Arts union publishes an annual magazine, *Westerly*. Individual publicns. are undertaken by Univ. of W. Aust. press, which controls the UNIV. BOOKSHOP and acts as a publishing organization (see below). The univ. has a publicns. cttee. which also sponsors publicns. The *Annual Law Review* (10s. 6d.), *Univ. Studies*

in *History and Economics* (occasl.) and the *Educand* (annual, 10s. 6d.) are publ. under the auspices of the cttee.

UNIV. OF WESTERN AUSTRALIA PRESS. Pub-

lishes works of learning, official univ. publicns. and such other educnl. works as the bd. of management may accept, provided that such works have the approval of the publicns. cttee. of the univ.

## THE YEAR 1959

**PRINCIPAL BENEFACTIONS.** Mrs. M. B. Raine, £A20,000 for Raine Med. Res. Foundation; State Wheat Industry Res. Cttee., £A29,100 to Inst. of Agric.; Commonwealth Wheat Ind. Res. Council, £A25,000 for Inst. of Agric. bldg. extension fund.

(Total value of *all* benefactions received: £A207,660.)

**MAJOR BUILDING DEVELOPMENTS.** *Bldgs. completed:* biochem. *Approaching completion:* new engin. sch.; St. Catherine's Coll. (for women).

**NEW DEPARTMENTS AND CHAIRS.** Dept. of music; chair of French; res. chair of pharmacol.

**RETIREMENTS.** M. Evalyn Wood (librarian).

**RESIGNATIONS.** Dr. A. G. Mathew (obstet. & gynacol.), to private practice; Dr. C. R. Naylor (anat.); Dr. B. F. Glenister (geol.), apptd. asst. prof., Iowa; Dr. Ruth Armstrong (maths.); C. G. Plowman (asst. registrar), apptd. asst. registrar, Canberra U.C.

**DEATHS.** A. M. Stewart (reader in agric.).

**HONORARY DEGREES.** *MEd*—Mary O. Stevens, former member of senate.

# THE UNIVERSITIES OF CANADA

[Contributed by Dr. Watson Kirkconnell, President of Acadia University]

**HISTORY.** Higher education in French Canada began in Quebec City with the Collège des Jésuites, which was founded in 1635 (the year before Harvard) and in 1765 transferred its arts courses to the Séminaire de Québec (founded 1663). The latter institution became Laval University in 1852, integrating some eleven French *collèges classiques* that had been founded by that time. The University of Montreal hived off in 1920 and the two institutions to-day embrace a dozen faculties and over three score of classical colleges. Beyond the frontiers of Quebec, other French colleges arose in the Collège St-Boniface (1827), the University of Ottawa (1848) and St. Joseph's (1864).

It was nearly three decades after the English conquest of 1760, and at the height of the loyalist migration from the lost American colonies, that the first degree-granting college in the English-language tradition was set up in 1789 by provincial charter as King's College, in Windsor, Nova Scotia. A royal charter was granted by King George III in 1802. There followed in Fredericton a 'College of New Brunswick', with a provincial charter in 1800 but no graduates until 1828, in which year it was replaced by a King's College with a royal charter (and this in turn by a wholly secular University of New Brunswick in 1859). Both of these colleges at the outset were rather rigidly Anglican, as were also King's College, Toronto, set up in 1827, and Bishop's College (Lennoxville, P.Q.) in 1843; and the closing of their ranks to non-Anglicans led to a protesting epidemic of colleges under other denominational auspices: Acadia (Baptist, 1838), Queen's (Presbyterian, 1841), Victoria (Methodist, 1841), St. Mary's (Irish Catholic, 1841), Knox (Presbyterian, 1844), St. Michael's (Irish Catholic, 1852), St. Francis Xavier (Scotch Catholic, 1853), St. Dunstan's (Scotch Catholic, 1855), Woodstock College (Baptist, 1857; became McMaster University, 1887), Assumption (Irish Catholic, 1857) and Mount Allison (Methodist, 1858). Two other colleges, Dalhousie and McGill, had been set up in 1818 and 1821 respectively, the former endowed with the spoils of war and the latter with funds from the wealthy James McGill. For a time, Presbyterian influence prevailed at the one and Anglican influence at the other; but with the passage of time both became frankly secular but still administratively independent. In the western territories, the denominational pattern reproduced itself with St. John's College (Anglican, 1866), Manitoba College (Presbyterian, 1871) and Wesley College (Methodist, 1886), which until 1904 gave all of the instruction in

arts and science for the University of Manitoba (chartered in 1877). Additional church institutions appeared in due time in eastern Canada in Western University (Anglican, 1878) in London, Ontario, Mount St. Vincent College (Roman Catholic, 1925) in Halifax and Sir George Williams College (Y.M.C.A., 1929) in Montreal. The governmental Memorial University College was set up in St. John's, Newfoundland, in 1925 (Memorial University, 1949), and the independent Carleton College in Ottawa in 1942 (Carleton University, 1957).

Pressure of numbers has recently produced still further changes. Assumption College became the Assumption University of Windsor in 1956 and St. Michael's College, Toronto, the University of St. Michael's College in 1958. Two new Jesuit colleges, Regis and Ignatius, were affiliated with St. Mary's University in 1958. The Collège du Sacré Cœur, founded at Sudbury in 1914, became the University of Sudbury in 1956. Osgoode Hall Law School, Toronto, and the Royal Military College, Kingston, were granted degree-granting powers in 1957 and 1959 respectively. McMaster University became non-denominational in 1957. Other colleges and universities are in process of formation.

Out of these disparate elements, mostly denominational, there has evolved the highly complex university system of contemporary Canada. The process has followed three totally different methods in the three main areas: Atlantic, Central (Ontario-Quebec) and Western. In the Atlantic provinces, with a total population of considerably less than two millions, there are fifteen independent degree-granting colleges and universities, only three of which (New Brunswick, Memorial and Nova Scotia Technical College) receive substantial help from provincial governments. The only case of federation has been that of King's with Dalhousie in Halifax. There has also been notable co-operation in an arrangement by which Acadia, Dalhousie, Memorial, Mount Allison, St. Francis Xavier and St. Mary's teach the first three years of engineering and pass their students on to the Nova Scotia Technical College for the two final years of the course. While these six 'associated universities' are represented on the senate and the board of governors of the technical college and King's and New Brunswick are represented on the board, still other universities, such as St. Dunstan's, have their third-year engineering students accepted on a similar basis. In the two central provinces, with a population of nearly ten millions, there are again some fourteen degree-granting universities, but with a measure

of provincial support that seems fabulously generous to the starved insinuations of the Atlantic region. Structurally, there has been a notable amount of affiliation – Western Ontario has five affiliated colleges, Ottawa twelve, Montreal thirty-one and Laval thirty-eight; while Toronto has four federated arts colleges, three federated theological colleges and four affiliated colleges. In the four western provinces there has been strict legislation limiting degree-granting universities to one in each province, and this in each case is a state institution generously supported by the provincial treasury.

The more massive consolidations of academic activity have for the most part evolved through two modern tendencies: the proliferation of professional faculties and schools and the development of graduate schools based on research. Almost all Canadian universities, both French and English, began as 'classical colleges', with a curriculum in which the Latin and Greek literatures were central. Associated with these might be seminaries (or faculties of theology) and faculties of medicine and law. Even while the centre of gravity of the arts course moved steadily away from the ancient humanities towards the social sciences and the pure sciences, the needs of a whole regiment of new professions became recognized, under pressure, as requiring advanced training, preferably under university auspices. Such were agriculture, architecture, dentistry, pharmacy, forestry, library science, engineering, social work, veterinary science, pedagogy, music, home economics, fine arts, fisheries, journalism, public administration and a flock of others, each demanding a separate faculty, institute or 'school' for the training of its particular breed of specialist. This has accounted for much of the sheer increase in registration in Canadian universities. An advance in quality, rather than diversity, however, has come from the formation of large graduate schools on the model of those of the United States, themselves a derivative of the universities of Germany. Here research scientists and would-be professors now proceed to the PhD degree (or its equivalent) by means of graduate courses, fundamental investigation and a thesis project. Where Canadian scholars and scientists once went abroad for their advanced training, they are able by the middle of the 20th century to find most disciplines adequately served in their native land.

The junior college, largely an American invention, covers only the first two years of a BA course. It is almost unknown in Canada. Thus the only examples in the four Atlantic provinces are Prince of Wales College, in Charlottetown, Prince Edward Island, which also serves as the province's normal college for the training of elementary school teachers, and the Nova Scotia Agricultural College, Truro, which gives the first two years of a four-year professional course in agriculture, to be completed at McGill. With the rapid growth in population, moreover, the trend in Canada is for junior colleges to take over a full undergraduate curriculum. This has been done

since 1958 by Victoria College, Victoria, B.C., in affiliation with the University of British Columbia, and Mount Royal College, Calgary, which is now the University of Alberta in Calgary. These were the only junior colleges in these two provinces.

**CONSTITUTION.** As already noted, Canada's universities are of every conceivable sort, ranging from a simple unitary type like Bishop's to a complex giant like Laval, with eleven faculties, ten 'schools' and forty-one affiliated colleges. Toronto is still more varied, with ten faculties, ten schools or institutes, a federation of arts colleges, a federation of theological colleges, a group of affiliated colleges, a museum, a conservatory of music, and teaching privileges in five large hospitals.

The almost universal form of government is (a) a board of governors (regents or trustees), who have full financial authority, (b) a senate, which has full authority in matters of curriculum, examinations and degrees, acting on the advice of (c) a faculty, which has day-to-day responsibilities in matters of teaching, discipline and examinations and (d) a president or principal, appointed by the board as the permanent executive head of the institution. He will normally be chairman of the general faculty, chairman of the senate and an *ex-officio* member (never the chairman) of the board. He is thus the one personal point at which board, senate and faculty intersect. No salaried member of the university except the president may sit on the board. Canadian universities have almost invariably begun not as a fellowship of scholars but as a board of governors, endowed by an act of a provincial legislature with a variety of powers, including that of engaging a professorial staff. The board's financial control includes the making or confirming of academic appointments, the setting of salaries and fees, managing investments, erecting buildings, and the like. The customary balancing of forces is that only the president may recommend appointments or promotions but that only the board may confirm them.

**FRENCH-CANADIAN UNIVERSITIES.** The French-Canadian universities are unique in the British Commonwealth in being patterned after the French system, rather than after those of the United States or Great Britain. Basic to the structure are some scores of eight-year *collèges classiques*, in which the first four years are at a secondary school level and the last four years (following an 'immatriculation' examination) are at the college level and constitute the faculty of arts in Laval or the University of Montreal. The colleges are largely residential and are scattered throughout the province of Quebec, with at least one in every Roman Catholic diocese. The curriculum involves not merely French and English but Latin, Greek, mathematics and science and two concentrated years of Thomistic philosophy. The student attains his BA at the same age as in the Anglo-Canadian universities,

but as he has no academic specialization in any subject beyond about the sophomore year standard in the latter (except in philosophy), he finds a transfer to the other system very awkward. He is accepted without question, however, into the advanced faculties of the University of Paris. There is no attempt at a Procrustean bed of curriculum and textbooks in the scores of *collèges classiques*. The examinations are set by the university; and in languages, for example, the papers consist entirely of prose composition and unseen translation. •The BA degree is a prerequisite for most of the professional faculties of the university. In the faculty of letters at Laval, for example, a student so entering will take a further three years for a *licence ès lettres* (either a teacher's diploma or a general culture diploma) and five or six further years, plus a published and publicly defended two-volume thesis, may earn him a *doctorat ès lettres*. A student may by-pass the *collèges classiques* and enter the science faculties direct from grade XI of the provincial secondary schools, but the record of those so matriculating is markedly inferior to that of those entering with the BA. There are separate French classical colleges for men and women, but the rest of the university system is largely co-educational.

In most of the faculties other than arts (theology, law, medicine, philosophy, science, dentistry, pharmacy, music, and many others), the usual degrees are the baccalaureate in the special field, the licence and the doctorate. As a concession to Anglo-Canadian practice, a master's degree is also sometimes offered. The PhD always involves a research thesis in addition to course work.

**RELATIONSHIP TO GOVERNMENT.** By the Canadian constitution, as defined in the British North America Act of 1867, education is assigned to the authority of the several provinces. There is thus no national minister or department of education; but one of these is found in each of the ten provinces. All of the provinces except Quebec, Nova Scotia and Prince Edward Island have provincial universities. The last named has a junior college under provincial auspices. In Quebec and Nova Scotia all universities are private.

Provincial grants to universities range from meagre in the case of Nova Scotia to massive in the case of Ontario, and are paid direct to the individual universities. A federal grant, on the basis of a dollar and a half *per capita* of the provincial census population, is divided among the universities on a basis of enrolment. To avoid any accusation of interference, the federal payments are channelled through an incorporated academic body, the Canadian Universities Foundation (see also p. 111).

**CANADA COUNCIL.** On March 28, 1957, royal assent was given to the Canada Council Act, 4-5 Elizabeth II, Chapter 3, setting up a Canada Council to implement certain recommendations of the Massey commission for assistance to the arts, the humanities and the social sciences. To

this council, the government of Canada gave the sum of one hundred million dollars. One-half of this amount was to be issued in matching grants to Canadian universities, to assist in the erection of new buildings related to the arts, humanities and social sciences. The remaining fifty million dollars was to constitute an endowment fund, the interest on which was to be used for administrative costs, university scholarships (in the arts, humanities and social sciences), a Canadian National Commission for Unesco and assistance to non-academic organizations and projects in the arts, humanities and social sciences.

For the allotment of capital grants, the maximum amount available to any given university is to be found by relating its enrolment proportion within its province to the population proportion of its province within the country as a whole. If its enrolment of degree-course students were one-tenth of the province's total and if the province's population were one-tenth of the national total, then this university's maximum capital grant would be one-hundredth of \$50,000,000, i.e. \$500,000. To receive this grant, or any part thereof, it would need to present the blueprints of an arts building, a library or a residence and prove that it already had in hand one-half of the money for construction.

The interest on the endowment fund gives a revenue of \$2,700,000 a year. Of this sum, expenditures on fellowships, scholarships and other grants to individuals for the arts, humanities and social sciences, plus assistance to publication and similar projects, will run to something over a million and a quarter dollars. Since the scholarship plan of the Massey commission, including its undergraduate scholarships, called for an annual expenditure of six and a half million dollars, the Canada Council has felt obliged to limit itself to awards at the graduate level, including those for scholars and artists from abroad.

Provision has been made for two classes of fellowships for non-residents: (a) fellowships of one year for study or teaching in Canada in the arts, humanities and social sciences, of an average value of \$5000 (plus travel allowance, plus two-thirds travel allowance for wife) for senior fellows who have achieved great distinction, and (b) awards of an average value of \$2000 (plus travel allowance), subject to renewal, for younger scholars or workers who have shown exceptional promise. Scholars under group (b) should not accept teaching duties. In group (a) it is expected that for the most part applications will be presented by universities and other organizations rather than by the individuals concerned themselves, although individuals are not debarred from applying directly to the Council. The procedure for handling group (b) of these fellowships has been worked out with officers of the department of external affairs. This department, and other Canadian government officials, will collect application papers, get them in shape, forward them and see that appropriate publicity is given in the countries where Canada has accredited

representatives. The Council has earmarked three of these scholarships for the newly independent Commonwealth countries of Ghana and Malaya and for the recently formed Federation of The West Indies.

The chairman of the Canada Council is Dr. Claude T. Bissell and its director Dr. Albert W. Trueman. Its permanent address is 140 Wellington Street, Ottawa, Canada. It issues an *Annual Report*.

**FINANCE.** The total income for thirty-one Canadian universities and colleges for the academic year 1958-59 was \$28,258,660. This figure covers the academic phases of their operations and does not include some \$16,931,375 of income from ancillary enterprises. The chief sources of income and the unweighted average proportion of the university budgets derived from these sources are as follows: student fees, 28.41 per cent.; gifts, 2.95 per cent.; endowment, 4.46 per cent.; federal grants, 14.55 per cent.; provincial grants, 26.56 per cent.; research grants, 14.52 per cent. These averages are far from being representative of individual universities. Indeed, for the country as a whole, they are almost meaningless. Thus, student tuition fees range all the way from 14.50 per cent. to 92.2 per cent. of some of the budgets; endowments range from 0.0 per cent. to 28.2 per cent.; provincial grants from 0.0 per cent. to 58.68 per cent.; and research grants from 0.0 per cent. to 27.24 per cent.

**PRE-UNIVERSITY EDUCATION.** Children normally enter school at the age of six, beginning in grade I and taking a new grade each year up to school leaving from grade XI at the age of seventeen or eighteen. While at the secondary school level many will turn to commercial, manual training and other vocational options, students looking forward to university will concentrate on English, at least one foreign language, mathematics, science (physics, chemistry, biology) and history. In some provinces (New Brunswick, Ontario, British Columbia) the same curriculum is spread over twelve grades. An extra grade (XIII in these three provinces, XII in the other seven) carries these subjects a stage farther, and is usually granted a year of university credit (except in science and engineering at McGill, Laval, Montreal and Manitoba). In Ontario, the curriculum of what was once the freshman year is now taught in the secondary schools as grade XIII, and a pass BA requires only three years at most of the province's universities.

**ADMISSION** (see also Appendix II). All qualified applicants are normally accepted without question except in such faculties as medicine, where registration is rigidly limited by lack of laboratory space. Purely residential universities in small towns are also subject to limitations of space. There is no uniform standard of matriculation for all Canadian universities. The approximate standard is twelve years of schooling, with final provincial examinations in English, at least one

other language, algebra, synthetic geometry, history, physics and chemistry. A pass mark of fifty with an average of 60 per cent. is a frequent requirement; but some institutions ask for more (or less) than this.

For admission to graduate school, the prerequisite is most commonly a BA degree with a standing of at least 80 per cent. in the major field in which the higher degree is sought. Graduates of other universities are normally welcomed if their record meets this standard.

The instruction is given in either English or French, depending on the university. A very few institutions are bi-lingual. Proficiency in the language of instruction is an obvious prerequisite for admission. In some cases, tutorial classes in English, or French, are provided for students from abroad, but it would be most unwise to take this for granted. As an individual assessment of the academic record of each student from abroad is necessary, at a price of considerable delay in correspondence, applications for admission should be made some months in advance of the session to be attended. Proof of health, character and financial competence will normally be required from foreign students by the Canadian immigration authorities.

**STRUCTURE OF DEGREE COURSES.** A pass BA is normally a four-year course from junior matriculation, with examinations at the end of each year on a minimum of five specified or elective courses. A minimum of concentration in a major and a minor field is required and at least 65 per cent. standing on a majority of the courses taken. A course for an honours BA will commonly require five years, a much greater measure of concentration, the prescription of special supporting courses and the maintenance of honours standing each year on the examinations of that year. All other first degrees normally call for a specified number of courses each year, at which attendance is compulsory and on which examinations must be passed for credit towards the ultimate diploma.

An MA will probably call for a year of courses beyond an honours BA, first class honours on examinations and an acceptable thesis. For a PhD, one will be asked for two more years of graduate courses, proof of competence in French and German, a comprehensive examination in one's field, a lengthy thesis (involving research under supervision) and a public defence of the thesis.

In most of the larger universities, graduate work is concentrated in a faculty or school of graduate studies, although in some cases a few professional schools may not be included in this administrative pattern. In nearly all institutions, considerable general training in arts and science is a prerequisite for entering professional schools. Three such years are commonly required of students looking forward to law or medicine and those with a first degree in arts or science will be preferred candidates for admission. An arts degree is normally required of those undertaking

training as secondary school teachers or who are entering seminaries to train as clergymen. The same is true in the case of library science and social work.

**TEACHING STAFF.** The academic grades of the teaching staff, in descending order of rank, are (full) professor, associate professor, assistant professor and lecturer or instructor. The main teaching method is the lecture, supplemented by seminars in such fields as history and economics. In the sciences, laboratory periods are often twice the weight of the lecture work. Except in the largest institutions, no time-table allowance is made for professorial research. Canada has no automatic system of sabbatical leave; but after seven years a teacher who wishes a year off for further study or research will normally be given a year's leave on half-pay. Older men from abroad who join Canadian university staffs can hardly hope to benefit from the Canadian superannuation programme unless (as perhaps in the U.S.A.) they have already been enrolled for long years in some transferable system. Otherwise the actuarial obstacles may be insuperable. Vacant teaching posts are almost always filled through private enquiry by university officials. There is no Canadian publication of national scope in which advertisements could be placed; while advertisements abroad involve problems of time-lag and inconvenient interviews at a great distance.

The great majority of Canadian professors will have taken their first degrees in Canada, though frequently with advanced studies in the United States, the United Kingdom or Europe. While Canada's graduate schools and research institutions have expanded phenomenally during the past three decades and the quality of their degrees is very high indeed, they cannot yet hope to cover all of the areas of specialization that are found in older or larger university systems. Nationals from any country are eligible to apply for university posts in Canada. That those from countries other than Canada, the U.S.A. and the U.K. amount to less than five per cent. of the total arises in part from lack of contact and in part from Canadian uncertainty as to the likelihood of successful transplantation from one academic tradition into a very different one. There have often been problems of language, teaching methods and attitudes towards that very un-European animal, the Canadian freshman. Again, while Canadian universities have prided themselves on a tradition of academic freedom for men already on their staffs, no administrator would knowingly appoint pledged members of international conspiracies against his own state. No one wants to scratch a scholar and find an agitator.

One gauge of the proportion of non-Canadians on Canadian staffs may be found in the *Directory of American Scholars*, 1st edition, which showed that of the 293 Canadian professors who rated a place in the book, some 208 (or 71 per cent.) were native Canadians and only 85 (or 29 per cent.) came from the U.S.A. An almost equal number

(204) of native Canadian scholars were professors in the United States. In the intense struggle for staff in the next decade or so, as the clogging of universities in all countries by an explosion of population will make its inexorable demands, it appears possible that Canadian personnel will prove wholly inadequate in numbers and that the U.S.A. and U.K. will have no surplus to spare.

Since World War II, the main faculty importations from non-English-speaking countries have been in the fields of linguistics, music, fine arts and science. These have been mostly Polish, Ukrainian, Magyar and Baltic scholars, political refugees from alien dictatorships in eastern Europe; and most of them have now taken out Canadian citizenship.

For nearly a decade now, all Canadian universities, except those in the province of Quebec, have been receiving grants from the federal government. Since these, however, constitute only a small part of each university's annual income and since there are immense differences in income from provincial grant, endowment income and charitable gifts, the economic stature of the several institutions varies profoundly. A small private university, with meagre provincial help, may pour two-thirds of its income into salaries and still pay its teachers at less than half the rate that some large provincial university may pay its teachers with one-half of its current annual income. Each university has its own distinct salary scale for each rank (lecturer, assistant professor, associate professor and full professor) but there can be no national scale of salary since there is no national uniformity of college income. Thus there is a vast difference between a province like Ontario, where provincial responsibility for higher education is clearly recognized, and a province like Nova Scotia where that responsibility is as yet given only a token recognition. In the year 1959-60, for example, one small Ontario university (McMaster) received more than five times the total provincial help given by Nova Scotia to all its seven universities combined. Only against that background can one understand how the beginning salary for a full professor can vary in different Canadian institutions from \$12,000 a year down to \$5250 a year.

The most generous range can be found in large universities with massive annual outside help. For four such universities (British Columbia, Alberta, Toronto and McGill) the Dominion Bureau of Statistics reported for 1959-60 median salaries for full professors as \$12,175, for associate professors as \$9141, for assistant professors as \$7251 and for instructors and lecturers as \$5502. Even these medians do not tell the whole story, since these four universities reported seven professors with salaries of \$18,000 or over and twenty-five professors with salaries of \$15,000 or over.

**STUDENTS.** The diversity existing among the universities of Canada makes almost every generalization inaccurate with respect to some of

them. Almost all have a substantial number of full-time students in regular course but some (e.g. Sir George Williams College) excel in evening courses and many have extra-mural (correspondence) students and 'summer schools'.

At most universities the majority of the students are in lodgings, the next largest group are in residences, and the remainder are at home. Some Maritime universities (e.g. Acadia, Mount Allison and St. Francis Xavier), however, are almost entirely residential.

On virtually every campus there will be a students' union (guided by a representative council), various athletic societies and a jungle of social, political and literary clubs. Student journalism, dramatics and music will be active. Most universities have training units for the army (C.O.T.C.), the navy (U.N.T.D.) and the air force (R.C.A.F.). There are no uniformly crystallized welfare services, but most universities finance, from fees, a health service that includes medical treatment and hospitalization. Full-time or part-time placement officers are common.

Annual tuition fees will range from \$200 to \$600 a year, depending on the university and the course. Room and board will cost from \$450 to \$650. The total cost of an academic year for a foreign student would range from \$1000 to \$1500. If no summer employment were secured, the full calendar year might cost him \$500 more.

Scholarship assistance is meagre by the standards of the United Kingdom. With the partial exception of Ontario, the provinces have shown no disposition to help their students at the university level, apart from a share in federal-provincial loan funds and in underwriting the fees of teachers-in-training. Postgraduate research grants in science and technology have been made by the federal government through the National Research Council and scholarships in the humanities and social sciences are being awarded by the recently established Canada Council (*see* p. 107). Most undergraduate scholarships are the endowment income on small sums contributed by more or less wealthy Canadians in the past. On the average they enable 5 per cent. of the students to pay 15 per cent. of their annual expenses at college. In the circumstances, it is assumed that all Canadian students will spend the four months of the summer vacation in full-time non-academic employment, earning perhaps one half of the cost of their next year at university. One disastrous result of this situation is that they have neither the time nor the energy for vacation-time study and return in the autumn with nothing learned and much of their earlier course-work forgotten. The fortunate ones are the engineers and geological students who find summer jobs that are relevant to their professional work.

The Dominion Bureau of Statistics has calculated that Canada's university enrolment, which was 36,348 in 1941-42 and 64,165 in 1951-52, will be somewhere between 116,000 and 141,800 in 1964-65. The median figure of 128,900 is not far above an estimate of 123,573 for 1965-66,

made by the universities themselves in 1956. Two factors are involved in these estimates: a steadily increasing enrolment percentage in the relevant age-group and a phenomenal increase in the Canadian birth-rate beginning in the early nineteen-forties after a marked drop during the depressed nineteen-thirties.

**ACADEMIC YEAR.** The usual academic year runs from the end of September until the middle of May, and is divided into two semesters or terms ('fall' and 'spring') by a two-week Christmas break.

**VACATION COURSES.** Some 26 universities offer six-week summer schools during July and one half of August. Both credit and non-credit courses are offered. Most universities refuse to grant a degree on summer schools alone and insist on a minimum of regular attendance.

**UNIVERSITY EXTENSION.** Most Canadian universities have a programme of extension courses, some for degree-course credit and some as a non-academic service to the public. The University of Alberta and St. Francis Xavier University have gone farthest in such services, the former in the field of fine arts and the latter in fishermen's and miners' co-operatives. Saskatchewan has left most of its adult education to the provincial government, although most provincial departments of education have adult education branches in various stages of growth.

**OTHER INSTITUTIONS.** As will be evident from the 'Directory to Subjects of Study' below (pp. 112-115), 'higher education' and 'university education' are almost synonymous terms in Canada. Nearly all training, professional or general, beyond the secondary school level has been assembled under the big tent of the university circus.

Recent years have seen an important new development in the training of scientific technicians and technologists. A high proportion of these is admittedly necessary to support the activities of graduate engineers. Canada has lagged far behind other countries in developing them. The U.S.S.R. may have two and a half million boys and girls in its *tekhnikums* and the technical schools of the U.K. may provide technicians for industry in a ratio of three or four technicians to one engineer, but Canada has until recently left most of this to apprenticeship systems in industry itself. A trail-blazing institution is the Ryerson Institute of Technology, set up in Toronto in 1948 by the Ontario department of education. It is not a trade school but an educational institution. It admits on junior matriculation (Ontario grade XII) and provides so rigorous a course that 55 per cent. of those who register fail to secure the three-year diploma. Two-thirds of the students are engineering technicians; the rest major in business courses, fine arts courses and practical journalism. The courses in electrical, electronic, mechanical, metallurgical, chemical and instrument technology are accredited by the Engineering Institute of Canada. The Ryerson Institute of

Technology, instead of being a separate corporation, comes directly under the Ontario department of education. Registration is already in excess of three thousand. Only some three per cent. of Ryerson's graduates go on to university; but a large proportion of them, after practical experience and evening tutorial classes, proceed to qualify as professional engineers. The successful Ryerson experiment is now being extended to such centres as Hamilton, Brantford and St. Catharines.

The training of chartered accountants, industrial and cost accountants, general accountants, international accountants and accredited public accountants is also mostly carried on outside the universities and the qualifying certificate is issued, after long training and examination, by the professional body itself. The senior body in this field is the institute of chartered accountants in each province.

Teacher training for those with less than a university degree is normally carried on in provincial normal schools or teachers' colleges. University graduates, on the other hand, are given their pedagogical training in university faculties, schools or colleges of education.

Law education is now almost entirely a university function. For many years, the one exception was Osgoode Hall Law School, Toronto, administered directly by the Upper Canada Law Society; but in 1957 this school was authorized by the province of Ontario to give a degree in law.

**INTER-UNIVERSITY ORGANIZATIONS.** Nearly all of the universities of Canada have been organized since 1911 in a loose association as the National Conference of Canadian Universities (NCCU). In 1957 it was incorporated, in order to become eligible to act as an intermediary in accepting federal government grants and paying them out to the individual institutions. It became evident almost immediately, however, that the 244 members of the NCCU constituted too unwieldy a body to take on these new legal responsibilities. It was therefore decided to divide the functions of the NCCU between two bodies: (a) a small, incorporated Canadian Universities Foundation (CUF), designed to handle federal grants, scholarship awards, research, publication and other administrative functions, and (b) a National Conference of Canadian Universities and Colleges (NCCUC), a loosely organized annual gathering of all universities and colleges, 'the national forum of academic opinion', committed to a fraternal discussion of common problems.

The Canadian Universities Foundation (CUF), set up in 1959, accepts the annual money grant (now about \$26,000,000) from the federal government and issues cheques to the individual institutions. Unlike the University Grants Committee in the United Kingdom, it neither makes nor receives any estimates of needs and makes no recommendations to government as to what the allotments should be. The basis of the grants is a counting of heads in each province—to arrive at

a provincial total at a fixed rate (now \$150) per capita—and then a counting of full-time degree-course students in each institution—to arrive at an arithmetical distribution within the province.

The NCCUC and the CUF are closely linked, since every member of the new foundation is a member of the conference and the president of the conference becomes *ex officio* the chairman of the foundation. They also share a single secretariat, appointed by the CUF. The chairman for 1960-61 is the Very Rev. H. F. Légaré of the University of Ottawa. The executive director is Dr. T. H. Matthews, 77 Metcalfe Street, Ottawa 4, Ontario. The research officer is Dr. Edward F. Sheffield, former head of the Educational Branch in the Dominion Bureau of Statistics. Other inter-university organizations are:

(a) Canadian Association of University Business Officers. Secretary: Mr. D. F. Claringbold, Hart House, University of Toronto, Toronto, Ont.

(b) Canadian Association of University Teachers. Executive Secretary: Dr. J. H. S. Reid, Room 603, Commonwealth Building, 77 Metcalfe Street, Ottawa, Ont.

(c) National Federation of Canadian University Students. Executive Secretary: Mr. A. L'Heureux, 375 Rideau Street, Ottawa, Ont.

(d) World University Service of Canada. General Secretary: Mr. D. Mayer, 22 Willcocks Street, Toronto 5, Ont.

**THE UNIVERSITIES TO-DAY.** The major problem faced by all Canadian universities has already been noted in the soaring enrolments, which threaten to double in the decade 1955-65. This is no transient emergency, like the influx of veterans after World War II, but an ever-increasing problem that can be extrapolated for as long as present trends in population continue. Since the century began, Canada's population has risen from five millions to an estimated eighteen millions in 1960 and in a territory larger than Europe there is no reason to assume that this is other than a beginning.

Even in narrowing the problem to one decade, however, the university dilemma is critical. The necessary increase in staff by 1965-66 is envisaged as rising from 5970 to 9725, or an increase of 63 per cent. The amount that the universities estimate must be spent on new buildings and facilities even for the period 1958-63 has been set at \$314,000,000, some \$90,000,000 of which will be sought by public subscription.

These figures, colossal as they seem, are dwarfed by a forecast for 1980, prepared by a recent 'National Conference on Engineering, Scientific and Technical Manpower', which estimates for all faculties two decades hence an enrolment of from 375,000 to 490,000, a staff of over 30,000 and additional facilities at a cost of nearly two billion dollars. Should Canada rise to the present U.S.A. proportion of the relevant age-group enrolled at college, the foregoing figures are modest enough; but the administrators of the

moment are naturally concentrating on their first Ten-Year Plan.

**FURTHER INFORMATION** (see also Appendix V and the 'Publications' section in each university entry below). The National Conference of Canadian Universities and Colleges issues a biennial handbook, *Canadian Universities and Colleges* (latest edition 1960; editor, Dr. E. F. Sheffield), price \$3 and reports of the proceedings at its annual meetings. The Dominion Bureau of Statistics, Ottawa, puts out an annual *Fall Enrolment in Universities and Colleges* and the following biennial publications: *Survey of Higher Educa-*

*tion, Awards for Graduate Study and Research, and University Entrance Awards*; also occasional research papers such as E. F. Sheffield's *Canadian University and College Enrolment Projected to 1965*. A valuable reference pamphlet, *Canadian Institutions of Higher Education*, was published by the D.B.S. in 1959. An historical sketch, together with an exhaustive survey of the humanities, will be found in W. Kirkconnell and A. S. P. Woodhouse, *The Humanities in Canada* (1947). Useful also is *Facilities for Graduate Study in the Humanities and Social Sciences in Canada* (Canada Council, 1959).

## DIRECTORY TO SUBJECTS OF STUDY

A much fuller analysis of subjects of study will be found in the 'Special Curricula' section of *Canadian Universities and Colleges* (see above) on which the following condensed summary is based. Details may be sought there in fields like engineering or divinity, where sub-divisions defy summarization. All Canadian universities offer arts courses, but the availability of the more unusual subjects is listed below:

**Agriculture.** Alberta, Laval, McGill (Macdonald College) and Saskatchewan give the bachelor's, master's and doctor's degrees. British Columbia, Manitoba and the Ontario Agricultural College extend as far as the master's degree. Manitoba gives the bachelor's degree. The Nova Scotia Agricultural College gives only a two-year diploma course. Each of the institutions named undertakes special research into the agricultural problems of its area and all have made contributions to agricultural science.

**Architecture.** At four universities—British Columbia, Manitoba, McGill and Toronto—degree courses are provided in architecture. Five-year diploma courses are available at the Écoles des Beaux Arts in Montreal and Quebec.

**Child Study.** Toronto University's Institute of Child Study admits arts graduates to a one-year diploma course. Short courses are also available.

**Church Workers' Training Schools.** McMaster and Acadia have diploma courses for deaconesses, while prospective missionaries take a degree course in arts. Special training for deaconesses and women missionaries is also provided, in Toronto, at the Canadian School of Missions (Anglican, Presbyterian and United), the Church of England Training House and the United Church Training School (Emmanuel College).

**Commerce or Business Administration.** Nearly all of Canada's universities offer courses in commerce up to the bachelor's degree. British Columbia,

Laval, McGill, Queen's, Toronto and Western add the master's degree. Montreal, in its École des Hautes Études Commerciales, even includes the doctorate. Western in London and the Atlantic universities in Halifax sponsor non-credit summer schools in business administration for senior executives of Canadian companies.

**Criminology.** British Columbia offers an MA course of one or two years for arts graduates; also a diploma course.

**Dentistry.** The degree of DDS is offered at Alberta, Dalhousie, McGill, Manitoba, Montreal and Toronto. Toronto gives the further degrees of BScD, MScD and PhD as well as eight diploma courses.

**Education or Pedagogy.** Most Canadian universities offer a bachelor's degree in education in a one-year professional course following the BA; but Alberta, Brandon, Manitoba, Memorial and Saskatchewan offer four-year pedagogy courses from pass matriculation and stress methodology rather than course-content. The master's, as well as the bachelor's degree, is available at Acadia, Alberta, Bishop's, British Columbia, McGill, New Brunswick, St. Joseph's and Saskatchewan. Laval, Montreal, Ottawa and Toronto also offer a doctorate.

**Engineering.** In the Atlantic region, the first three years of a five-year engineering course are taught at Acadia, Dalhousie, Memorial, Mount Allison, St. Dunstan's, St. Francis Xavier and St. Mary's, while the two final years are given at the Nova Scotia Technical College, in Halifax. Full degree courses are given at Alberta, British Columbia, Carleton, Laval, Manitoba, McGill, McMaster, Montreal, New Brunswick, Ottawa, Queen's, Saskatchewan, Toronto and Western Ontario. While each university offers most branches of engineering, some of them have special branches suited to their region, e.g.

Alberta has irrigation engineering and petroleum engineering, and Saskatchewan has agricultural engineering and petroleum engineering.

**Fine Arts.** Nearly all Canadian universities accept some courses in fine arts as options in the BA course, but only three universities—Manitoba, Mount Allison and Toronto—offer a bachelor's degree, the two former in fine arts and the latter in art and archæology. Mount Allison also offers three-year certificates in fine and applied arts, and Alberta two-year and four-year diplomas in art. Three university summer schools lay great stress on the arts, viz., Alberta (Banff School of Fine Arts), Queen's and Western Ontario. Some institutions are wholly devoted to art, e.g. Ontario College of Art, School of Art (Sir George Williams College).

**Fisheries.** Special courses in ichthyology are available at the University of British Columbia (Institute of Fisheries), Laval (École supérieure des Pêcheries) and Dalhousie University.

**Food Technology.** A bachelor's degree in food technology is available at British Columbia, Dalhousie, Ontario Agricultural College, Saskatchewan and Toronto.

**Forestry.** British Columbia, Laval and Toronto offer the bachelor's, master's and doctor's degrees; New Brunswick the bachelor's and master's; and Memorial a 'pre-forestry' diploma.

**Geography.** Alberta, Ottawa and Toronto offer bachelor's degrees; Western Ontario and McMaster add a master's degree; Laval, McGill and Montreal carry work to the doctorate. Nine other universities carry from one to thirteen credit courses in geography.

**Home Economics.** Manitoba, McGill and Montreal carry work to the master's degree. Four-year courses from junior matriculation to the bachelor's degree are available at Acadia, Alberta, Assumption, British Columbia, Laval, Mount Allison, Mount St. Vincent, Ontario Agricultural College (Macdonald Institute), Ottawa, St. Francis Xavier (Mount St. Bernard College), St. Joseph's (Notre Dame d'Acadie), Saskatchewan, Sherbrooke, Toronto and Western Ontario. Memorial gives a two-year diploma.

**Hospital Administration.** British Columbia and Toronto offer one-year diploma courses, and Montreal an MA (AdmHosp) for two years beyond the MD.

**Hygiene.** Montreal and Toronto offer one-year diploma courses.

**Industrial Arts.** Alberta and British Columbia have courses of four and five years respectively, leading to a BEd degree.

**Industrial Relations.** Laval and Montreal carry work to the master's degree and the doctorate. Queen's has a certificate course and McGill an 'Industrial Relations Centre' with a library, seminars, short courses and conferences.

**Interior Design.** Manitoba has a four-year course to the degree of bachelor of interior design.

**Islamic Studies.** McGill's Institute of Islamic Studies offers an MA course.

**Journalism.** Carleton offers a BJ and Western Ontario a BA (honours). A three-year diploma course is offered by the Halifax School of Journalism, sponsored jointly, with its own board of governors, by St. Mary's, King's, Mount St. Vincent, the Halifax *Chronicle-Herald* and radio station CJCH. Western Ontario also gives a one-year diploma course for graduates in arts as well as a four-year BA with a journalism major.

**Laboratory Technique.** While most universities train a number of students incidentally as technicians, Alberta gives a BSc in the field and Laval, Montreal and Saskatchewan diplomas or certs.

**Language Schools.** At several university summer schools, French-speaking students are given an opportunity to immerse themselves in an all-English regimen or English-speaking students in an all-French one. Queen's, Sherbrooke and New Brunswick provide the former type and McGill, Mount Allison and Western Ontario (Trois-Pistoles School) the latter. Laval, Ottawa and Montreal provide both types.

**Languages.** Nearly all faculties of arts give courses in French, German, Greek, Latin, Hebrew and Spanish. Other languages are also available as follows: Arabic (Laval, McGill, Ottawa); Chinese (British Columbia); Czech (Montreal); Dutch (New Brunswick); Gaelic (St. Francis Xavier); Hungarian (Montreal); Icelandic (Manitoba); Italian (Acadia, British Columbia, Carleton, Laval, McGill, Montreal, Mount Allison, New Brunswick, Ottawa, Queen's, St. Francis Xavier, Sherbrooke, Toronto, Western Ontario); Japanese (British Columbia); Lithuanian (Montreal); Norwegian (Saskatchewan); Polish (British Columbia, Manitoba, Montreal, Ottawa); Portuguese (Laval, Toronto); Russian (Alberta, British Columbia, Carleton, Dalhousie, Laval, McGill, McMaster, Manitoba, Montreal, Ottawa, Queen's, Saskatchewan, Toronto, Western Ontario); Slovak (Montreal); Ukrainian (Manitoba, Montreal, Ottawa, Saskatchewan).

**Law.** The practice of law in each province is under the jurisdiction of the Law Society of that province. Graduation in law from one of the universities or schools listed below is normally accepted as the academic standard for the province where the school is located. In most provinces, a BA is a prerequisite for entering the faculty of law. University institutions are: Alberta, British Columbia, Dalhousie, Laval, McGill, Manitoba, Montreal, New Brunswick, Ottawa, Queen's, Saskatchewan, Sherbrooke, Toronto and Western Ontario. Osgoode Hall Law School (Toronto) also grants a law degree. Several schools offer advanced degrees and Laval, McGill and Montreal carry work to the doctorate.

**Library Science.** McGill, Montreal, Mount St. Vincent, Ottawa and Toronto offer a bachelor's degree for one year beyond the BA; McGill, Ottawa and Toronto also offer a master's degree;

Laval confers a one-year diploma; Acadia offers credit options in the BA course and St. Francis Xavier a BA with a major in library science.

*Marine Biology.* Special studies are available at Memorial and at McGill's research station in Barbados.

*Medieval Studies.* Two institutions, l'Institut d'Études Médiévales Albert le Grand (University of Montreal) and the Pontifical Institute of Medieval Studies (University of St. Michael's College, Toronto), offer courses and degrees ranging from the licentiate to the doctorate. The prerequisite for the former institute is the BA, for the latter the honours BA.

*Medical Radiology.* The faculties of medicine at McGill, Queen's and Toronto offer diploma courses for graduate physicians.

*Medicine.* There are faculties of medicine at Alberta, British Columbia, Dalhousie, Laval, Manitoba, McGill, Montreal, Ottawa, Queen's, Saskatchewan, Toronto and Western Ontario. The normal prerequisite is three years in arts or science. Various post-MD degrees or diplomas are also offered at Manitoba, McGill, Montreal, Queen's, Toronto and Western Ontario, e.g. psychiatry and tropical medicine at McGill, psychiatry at Toronto and clinical science at Western Ontario.

*Music.* Work as far as the doctorate in music is offered at Laval, McGill, Montreal and Toronto; Acadia gives the licentiate, bachelor's (BA and BMus) and master's degrees; the bachelor of music degree is offered at Alberta, Dalhousie, Mount Allison, Mount St. Vincent, St. Francis Xavier and St. Joseph's; Saskatchewan and Western Ontario offer a BA with music options; a BA with a major in music is also offered at Acadia and Sherbrooke; while various forms of diplomas, associateships and licentiates are offered by the foregoing and by Brandon College, Manitoba and Ottawa.

*Nursing.* A degree of bachelor of science in nursing (or its equivalent) is conferred, for a combined hospital and academic course (usually of five years), at Alberta, Assumption, British Columbia, Dalhousie, Laval, McGill, McMaster, Montreal, Mount St. Vincent, Ottawa, Queen's, St. Francis Xavier, Saskatchewan, Sherbrooke, Toronto and Western Ontario. Manitoba gives a one-year certificate course for graduate nurses.

*Oceanography.* Research and course work are available at Memorial and at British Columbia's Institute of Oceanography.

*Optometry.* The École d'Optométrique, Montreal, offers a three-year licence after the classical college BA, as well as further courses to the master's degree and the doctorate.

*Pharmacy.* Faculties or schools of pharmacy offer the bachelor's degree at Alberta, British Columbia, Dalhousie, Laval, Manitoba, Montreal (also master's and doctor's degrees), Saskatchewan (also a master's degree), and Toronto (also a

master's degree). Assumption offers the first two years of a pharmacy course. Most provinces demand a period of internship.

*Physical and Occupational Therapy.* McGill offers a five-year bachelor's degree and a three-year diploma course. Diploma courses are also given at Alberta, Montreal and Toronto.

*Physical Education.* The bachelor's degree in physical education is offered, in various forms, at Alberta, British Columbia, McGill, McMaster, New Brunswick, Saskatchewan, Toronto and Western Ontario. Memorial gives a two-year diploma.

*Psychiatry.* Diploma courses are open to graduate physicians at Dalhousie, McGill and Toronto.

*Psychology.* While courses in psychology are available at virtually all Canadian universities, special postgraduate courses to the doctorate are offered at McGill, Montreal and Ottawa.

*Public Administration.* Carleton offers bachelor's and master's degrees in this field; Ottawa has a specially slanted BCom course; while Queen's has an honours BA and Saskatchewan an evening certificate course.

*Public Health.* Almost all schools of nursing give a one-year course for graduate nurses who wish to specialize in public health nursing (see also Nursing and Hygiene). Toronto and Montreal provide specialist doctoral courses after the MD.

*Secretarial Science.* Acadia and Mount Allison give a three-year diploma and a four-year combined course BA; Mount St. Vincent offers a BSc; St. Francis Xavier (Mount St. Bernard College) has two-year diplomas in secretarial science and medical secretarial science; Western Ontario gives a BA course as does also the University of Ottawa in its Notre Dame College.

*Social Work.* The general pattern in Canada calls for a BA or BSc as prerequisite and a two-year course (including abundant field work) leading to an MSW degree. This is the sole degree at Acadia, King's, Mount Allison, St. Francis Xavier and St. Mary's (all five in affiliation with the Maritime School of Social Work), St. Patrick's and McGill; while British Columbia, Manitoba and Toronto intercalate a BSW after the first year of the course. Laval has bachelor's and master's degrees three and four years respectively after the classical college BA, while Montreal only the master's degree (three years after the BA). Western Ontario offers only an honours BA with no field work. Laval has started a research centre in religious sociology.

*Speech Therapy and Audiology.* Montreal offers an MA (two years after BA or BSc) and Toronto a diploma course.

*Theology.* There are in Canada some fifty-five theological faculties or colleges of university grade giving theological instruction. The Protestant

institutions are as follows: Church of England, eleven; United Church, eight; Presbyterian, two; Baptist, two; Lutheran, two; total, twenty-five. These do not include more elementary schools of the 'Bible college' type. The Roman Catholic institutions number thirty. Of these, ten are administered by the secular clergy and twenty by clerical communities. Advanced graduate work in theology has been organized at Toronto in the 'Toronto Graduate School of Theological Studies', a collaborative enterprise of the Anglican, United Church and Presbyterian theological colleges in that city.

*Town (Community) and Regional Planning.* Graduate courses for the master's degree are

offered at British Columbia and Manitoba, and a diploma course at Toronto.

*Tropical Medicine and Hygiene.* McGill offers a one-year diploma to holders of the MD and DPH. Field work is carried out in Trinidad and British Guiana.

*Veterinary Science.* Undergraduate and graduate courses in veterinary science, leading to the bachelor's, master's and doctor's degrees, are provided at the Ontario Veterinary College, Guelph, in affiliation with the University of Toronto. French-language students take corresponding courses at the École de Médecine Vétérinaire, St-Hyacinthe, in affiliation with the University of Montreal.

## B. STATISTICS

[Source: Dominion Bureau of Statistics, Ottawa \*]

**TOTAL STUDENT ENROLMENT.** The estimated full-time university-grade student enrolment in all Canadian universities and colleges in the autumn of 1958 was 94,400 (an increase of 9.1 per cent. over the corresponding figure for 1957), divided among faculties as follows: I. *Undergraduate*: arts and letters, 33,296; pure science, 7,521; agriculture, 1,562; architecture, 624; commerce and business administration, 4,994; dentistry, 941; education, 7,110; engineering and applied science, 14,826; fine and applied arts, 80; forestry, 772; household science, 1,432; journalism, 100; law, 2,714; library science, 100; medicine, 4,370; music, 216; nursing, 1,374; optometry, 93; pharmacy, 1,219; physical and health education, 591; physio- and occupational therapy, 395; secretarial science, 192; social work, 628; theology, 1,926; veterinary science, 404; others, 530. II. *Postgraduate*: 4,550. In addition to these 92,560 students an estimated 1840 were enrolled at certain small institutions, mainly in undergraduate arts and theology.

**STUDENTS FROM OTHER COUNTRIES.** Preliminary figures for 1958-59 show that there were about 5,300 full-time students from outside Canada enrolled at

Canadian universities and colleges. The countries from which the largest numbers came were: U.S.A., 1,600; W. Indies Fed., 897 (Trinidad, 549; Jamaica, 194); Hong Kong, 546; United Kingdom, 510; India, 152; France, 150; Netherlands, 83; Germany, 76; Bermuda, 61. Over 100 countries or territories were represented.

## GENERAL INFORMATION

Founded, as Queen's Coll., in 1838 by the N.S. Baptist Educational Society, Acadia Coll. ('Acadia' is a Latinized form of 'Acadie', the earlier Amerindian name for Nova Scotia) was incorporated in 1840 by act of the N.S. legislature, with the powers of a univ. and the name changed to Acadia Univ. by an act of legislature in 1891. Endowment, \$2,000,000; physical plant, \$8,000,000.

**CONSTITUTION.** The bd. of governors is appointed by the Baptist Convention of the maritime provinces, but the students and faculty are subject to no religious tests. Of the 30 governors, 14 are nominated by the Associated Alumni of the univ. By the 1840 act of incorporation and subsequent legislative amendments, the bd. of governors has authority over all matters of property, finance and discipline, and all appts. of academic or admin. staff. The senate, consisting of pres., provost, deans, chairman of governors, and 12 other persons apptd. by bd. of governors, has final authority over all academic matters including curricula, and grants dipls. and degrees in all depts. and facs. For purposes of routine admin., the bd. delegates its powers of discipline to the facs. Curricula and exams. are the province of the facs., subject to final confirmation of senate. The pres. is chairman of senate and of the combined facs., and *ex officio* a member of bd. of governors.

**INCOME (1958-59).** Total operating income, \$1,072,828. Of the non-residential income, the sources were: fees, 43 per cent.; federal govt. grant, 24.6 per cent.; provincial govt. grant, 8.5 per cent.; endowment, 14 per cent.; Baptist churches, 1.9 per cent.; other gifts, 6.6 per cent.; other income, 1.4 per cent.

**UNIVERSITY PRECINCT.** 100 acres of lawn, park and playing fields have been landscaped over the past century. Some 31 bldgs. have been erected and an architect's master plan projects still others. This is a residential univ. in a town of 2400 pop.

**LIBRARY.** 110,000 vols. Sp. collections include Eric Dennis and John D. Logan collections of Canadiana.

**LABORATORIES.** Biol., chem., geol., phys., engin., home econ. Green-houses and arboretum. Astronomical observatory.

**ADMISSION.** See Appendix II.

**FIRST DEGREES.** BA, BSc—4 yrs. (for hon.: 4-5 yrs., 80 per cent. standing and thesis); hon. may be taken in biol., chem., econ., Engl., French, geol., hist., home econ., Latin, maths., philos.,

phys., psychol., sociol. BCom, BTh, BSc(HEC)—4 yrs.; BMus—4 yrs. and concert recital.

**HIGHER DEGREES.** MA (can be taken in econ., Engl., French, hist., German, Greek, Latin, maths., psychol., sociol.), MSc (can be taken in biol., chem., geol., maths., phys., psychol.), MMus—1 yr. beyond bachelor's degree, 80 per cent. standing on master's courses, and thesis; BEd—1 yr. beyond BA or BSc; MEd—1 yr. and thesis beyond BEd; MSW—2 yrs. at Maritime Sch. of Soc. Work (see p. 117) beyond bachelor's degree; BD—3 yrs. and thesis beyond BA. The DCL, DLitt, DSc, DD, MusD, are honorary degrees.

The univ. does not award EXTERNAL DEGREES.

**DIPLOMAS AND CERTIFICATES.** 3 yrs.—dipl. in home econ., cert. in appl. sci., licentiate in music, secretarial sci. dipl. 2 yrs.—jr. arts, cert. in women's leadership trg. The appl. sci. cert. enables students to enter without exam. into the Nova Scotia Tech. Coll. and the 4th yr. classes of McGill Univ.'s fac. of engin. 3 yrs. plus pedagogy—sr. dipl. in educn.; 2 yrs. plus pedagogy—jr. dipl. in educn.

**RESEARCH.** An Acadia univ. inst., incorporated in 1956, plans and supervises res. projects for profs. and advanced students. Recent projects have examined economic problems of the adjacent region of N.S.

**STUDY LEAVE.** Members of the faculty may have a year of study leave on half-salary after seven years of service.

**FEES.** From \$340 p.a. (incl. tuition, lab. and general fees).

**SUMMER SCHOOL.** Graduate courses of study available for teachers of the province wishing to qualify for the master's degree, which is a necessary qualif. for academic licence issued by dept. of educn. of Nova Scotia. 4 summer sessions are required as equivalent of 1 full academic yr. All the work for the master's degree must be carried out in one dept. Classes are also offered in undergrad. work and to a limited extent in elem. foreign langs.

**PRINCIPAL 'OPEN' ENTRANCE AWARDS.** A no. of scholps. are open for competition each yr. on the basis of exams. of the province of N.S. The univ. also has a no. of bursaries which may be awarded to deserving students. Details in univ. *Calendar*.

**GRADUATE SCHOLARSHIPS.** Bayne teaching fellowship in biol., \$600 plus fees.

**EMPLOYMENT.** A joint fac.-student cttee. co-operates with the placement service of the federal dept. of labour.

**GRADUATES.** The grads. of Acadia Univ. have been organized since 1860 as the 'Associated Alumni', with annually elected officers and a paid

sec.-treasurer. They edit an official publicn., the *Acadia Bulletin* (6 times a yr.), and nominate 14 members to the univ.'s bd. of governors.

**RESIDENCE.** (Room and board, \$530 a yr.) For women : Whitman Hall (dean, Mrs. Ethel V. Kinsman), 119 students. Seminary (dean, Mrs. Lillian Hopkins), 58. For men : Memorial Residence (dean, H. Way), 187 ; Willett Hall (dean, J. Stokesbury), 64 ; Horton Hall (dean, R. MacDonald), 80.

## GENERAL INFORMATION

The univ. was created in 1906 by an act of the first session of the first legislature of the province. The provincial legislature has establd. a close relationship between the univ. and the professions by giving the general fac. council jurisdiction over the educn. standards of agrologists, architects, chartered accountants, dentists, engineers, land surveyors, lawyers, pharmacists, physicians and surgeons, physiotherapists, registered nurses and veterinary surgeons.

In 1944 the univ. assumed responsibility for all teacher trg. in the province and in 1945 took over the provincial normal schs. and their staffs. The Calgary normal sch., which was housed in the bldg. of the provincial inst. of technol. and art, became the Calgary branch of the univ., now the 'Univ. of Alberta in Calgary'. It provides 1st yr. and some 2nd yr. courses in arts & sci.,

comm. and nursing, with 2-3 yrs. educn. and 1st yr. engin.

The senate supervised all phases of the instn.'s activities until 1910, when a bd. of governors was constituted and given charge of the univ.'s business affairs. This form of govt. remained substantially unaltered until 1942, when a new act reduced the size of senate and transferred most of its academic functions to the general fac. council. The univ. act is at present being revised.

**CONSTITUTION.** The chancellor is elected for 6 yrs. by convocation, which consists of survivors of original groups of grads. of other univs. who registered as members of convocation under the univ. act of 1906, and all subsequent grads. of the univ. : he is a member of the bd. of governors and of senate, as is the pres. The bd. of governors

consists of 6 *ex-officio* members and 7 apptd. by the lt.-governor in council. The senate consists of 25 members: there is considerable emphasis on its function as a bridge between the univ. and the life and activities of the province, and 9 of its members represent agric., business, labour, industry, public educn. and organizations devoted to social and cultural welfare.

**INCOME (1959-60).** On current account, about \$10,100,000 (major sources of revenue: prov. of Alberta, 53 per cent.; govt. of Canada, 24 per cent.; tuition fees, 23 per cent.). Income on capital account (prov. of Alberta, 100 per cent.), \$10,850,000.

**FACULTIES AND DEANS.** See p. 120.

**SCHOOLS AND DIRECTORS.** See p. 120.

**LOCATION.** In Edmonton, the univ. possesses 857 acres (campus, 133 acres; farm, 724 acres). The campus, located about 2 miles from the business centre, borders the wooded southern bank of the N. Saskatchewan river. It contains some 12 major teaching and res. bldgs., in addition to student residences, service bldgs. and 2 affiliated colls. Adjoining are the Alberta Res. Council, the prov. lab. of pub. health, 2 teaching hosps. and the Northern Alberta Jubilee Auditorium. At Calgary, the new campus extends to about 230 acres, and is situated on the Banff highway, at the western limits of the city. The 2 bldgs. in Calgary are designed to house arts, educn., engin. and sci. The Banff Sch. of Fine Arts, which is administered by the univ., is located in the mountains.

**LIBRARY.** 236,000 vols., incl. 192,000 in Rutherford libr., 20,000 in educn. libr. and 24,000 in libr. of the univ. at Calgary. 2000 periodicals taken regularly at Edmonton and 250 at Calgary.

**LABORATORIES** for all scientific courses; museum; herbarium; farm; agric. experimental plots; extensive greenhouses and growth chambers.

**RESEARCH LABORATORIES** for the study of animal nutrition; cancer; coal; field crops; hydraulics; petroleum products; pharmacy; soils; soil mechanics; strength of materials; structural engin. The provincial lab. of pub. health and the indust. labs. are situated on the campus.

**INSTITUTES.** Boreal inst. in arctic res., inst. of theore. phys., summer inst. of linguistics.

**TEACHING HOSPITALS.** University (1138 beds), General (402 beds), Misericordia (443 beds), Royal Alexandra (729 beds), Charles Cammell H., Oliver Mental H., Aberhart Memorial TB. Sanatorium, Workmen's Compensation Bd. Rehabilitation Clinic, Cerebral Palsy Centre, Prov. Mental H. at Ponoka, Prov. Sch. for Retarded at Red Deer.

**ADMISSIONS** See Appendix II.

**NON-MEMBERS OF THE UNIV.** may be admitted to classes on payment of the class fee (\$55) and

reduced general fees. No univ. degree credit is gained by such attendance.

**FIRST DEGREES.** 3 yrs. About four-fifths of the individual courses in an hons. curriculum are in the subj. of specialization or related fields; with certain limitations, the remainder may be selected by the student.

**Erg. Credit Programme.** Some 24 arts and 5 educn. courses are offered in Edmonton and a few in Calgary and other centres. No degree can be completed in this way.

**HIGHER DEGREES.** 3 yrs. after BA—LLB. A bachelor with hons. standing may obtain MA or MSc in 1 yr. of advanced study (2 yrs. for bachelors with general degree). MEd requires equivalent of 2 yrs. of advanced study. Period of study for BD varies according to programme selected but is in no case less than a combined total of 4 yrs. in arts and theol. For PhD and EdD bachelors normally must have 3 yrs. of study and res., and masters 2. Two yrs. of residence required in either case. Grad. courses are offered in animal sci., bacteriol., biochem., bot., chem. & engin., chem., civ. engin., classics, dairy sci., educnl. admin., educnl. psychol., electr. engin., elem. educn., Engl., entomol., geol., hist., maths., mod. lang., petrol. engin., pharm., philos., psychol., phys., phys. educn., physiol., plant sci., econ., pol. sci., second. educn., soil sci., zool. The PhD may be given in animal sci., biochem., chem., educnl. admin., educnl. psychol., entomol., geol., hist., metall., pharm., phys., physiol., pharmacol., plant sci., second. educn., soil sci.

Higher degrees are open to grads. of other univs. on the same terms as to grads. of this univ.; courses of instructn. (as distinct from facilities for supervised res.) are provided.

DSc and DLitt have been conferred for high distinction in original res.

**HONORARY DEGREE.** LL.D.

The univ. does not award **EXTERNAL DEGREES**, though credit may in certain circumstances be given for exams. passed through extra-mural study.

**DIPLOMAS, CERTIFICATES, ETC.** *Educn.*: 1-yr. 'normal' course for jr. elem. cert. *Nursing*: 3-yr. general dipl. course; 1-yr. dipl. courses for

grad. nurses in pub. health nursing and teaching & supervision. *Physiotherapy*: dipl. (2 yrs.). *Art*: dipl. (4 yrs.); inter. dipl. (2 yrs.). Short courses in dairying and obstet.

**RESEARCH.** Well-equipped labs. in agric., biochem., bot., chem., engin., med., pharmacy and zool. Computing centre: Van de Graaff accelerator. Cosmic ray lab. at Sulphur Mountain, Banff. The teaching hosps. provide many res. problems. Res. in educn. is facilitated since all teacher trg. in the province is conducted in that fac. There is an inst. of highway engin. The cancer lab. provides for surgical res. There is close collaboration with the Res. Council of Alberta (*see below*). Depts. of the provincial govt. assist in res. *See also* 'Research Laboratories' *above*. Published res. papers are listed in annual *Report of Bd. of Governors*.

**RESEARCH COUNCIL OF ALBERTA.** Adjoining campus. Its essential function is to conduct res. directed to the utilization of the resources of the prov. of Alberta. Its staff members collaborate with members of related depts. of the univ. *See also* p. 129.

**STUDY LEAVE.** One yr. is granted, subject to conditions regarding nature of studies and financial consequences to the univ., on half to four-fifths salary.

**FEES.** Annual tuition fees: BA, \$215; BSc, \$245; BCom, \$245; BSc(HEc), \$245; BSc (agric.), \$235-\$245; BSc (engin.), \$285-\$315; DDS, pre-dental, \$245, other yrs., \$265-\$415; BEd, \$205-\$225; L.L.B., \$265; MD, \$365-\$525; BSc (nursing), 1st yr.—\$245, 5th yr.—\$245, 2nd, 3rd & 4th yrs.—gratis; BSc (pharmacy), \$255. Inclusive fee for master's degree, \$200-\$300. General fees: students' union: \$21-25.

**ACADEMIC YEAR.** Sept. to April (2 terms, of about 12 & 14 wks., separated by Christmas vacation). In med. and in dent., terms are about 15 & 17 wks. Summer session, 6 wks. in July and Aug. (mainly for students in arts and sci. and in educn.). All courses may be credited towards degrees.

**ADULT EDUCATION** work includes lectures, radio discussion group material, debating material, general information service, agric. bulletins, short courses in art and dramatics, film and lantern slide service, open-shelf and travelling libraries and community life conferences.

The **BANFF SCHOOL OF FINE ARTS** held during July and Aug. offers non-credit courses in theatre, art, music, ballet, opera, appl. art, oral French, photography, play-writing and radio-writing, and certain credit courses in fine arts and French which are of particular interest to teachers.

The **BANFF SCHOOL OF BUSINESS ADMINISTRATION**, under the joint sponsorship of Alta., Br. Col., Manit. and Sask., is meeting industry's demand for exec. trg. through its advanced management courses.

## GENERAL INFORMATION

Founded 1857 by Rev. Pierre Point, pastor of Assumption Parish, Sandwich (Windsor). Incorporated 1858 by a public act of the legislature of the Province of Canada. Conducted by the Basilian Fathers in 1857-58 and since 1870. Most Rev. D. O'Connor, DD, president 1870-90, lengthened the arts course from 2 to 4 yrs., and was responsible for considerable academic and material progress. Affiliated with the fac. of arts and science of the Univ. of Western Ontario in 1919. The Assumption College Act, 1953, passed by the legislature of the province of Ontario, amended the original act of incorporation, varied the administration of the coll. and enlarged and specified its university powers. Affiliation ceased July 1, 1953, and the following year the coll. was admitted to the National Conference of Canadian Univs.

A reorganization of the fac. of arts and science took place in 1956, whereby the depts. of the natural scis., maths., engin., nursing educn. and bus. admin. were assigned to Essex Coll. under its own non-denominational bd. of dirs. and the remaining depts. of this fac. were grouped into an academic unit known as University College, under the direct control of the Assumption bd. of governors. In March 1956 the Ontario legis-

lature passed an act which changed the name of Assumption College to Assumption University of Windsor.

The univ. is located in the city of Windsor (pop. 190,880) and serves a pop. of approx. 331,000 in S.W. Ontario.

CONTROL AND SUPPORT. The univ. and university coll. are operated by the Basilian Fathers, a Roman Catholic order conducting univs., colls. and secondary schs. in Canada, the U.S.A. and France. There is wide community representation on the senate, board of regents and advisory council, and the facilities of the univ. are open to all, regardless of race, colour or creed. The affiliated colls. are legally and financially distinct, but subject in academic matters to the senate.

INCOME (1958-59). Total income (operational) \$1,485,734 (tuition & other student fees, 28.1 per cent.; govt. grants, 41.4 per cent. (federal, 18.5 per cent.; provincial, 18.5 per cent.; municipal, 4.4 per cent.); ancillary enterprises, 27 per cent.; other sources, 3.5 per cent.).

FACULTIES. See p. 135.

UNIVERSITY PRECINCT. The univ. is housed in a group of bldgs. on a 100-acre campus bordering the Detroit river. These include the adminis-

tration bldg., staff and student residences, Dillon Hall (Univ. Coll. lecture and seminar rooms, labs. for household sci., langs. and psychol.); Essex Coll. (biol., chem., engin., geol. and phys. labs., biol. museum, audio-visual aids); St. Denis Hall (gymnasium and swimming pool) and student union (offices of the students' admin. council, student press, lounge, cafeteria, drama workshop and games room). Extensive playing fields available on campus.

**LIBRARY.** opened 1958, has 94,000 vols. and 16,000 bound vols. of periodicals.

**ADMISSION.** See Appendix II.

**FIRST DEGREES.** 3 yrs.—BA, BSc, BComm; 4 yrs.—BA hons., BSc hons., BComm hons. (in bus. admin.), BHSc hons., BASc (in chem., civil, electr. and mech. engin., and in engin. phys.), BScN. The 1st yr. of pass and hons. courses is common; remaining yrs. are separate. BA hons. may be taken in econ. & pol. sci., Engl., French, hist., philos., psychol., Spanish; BSc hons. in biochem., biol., chem., maths., phys.

The univ. offers also a pre-pharmacy course (1 yr.) which must be completed at other univs.

*Evg. division* offers BA, BComm pass courses equivalent to those offered in day division but extending over a longer period.

**HIGHER DEGREES.** 1 yr. from hons. or 2 yrs. from pass degree—MA, MSc, MBA. These degrees are open to grads. of other univs. Courses of instructn. offered (for MA) in econ., Engl., hist., philos., psychol.; (for MSc) in biol., chem., maths., phys.; (for MBA) in bus. admin.; and (for MASc) in chem., civil, electr. and mech. engin.

**HONORARY DEGREES.** DCL, LL.D, DSc, DLitt, MusD.

The univ. does not award EXTERNAL DEGREES.

**DIPLOMAS.** Management, pub. health nursing, nursing educn., each course 1 yr., for grads. in respective fields.

**STUDY LEAVE.** It is regular practice to permit staff members pursuing higher degrees to have one or more calendar yrs.' leave of absence (in addition to summers).

**FEES.** Annual tuition and misc. fees—full-time: engin., \$500; all other courses—undergrad. \$425, grad. \$412.50; part-time and extension: \$40 1st hour, \$30 each additional hour (per wk. in winter session or per day in summer sch.). Students from outside the Commonwealth pay \$70 per subj. extra (to a max. of \$100 per yr.). Room and board—\$650 p.a.

**ACADEMIC YEAR.** Winter session, mid-Sept. to mid-May: 2 terms, 16 weeks each.

**SUMMER SESSION.** Day classes in selected undergrad. subjects are offered in a 6-wk. summer

session—July and Aug. BA pass course may be taken.

**ADULT EDUCATION.** Evening courses, provided for employed men and women seeking degrees and dipls., are open as well to those interested only in single subjects. In addition, extension courses, for which no academic credit is allowed, are offered at low cost for interested members of the public. Since 1934 the univ. has sponsored for public benefit an annual series of lectures and recitals by outstanding persons, known as the Christian Culture series.

**PRINCIPAL 'OPEN' AWARDS** offered to students entering the univ. for the first time. Univ. entrance scholps.—\$3200 (for out-of-town students) or \$2000 (for local students) (6 offered annually): \$1500 for residents of Essex Co. **GENERAL INFORMATION**

The coll., founded in 1843 (and deriving its name from the 3rd bishop of Quebec who helped to found it), was in 1853 by royal charter constituted a univ. with power to confer degrees.

**CONSTITUTION.** The univ. is administered by a corporation, whose members are apptd. by jt. action of the Anglican bishops of the province of Quebec on the recommendation of a nominating cttee. composed of the chancellor, vice-chancellor and pres. and vice-pres. of the corporation. The corporation consists of 21 trustees and 9 coll. council members. An executive cttee., apptd. at annual meeting in Oct., consists of the chancellor, pres. and vice-pres. and principal *ex-officio* and 10 other members.

**INCOME (1958-59).** Total, \$419,000 (govt. grants, 24 per cent.; endowments, 19 per cent.; fees, 50 per cent.; other sources, 7 per cent.).

**FACULTIES.** Arts & sci.; div. For deans, *see* p. 141.

**LIBRARY.** 34,000 vols.

**LABORATORIES.** Biol., chem., phys.

**ADMISSION.** *See* Appendix II.

**FIRST DEGREES.** 4 yrs.—BA pass, hons.; BSc pass, hons.; BA in bus. admin. A student who enters the univ. with high standing may be allowed to complete pass degree course in 3 yrs. BA hons. may be taken in classics, econ., econ. & hist., econ. & maths., Engl., Engl. & French, Engl. & hist., Engl. & philos., French & hist., French & Latin, hist., hist. & philos., maths. & phys., mod. langs., or philos. & theol. BSc hons. may be taken in biol. & chem., chem. & maths., chem. & phys., or maths. & phys.

Theol. students take BA with theol. options (3 yrs.) followed by 2 yrs. of theol. study for LST.

**HIGHER DEGREES.** 2 yrs. postgrad.—MA (may be taken at present in educn., Engl., hist., theol.). 1 yr. postgrad. (or 4 summer sessions) plus 2 yrs. teaching experience—MEd. BD, DD and STh (scholar in theol.) awarded by the univ. in accord-

ance with regns. of Bd. of Examiners of General Synod of Anglican Church of Canada.

**HONORARY DEGREES.** DCL, DD.

The univ. does not award EXTERNAL DEGREES.

**LICENTIATE.** 2 yrs.—LST (lic. in sacred theol.).

**CERTIFICATE COURSE.** 1 yr. postgrad. course for Quebec high sch. cert.

## GENERAL INFORMATION

The Univ. of British Columbia was incorporated by an act of 1908. The univ. site consists of 1000 acres on the headland of Point Grey, 300 feet above the sea. Here a group of bldgs., constructed at a cost of nearly \$2,000,000, was opened in 1925.

The univ. is an integral part of the public educn. system of the province, and its function is to complete the work begun in the public and high schs. It is the policy of the univ. to promote educn. in general, and in particular, to serve its constituency through 3 channels—teaching, res. and extension work. It furnishes instructn. in the various branches of a liberal educn., and in those technical depts. which are most directly related to the life and industries of the province. The people of the province are informed of the results of sp. work by the staff of the univ. through the dept. of univ. extension. B.C. has a population of 1,544,000 and Greater Vancouver of 612,900. \*

CONSTITUTION. The bd. of governors consists of the chancellor, elected by convocation, president and 9 persons—3 elected by the senate and 6 apptd. by the lieut.-govr. in council. The senate consists of the chancellor, pres. (as chairman), deans and 2 profs. of each fac., 3 nominees of the lieut.-govr. in council, 2 profs. of Victoria Coll. elected by the fac., principals of normal schools, one member elected by high sch. principals and assts., one by each affiliated coll. in the province, 15 by convocation, one by the B.C. teachers' federation, 3 members apptd., by the board of management of alumni assoc.

INCOME (1958-59). Total income, \$11,873,509 (govt. of Canada grant, 27.9 per cent. ; provincial grant, 30.8 per cent. ; student fees, 22.9 per cent. ; gifts, grants and bequests, 8.6 per cent. ; other sources, 3.8 per cent.).

LIBRARY. 400,000 vols. ; regularly receives about 4000 periodicals. Strong in serial publicns. of scholarly and scientific socs.

LABORATORIES available for all courses. The forest products lab. (opened 1958) is a unit of the F.P. labs. div. of the for. branch, dept. of northern affairs & natural resources, govt. of Canada. HERBARIUM : 46,000 sheets flowering plants and ferns. BOTANICAL GARDENS, arboretum and econ. section, 5 acres.

TEACHING HOSPITALS. Vancouver General H., St. Paul's H., Shaughnessy Military H.

DEANS. See p. 144.

UNIVERSITY RESEARCH FOREST, about 7 mls. long and 2½ mls. wide, N. of the town of Haney, was granted to the univ. by the prov. govt. in March 1949. The CAMPUS FOREST consists of a narrow belt S. and W. of the univ. and acts as a demonstration and field study area for for., biol., bot. and zool.

SOPRON UNIVERSITY. After fleeing from Hungary at the end of 1956, the students and staff of Sopron Univ. fac. of forestry came to Canada at the invitation of the Canadian govt. supported by the Univ. of Br. Col. and the Powell River Co. In Sept. 1957 the Sopron for. fac.

became pt. of the univ. by joining the univ. fac. of for. as the 'Sopron Division'. See also p. 149.

## GENERAL INFORMATION

The univ. (named after Sir Guy Carleton, governor-in-chief of British north America in mid-18th century) is non-denominational, co-educational and privately controlled. Conceived by a cttee. of the Ottawa Y.M.C.A. in 1938, the univ. had its beginning in 1942 when a group of interested citizens establd. the Ottawa Assocn. for the Advancement of Learning. In that year evg. classes of the 1st and 2nd univ. yrs. were opened under the name Carleton Coll. Both day and evg. curricula were expanded until, by 1949, they included full undergrad. courses in arts, sci.,

comm., journalism, pub. admin. and engin. A course leading to a grad. dipl. in pub. admin. was added in 1952, and a sch. of pub. admin. establd. in 1953, which in 1954 added a programme leading to the MA. Subsequently, a students' union, a library and a bldg. to house the sch. of pub. admin. were added, and 130 acres of land acquired for devel. of a new campus. In 1952 the legislative assembly of the province of Ontario passed the Carleton College Act, enlarging and specifying the coll.'s univ. powers. In the same yr. the coll. was made a member of the National Conference of

Canadian Univs., and in 1953 a member of the A.U.B.C. In 1957 the coll. was incorporated as Carleton Univ.

**INCOME (1958-59).** Total current income, \$1,114,496 (fees, \$394,526; endowment, \$16,316; provincial govt., \$325,000; federal govt., \$229,810; other gifts and grants, \$45,417; auxiliary enterprises, \$89,853; misc., \$13,574).

**FACULTY AND SCHOOL.** Fac. of arts & sci. (incl. comm. and journalism); sch. of engin.; sch. of grad. studies; sch. of pub. admin. *See also* p. 163.

**UNIVERSITY PRECINCT.** The univ. is located on a 130-acre campus of great natural beauty on the Rideau river. Its premises consist of a sci. bldg., a library (large enough to accomm. 80,000 vols.) and an arts bldg. which forms the third side of the main court. The library also houses the admin. offices of the univ. All these bldgs. are connected by a tunnel. Athletic facilities are also provided.

**LIBRARY.** 46,000 vols. *See also* 'Univ. Precinct', *above*.

**LABORATORIES, ETC.** Biol., chem., engin., geol., lang., phys. and psychol. labs.; audio-visual aids centre incl. equipment for sound motion picture projection, film-strip and slide projection.

**ADMISSION.** *See* Appendix II.

**FIRST DEGREES.** Day division—BA, BSc, 4 yrs. pass, 5 yrs. hons.; BA hons. may be taken in classics, econ., Engl., French, hist., pol. sci., pub. admin., sociol.; BSc hons. in appl. phys., biol., chem., geol., maths., phys. BCom, BEng, BJ (journalism), 4 yrs. Evg. division—BA, BSc, BCom, pass courses equivalent to those offered in day division but extending over a longer period of time.

The univ. does not offer any correspondence courses.

**HIGHER DEGREES.** Day division—MA in pub. admin., a course of min. 1 yr. beyond full hons. standing. Also MA or MSc in biol., Canadian studies, chem., econ., Engl., French, geol., hist., maths., phys., pol. sci., psychol. PhD (may, at present, be taken only in geol. and maths.), at least 2 yrs. full-time after MA or MSc. All grad. work open to grads. of other univs. Evg. division—BJ, 1 yr. after BA; MA in courses listed above.

**HONORARY DEGREE.** LL.D.

**DIPLOMAS AND CERTIFICATES.** Grad. dipl. in pub. admin., 1 yr. Evg. division—Grad. dipl. in pub. admin., cert. in pub. service studies, each the equivalent of a 1-yr. full-time course, but taking longer because followed by pt.-time students.

**ACADEMIC YEAR.** Winter session: mid-Sept. to mid-Dec.; first wk. of Jan. to first wk. of May.

**SUMMER SESSION.** Evg. classes in selected undergrad. subjects are offered in a 14-wk. summer session—June, July and Aug. Certain day courses are also offered. No degree can be obtained by attendance at summer session courses only.

**ADULT EDUCATION.** Evg. courses, provided for employed men and women seeking degrees and dipl., are open as well to those interested only in single subjects. In addition, extension courses, for which no academic credit is allowed, are offered at low cost to interested members of the public.

**FEES.** Day division: arts, comm., journalism, \$425 p.a.; engin., \$490 p.a.; sci., \$440 p.a. Evg. division: \$78 or \$82 per course. Extension courses: \$10 \$55 per subj.

**PRINCIPAL 'OPEN' AWARDS** offered to grads. of Canadian sec. schs. entering the univ. to read for a first degree: Union Carbide Canada Ltd. undergrad. scholp., \$500 p.a. until graduation; Internat. Nickel Co. scholp., about \$500 p.a. until graduation; E. B. Eddy scholps., \$600 p.a. until graduation; Parfield Oil Ltd. scholp., \$600 p.a. until graduation; 4 Regional Entrance scholps., \$1000 each. There is also a general bursary fund of \$3500 from which grants are made to students in need of financial aid.

**'OPEN' POSTGRADUATE AWARDS.** 2 scholps. of \$1000 each and 2 of \$750 each are available for study in course leading to grad. dipl. in pub. admin. Supplementary bursaries may also be provided. Fellowships, varying from \$1000 to \$1500, are offered for study toward MA in pub. admin.

**ATHLETICS.** Gymnasium and playing fields of Lansdowne Park; gymnasia of near-by secondary schs.; playing fields on new campus for intramural sports; thoroughly equipped field house.

**MILITARY TRAINING.** Preparation for commissioned rank in the active or reserve forces of the Royal Canadian Navy, the Canadian Army or the Royal Canadian Air Force is made possible by membership in the univ. naval trg. division, the Canadian officers' trg. corps or the R.C.A.F. reserve univ. squadron. Trg. is on a pt.-time basis during the academic session, full-time during the summer months.

**STUDENT SERVICES.** Under the supervision of the univ. med. adviser, a student health service is provided. Also available are counselling and guidance facilities and a student placement service. The univ. has no dormitories of its own but residences are shortly to be built. A housing registry is maintained through which rooms or rooms and board may be located in near-by homes. Meals and snacks are served in a cafeteria in the sci. bldg.

**ALUMNI ASSOCIATION.** An alumni assocn. was formed in 1949. Grads. are eligible for full membership.

**PUBLICATIONS.** By the univ.—*Calendar*, *Bulletin* and summer session announcement, all annually; *Scholarships Announcement*. By the students' assocn.—*The Carleton*, weekly newspaper; *The Raven*, annually; *Directory of Students*, annually.

## GENERAL INFORMATION

Dalhousie Coll., founded in 1818 by the ninth Earl of Dalhousie, has been discharging univ. functions since 1863 when it was reorganized and reopened with a staff of 6 profs. From 1879 devel. was rapid, helped by the benefactions of G. Munro of N.Y., A. McLeod of Halifax and Sir Wm. Young. In 1883 the fac. of law was establd., and in 1906 pure sci. united with arts to form the fac. of arts & sci. Appl. sci. was replaced by the fac. of engin., which was later reduced to a dept. by agreement with other maritime univs. when the N.S.T.C. opened for professional teaching. In 1911 the fac. of med. and in 1912 the fac. of dent. assumed full teaching duties. The Maritime Coll. of Pharm. was given quarters in the univ. in 1911. The fac. of grad. studies, offering masters' degrees in arts, sci., med. and law, and the PhD in biol. scis., was establd. in 1949.

In 1912 \$400,000 was collected for an addnl. site (40 acres) and bldgs. towards which Andrew Carnegie gave \$40,000. Other gifts from the Carnegie Corporation and the Rockefeller Foundation permitted expansion of facilities for the med. sch. after 1918. In 1923 the Univ. of King's Coll., in assocn. with Dalhousie, was given a site on the new campus, which also contains the provincial archives and the maritime labs. of the Nat. Res. Council. The International Commission for the Northwest Atlantic Fisheries accepted the univ.'s invitation to establish its permanent headquarters in Dalhousie in 1953. A new arts and admin. bldg. was opened in 1952, and the O. E. Smith wing of the Macdonald memorial library, containing the Kipling room, in 1956. The Sir James Dunn sci. bldg. opens in Oct. 1960. A new men's residence with accomm. for 150 students will be opened during 1960-61 session. About half of total cost of \$1,600,000 was provided by Canada Council.

CONSTITUTION. The bd. of governors is the supreme governing body of the univ. Appts. to it are made by the governor-in-council on the nomination of the bd. The governors have the management of the funds and property of the univ., the power of appointing the pres., profs. and other officials and of determining their duties and salaries, and the general oversight of the work of the univ. The senate consists of the pres. and profs. To this body are entrusted, by statute, the internal regns. of the univ., subject to the approval of the governors. All degrees are conferred by the senate. The facs. consist of the members of the teaching staff in each of the 5 main domains of study in which courses can be pursued, namely, arts & sci., law, med., dent. and grad. studies. To them are entrusted by the senate, subject to its approval, supervision of teaching, preparation of regns. governing courses of study, and recommendation of suitable candidates for prizes, scholps., dipls. and degrees.

INCOME (1958-59). \$2,451,365 (student fees, 24.6 per cent.; endowments, 18.7 per cent.; govt. grants, 35.4 per cent.; individuals, campaign receipts, foundations, etc., 21.3 per cent.).

**GENERAL INFORMATION**

Opened in 1789 at Windsor, N.S., the univ. was establd. by provincial statute and granted a royal charter by King George III in 1802. In 1923 King's removed to Halifax and became associated with Dalhousie Univ., as far as arts and sci. are concerned. The academic facilities in arts and sci. are shared by the students of both univs. for the time being, but King's retains complete control of her div. sch., as well as of her present endowments, admin. of residence and all internal matters. Under the terms of the agreement between Dalhousie and King's the univ. was re-establd. in Halifax by means of private subscriptions and with the financial aid of the Carnegie corporation, which endowed the teaching of liberal arts.

CONSTITUTION. The univ. is governed by a bd. consisting of the bishops of the dioceses of N.S. and Fredericton, the pres. and treasurer of the univ., *ex officio*, together with 10 members elected by the alumni assocn., 8 elected by the diocesan synods, and 4 co-opted by the bd.

## GENERAL INFORMATION

The univ. was founded in 1852, under a royal charter, by the Seminary of Quebec (whose own founder was the Ven. Mgr. François de Montmorency Laval, the first bishop of Quebec). A

general supervision of teaching and discipline is exercised by the Archbishop of Quebec as visitor and chancellor apostolic and president of the conseil supérieur of bishops of the ecclesiastical

province of Quebec. The profs. of the facs. of theol. and philos. are nominated by the visitor, those of other facs. by the conseil de l'université, composed of the dirs. of the Seminary of Quebec and 3 sr. profs. of the facs. of theol., arts, law and med., and the deans of the facs. of philos., letters, scis., soc. scis., agric., for. and surveying, and comm.

**LIBRARIES.** General, 325,000 vols.; others, 65,200 vols.

**GENERAL MUSEUM.** Dir.: A. Jobin.

**LABORATORIES.** Anat., bacteriol., biochem., biol., bot., chem., for., geol., hyg., mineral., optics, pathol., phys., physiol., physio-pathol.

**FACULTIES AND DEANS.** *Agric.*: Prof. M.-A. Pineau; *arts*: Rev. R. Miville; *comm.*: Bro. Clement; *for. & surveying*: Prof. L. Z. Rousseau; *law*: Prof. G. Hudon; *letters*: M. Lebel; *med.*: Prof. J.-B. Jobin; *philos.*: Mgr. M. Dionne; *scis. & engin.*: Prof. C. Ouellet; *soc. scis.*: Prof. J. M. Martin; *theol.*: Mgr. G. Petit (Prof.). These deans are elected for a 4-yr. term and cannot be elected for more than 2 successive terms. They are full-time.

**SCHOOLS.** *Educn.*, Prof. R. Miville, dir.; *fisheries*, Mgr. J. Diamant (Prof.), dir.; *geog.*, Prof. L. E. Hamelin, dir.; *grad. studies*, Prof. P.-E. Gagnon, pres.; *hist.*, Prof. M. Marquis, dir.; *soc. service*, G. Rocher, dir.

**ADMISSION.** See Appendix II.

**DEGREES, DIPLOMAS AND TEACHING ACTIVITIES.** The univ. perpetuates the stages by which a degree was, and still is, reached in the Univ. of Paris. The baccalauréat ès arts (BA) is not the equivalent of any of the English degrees, but is an official cert. (recognized by the govt.) that the student has successfully completed his literary and scientific studies, and is entitled to begin his professional studies in law, med. or appl. scis., or the higher studies. It is obtained before he leaves the affiliated institute, seminary or college at which he has studied. The univ. has granted affiliation to about 70 private schools for boys and girls (see 'Affiliated Institutions', above). At the age of 12 yrs. the children may choose between the primary course, a cert. being granted, after univ. exam., at the end of the 4th yr., and the classical course of the first degree (high sch., 4 yrs.), with a cert. of matric. at the end of the 4th yr. (at about the age of 16). The main difference between the two courses is the teaching of Latin, and the advanced teaching of maths. and of hist., in the high schs.

The high sch. course is given in schs. limited to such a course, or in colleges and 'séminaires', which give, after the high sch. course, the teaching usual in colls. of arts. In these last instns. Greek is taught for 4 yrs.; philosophy (theory, hist. essays) for 2 yrs.; Latin for 6 yrs. Students who

reach a certain standard in both letters and scis. obtain the BA, usually at about the age of 20.

After the BA the student may proceed, in the univ. itself, to the baccalauréat in theol. (BTh, 3 yrs.); in philos. (BPh, 2 yrs.); in soc. scis. (BScSoc, 2 yrs.); in civil law (BLL, 3 yrs.); in music (BMus, 3 yrs.); in orientation (BOR, 2 yrs.); in pharmacy (BPharm, 3 yrs.); in surveying (BScApp, 4 yrs.); in agric. (BSA, 4 yrs.); in fisheries (BScP, 4 yrs.); in comm. (BCom, 2 yrs.); in educn. (BEduc and BPéd, 1 yr.); in appl. scis. (BScApp, 5 yrs.); in household scis. (BScDom, 4 yrs.). The course for the licence covers 3 yrs. after the BA in philos. (LPh); 2 yrs. in letters (LèSL); 3 yrs. in scis. (LSc); 3 yrs. in law (LLL); 4 yrs. in theol. (LTh); 5 yrs. in music (LicMus); 4 yrs. in soc. scis.; 3 yrs. in educn. To obtain the doctorate it is necessary to support successfully in public a thesis and propositions as in French univs. 'The DenM or MD is granted after 5 yrs.' study, by exam.

The dipl. in for. (IF) is awarded after 5 yrs.' study in the fac. of surveying and for. and the dipl. in surveying (AG) also after 5 yrs.

The fac. of scis. provides a 5 yrs.' course leading to the baccalauréat in appl. scis. (BScApp), or to a licence (LSc) and to a doctorate in scis. (DSc).

**RECOGNITION** of the BA of Laval is accorded by most European univs., by Canadian univs. and by most univs. of the U.S.A.

**TUITION FEES.** \$200 to \$500 p.a., with an extra charge for labs. Arts, \$200; geog., hist., med. technol., music, postgrad. studies, law, letters, educn., philos., soc. scis., theol., \$350; surveying, for., sci., \$400; med., \$500.

**RESIDENCE.** (Fees: \$500 p.a.) Students of theol. reside at the Grand Seminary, Quebec.

Other students live with families approved by the moderator.

**EXTRA-MURAL WORK.** Summer course in theol., philos., French, English, Spanish, educn., Gregorian chant, Latin, natural scis., radio.

**USUAL LANGUAGE OF INSTRUCTION.** French.

**PUBLICATIONS.** *Annuaire général*, *Annual Report*, *Special Calendars* for grad. school, theol., law, med., educn. and guidance, scis., philos., soc. scis., nursing, music, letters, comm., agric., soc. work, surveying and for., and summer courses. *La Revue de l'Université Laval*, *Le Laval théologique et philosophique*, *Le Naturaliste canadien*, *L'Enseignement secondaire au Canada*, *Cahiers du Cercle Laennec*, *Revue des relations industrielles*, *Revue du service social*, *Le Carabin* (students' paper). History: *L'Université Laval, 1852-1952*. (Laval, 1952).

**UNIVERSITY PRESS** publishes the above calendars and reviews, the doctoral theses of Laval students, the works of Laval profs. and other works of special interest to Laval. It also sells textbooks and other books and supplies.

## GENERAL INFORMATION

The Hon. James McGill, a leading merchant and prominent citizen of Montreal, who died in 1813 bequeathed 46 acres of land and £10,000 to the already existing 'Royal Institution for the Advancement of Learning' to found a univ. or coll. As a result, in 1821 a royal charter was granted and in 1829 teaching began in the Univ. of McGill College in the facs. of med. and arts. The charter was amended in 1852. In 1899 the Royal Victoria Coll., a gift of Baron Strathcona, was opened to provide separate teaching and residential facilities for women students. In 1907 Macdonald Coll., named after Sir Wm. Macdonald whose gift it was, was establd. as a residential coll. for agric., household sci., and sch. for teachers. Since then the univ. has grown vigorously, dividing itself into further facs., and many new bldgs. have been erected, especially since 1945, the latest addition being the McConnell engin. bldg. opened in 1959.

The univ. is undenominational and has for many yrs. been co-educational in all its facs. and most of its schs.

CONSTITUTION. McGill Univ. is a corporation created by a royal charter granted by the Crown of the United Kingdom, general supervisory power being retained by the Crown and exercised through the governor-general as 'visitor'. The governors of the univ. constitute the Royal Institution for the Advancement of Learning, a corporation existing under the laws of the province of Quebec, pt. of the official organization of the province, but completely self-governing. In them is vested the management of finances, appt. of profs. and other important duties; 3 of the governors are elected by the members of grads. soc. and other appts. are made by nomination of remaining members with the approval of the visitor. The pres. of the bd. of governors is, *ex officio*, chancellor of the univ. The principal is the academic hd. and chief admin. officer. He is appointed by the bd. of governors (of which body he is a member). He also holds the office of vice-chancellor of the univ. Senate consists of the chancellor, principal, deans of facs., warden of Royal Victoria Coll., dir. of inst. of educn., dir. of univ. extension and 4 group chairmen of fac. of arts & sci., all *ex officio*; 5 governors elected by the bd.; and 8 profs. elected by the various facs. The principal is chairman of senate, which is the highest academic authority of the univ. and has control over admission, courses of study, discipline and degrees. The carrying out of the regns. of senate along with primary responsibility for the conduct of the educnl. work of the univ. is entrusted to the several facs. and schs.

INCOME (1958-59). Total income, \$11,445,555 (excl. ancillary enterprises). Student fees, 34.4 per cent.; gifts for operating purposes (other than res.), 5.6 per cent.; endowments, 16.3 per cent.; provincial grants, 12 per cent.; gifts, grants & endowments for res., 27.2 per cent. McMaster Univ. (tel. : Ja. 9-7101). Principal—  
Rev. N. H. Parker, BS *Mississippi*, ThD  
*S.BaptistTheol.Sem.*, DD *Acad.* McMaster  
Divinity Coll. is the historical continuation of  
what was known for 70 yrs. as the fac. of theol. of  
McMaster Univ. or as the McMaster Univ. div.  
sch. An act to incorporate McMaster Divinity  
Coll. (1957) created a new corporation, as a  
separate foundation, with a bd. of trustees and a  
senate. The div. coll. operates in affiliation with  
the univ., and its grads. receive the BD degree  
from the univ. Its academic and honorary degrees  
are awarded by the univ., but it grants certs. and  
dipls. on its own authority. At present the staff  
of the div. coll. and the staff of the univ.'s fac. of  
theol. (see p. 209) are almost the same, and the  
principal of the div. coll. is also the dean of theol.  
The Women's Leadership Training Sch., spon-  
sored by the Baptist Women's Missionary Soc.  
of the Baptist Convention of Ontario and Quebec,

is affiliated with the div. coll. and is under the  
direction of Lois A. Tupper.

### GENERAL INFORMATION

McMaster Univ., named after senator William  
McMaster (1811-87), whose will provided its  
original endowment, operates under the terms of  
an act of incorporation granted by the legislative  
assembly of Ontario in 1887 and basically revised  
in 1957. The univ., which is now a non-  
denominational private foundation, was a de-  
nominational foundation from 1887 to 1957, its  
governors elected by the Baptist Convention of  
Ontario and Quebec. It was the outgrowth of

educnl. work begun in Canada Baptist Coll.,  
Montreal (1838), and contd. in Woodstock, On-  
tario (1857), and of the theol. work of Toronto  
Baptist Coll. (1881-87). Toronto Baptist Coll.  
and Woodstock Coll. formed the nucleus of the  
univ. in 1887. Until 1926, Woodstock Coll.  
was contd. as a preparatory sch. for boys, and  
from 1887 to 1954 a preparatory sch. for girls,  
Moulton Coll., was maintained in Toronto.

The univ. was transferred to Hamilton in 1930.

In 1948, it was reorganized into three colls.: the Divinity Sch., which was the fac. of theol., operating mainly on a postgrad. basis; University Coll. (the arts depts.); and Hamilton Coll. (the sci. depts.), the latter operating under its own bd. of governors as an affiliated coll. In 1957, the Baptist Convention withdrew from legal control of the univ., the univ. and Hamilton Coll. becoming one corporation. McMaster Divinity Coll. was at the same time incorporated as an affiliated theol. coll., under a bd. of trustees, univ. lands being assigned for its use.

**CONSTITUTION.** The univ. corporation consists of a bd. of governors of from 30 to 41 members, up to 28 being elected by the bd., 3 (the chancellor, pres. and vice-pres.) being *ex-officio* members, 3 elected by the trustees of McMaster Divinity Coll., 5 by the grads. and 2 by the teaching staff. Academic work is controlled by a senate, composed of reps. of the fac., governors and grads. The following are *ex-officio* members of the senate: pres. (chairman), vice-pres., dean of theol., dean of arts & sci., dean of grad. studies, dean of engin., assoc. dean of arts & sci., dir. of extension.

**INCOME** (1958-59). Total income, \$2,849,900 (endowment, \$107,400; govt. grants: provincial, \$650,000, federal, \$433,500, municipal, \$121,900, other, \$27,000; research funds, \$427,300; fees, \$67,200; sundries, \$68,000; ancillary enterprises, \$362,600).

**FACULTIES AND DEANS**, see p. 207.

**UNIVERSITY PRECINCT.** The univ. occupies about 73 acres in the west end of Hamilton, its lands being bordered by tracts of parkland forming part of the extensive acreage of the Royal Botanical Gardens.

**LIBRARY**, 118,212 vols. The Mills Memorial library is the gift of the Mills foundation of Montclair, New Jersey. Four floors provide for a capacity of over 120,000 vols., as well as reference reading room, bibliog. room, and fine arts collection of books, slides, prints, etc. Two collections: the music collection, establd. through the generosity of the Carnegie corporation, contains over 2300 recordings, and a small library of music scores and books on music and musicians; the Baptist historical collection of books, documents and association minutes, forms a valuable record of Canadian Baptist history, past and present. The library also maintains a coll. library in phys. sci. bldg.

**LABORATORIES.** Res. labs. maintained in most sci. & engin. depts., and are usually in academic bldgs. adjacent to undergrad. labs. Research greenhouse. Res. programmes are under way in all major fields of sci. **NUCLEAR REACTOR**, housed in its own bldg., operates at one megawatt and is of swimming pool type, using highly enriched <sup>235</sup>U as fuel. Associated with reactor is nuclear res. bldg. containing a hot lab. and several radio-isotope labs. as well as specially air-conditioned rooms for series of mass spectrometers.

Chairman of reactor operational control cttee.—D. M. Hedden, BSc. Reactor staff: W. H. Fleming, MSc PhD (supt.); K. Fritze, PhD (res. chemist); J. B. McDougall, BSc (supervisor); C. C. McMullen, MSc PhD (res. physicist); R. H. Tomlinson, BSc *Bishop's*, PhD *McG.* (health physicist); D. Whiteford (asst. health physicist).

**ADMISSION.** See Appendix II.

**FIRST DEGREES.** 3 or 4 yrs.—BA ord.; 4 yrs.—BA hons., BSc hons., BCom hons., BEng, BScN; BA hons. may be taken in classics, econ., econ. & maths., econ. & pol., Engl. lang. & lit., Engl. & French, Engl. & German, Engl. & hist., Engl. & philos., French & fine arts, French & German, French & Spanish, geog., hist., hist. & econ., hist. & pol., Latin & Engl., Latin & French, Latin & Greek, philos., philos. & hist., psychol., psychol. & biol., sociol., sociol. & psychol. ## GENERAL INFORMATION

The univ. was establd. by act of the provincial legislature in 1877 on the model of the Univ. of London, as an examining and degree-conferring body, the instruct. to be given in the affiliated colls. which were already in existence, viz. : St. Boniface Coll., St. John's Coll. and Manitoba Coll. This list was subsequently extended to include Manitoba Medical Coll. (1882), Wesley Coll. (1888), Manitoba Coll. of Pharmacy (1902), Manitoba Agric. Coll. (1907), Manitoba Law Sch. (1914), St. Paul's Coll. (1931) and Brandon Coll. (1938). In 1900 the univ. was, by legislative enactment, given power to offer instruct. In 1929, having outgrown its city bldgs., the univ. was removed to a permanent rural site with ample space for expansion. In 1940 a systematic programme of work in rural adult educn. was begun. The unprecedented influx of students at the conclusion of hostilities in 1945 gave a great stimulus to expansion. The fac. of grad. studies & res. was establd., a chair of Icelandic, and depts. of slavic studies, univ. extension & adult educn., zool., microbiol. and agric. econ. In 1950 the univ. sch. of art was opened and in 1953 the new library. A chair of agron. was establd. in 1954.

The univ. has the sole power in the province of conferring degrees in arts, sci., law, med., engin., pharmacy, comm., agric., home econ., educn., pedagogy, archit., interior design, fine arts and soc. work. It received in 1898 from the dominion govt. a land grant of 150,000 acres.

LOCATION. The bldgs. occupied by the facs. of med., dent. and law are in the city of Winnipeg. The site of the facs. of arts & sci., agric. & home econ., engin. & archit., educn., the grad. sch. of soc. work, and the grad. sch. of nursing, is in the municipality of Fort Garry, 7 mls. from the centre of Winnipeg. The univ. has 50 bldgs. on this site, incl. the residence which has accomm. for 600 students. Also on this site are the dominion rust res. lab., the dominion lab. of plant pathol., the dominion lab. of entomol. and the provincial experimental fur farm.

CONSTITUTION. General management of the univ. is vested in a bd. of 14 governors, 9 of whom are apptd. by the lt.-governor in council, 3 elected by grads. from among their own number, the remaining 2 being the chancellor and the pres. *ex officio*. The bd. has corporate powers, and in all matters relating to the management of the univ., incl. academic affairs, it enjoys plenary

powers. The prime academic body is the senate, whose membership consists of the pres. as chairman, chancellor, dep. minister of educn., chairman of the advisory bd. of the dept. of educn., deans of facs., reps. of profs. in each fac., dirs. of schs., and reps. of affiliated colls., the Coll. of Physicians and Surgeons of Manit., and the alumni assocn. Under its control are entrance requirements, courses of study, methods of instruct., appointment of examiners, approval of degrees, and related matters.

INCOME (1958-59). Total income, \$6,789,606 (govt. grants, 56.2 per cent. ; fees, 22.2 per cent. ; services, 3.6 per cent. ; endowments & other sources, 18 per cent.).

FACULTIES (for deans, see p. 214). *Arts & sci.* fac. providing instruct. in all subjects of undergrad. courses in arts (except 6 options and the Latin philos. course for French-speaking students of St. Boniface Coll.), sci., pharmacy and comm. ; *med. ; engin., archit. & interior design ; agric. & home econ. ; educn.* Other subjects of arts course are taught in the affiliated colls. Law is taught in the Manitoba law sch., which is under the direction of trustees jointly apptd. by the univ. and the Law Soc. of Manitoba. Public health nursing and teaching and supervision in schs. of nursing are taught to grad. nurses in the grad. sch. of nursing, directed by the univ. and financed by the provincial dept. of health and public welfare. Academic and clin. trg. of social workers is carried on in the grad. sch. of soc. work. A course leading to the degree of bachelor of fine arts is taught co-operatively by the fac. of arts & sci., the sch. of art, the sch. of archit. and the sch. of home econ.

UNIV. LIBRARY. 210,000 vols. ; 1475 periodicals recd. There are also 30,410 mounted plates and photographs and 10,000 slides in the sch. of archit. The med. coll. has a library of over 27,000 vols., and receives 450 periodicals.

## AFFILIATED INSTITUTIONS

QUEEN'S COLLEGE, St. John's, Newfoundland. Principal—Rev. G. H. Earle, MA *Durh.* Provides theol. courses for which credit given towards univ. BA.

ST. BRIDE'S COLLEGE, Litledale, St. John's, Newfoundland. Principal—Rev. Sister Mary Basil, BA *Mt.St.Vin.*, MA *C.U.A.*

## GENERAL INFORMATION

The Memorial Univ. of Newfoundland was establd. by an act of the provincial legislature of Newfoundland in 1949.

The Memorial Univ. Coll. had been establd. in 1925 as a war memorial and as an instn. to provide higher educn. for the young people of Newfoundland and Labrador. During the first 10 yrs. the Carnegie Corporation of New York provided annual grants towards general expenses. Thereafter the coll. was supported mainly from public funds. In 1934 a teacher trg. dept. was establd. to provide a yr. of professional trg. for prospective teachers. In 1946 a new plan for the trg. of teachers was introduced, whereby students in educn. combined courses of professional trg. with courses in arts and scis. With the establd. of the univ., teachers may now take a full 4-yr. course leading to the degree of bachelor of arts (educn.).

CONSTITUTION. The univ. consists of the chancellor, convocation, bd. of regents, senate, fac. councils and the facs. The management, admin. and control of the property, revenue, business and affairs of the univ. are vested in the bd. of regents consisting of the chancellor, 2 members elected by convocation and 12 apptd. by the lieut.-governor in council. Academic matters are in general charge of the senate, composed of the chancellor, the pres. (who is chairman), the deputy minister of educn., hds. of the facs. of the univ., 1 rep. apptd. by each coll. or instn. affiliated with the univ., and not more than 6 apptd. or elected under authority of the bd. of regents. Convocation is composed of the chancellor, pres., senate, bd. of regents, all grads. of the Memorial Univ. Coll., all persons holding academic appts. within the univ. whose names are added to the roll of convocation by the registrar from time to time upon instrucs. from the pres., and all grads. of the univ. The functions of convocation are chiefly elective but it may also consider all questions affecting the well-being and prosperity of the univ., and make representations from time to time on such questions to the senate.

INCOME (1958-59). Total income, \$915,678 (federal and provincial govts., 80.34 per cent.; students' fees, 12.48 per cent.; endowment, 1.67 per cent.; sponsored or assisted res., .43 per cent.; misc., 5.08 per cent.).

FACULTIES AND DEANS. See p. 226.

UNIVERSITY PRECINCT. The present univ. bldgs. occupy a commanding position on the old Parade Ground in St. John's, looking out towards the Southside Hills and the Narrows. A new

campus site has been acquired and plans for new bldgs. there approved (construcn. began in June 1959).

LIBRARY. 52,943 vols.; 735 serial publicns. and periodicals subscribed to; Carnegie art rep. set, 2000 prints; Carnegie music set, 700 gram. records. Full depository library for Canadian govt. publicns.

LABORATORIES. Biol., chem., engin., geol., phys., speech.

## GENERAL INFORMATION

Originally establd. in Montreal in 1876 as a branch of Laval Univ., the Univ. of Montreal became autonomous in 1920, under a special act of the legislature of the province of Quebec subsequently revised in 1950. It also enjoys certain privileges under a papal charter dating from 1919 and is Roman Catholic in outlook. Through affiliated instns. (*see above*) as well as by itself, the univ. caters for the educnl. needs of over 12,000 students, over 3000 of whom attend courses and lectures in the bldgs. of the univ. proper.

The univ. is owner in freehold of several acres on the western slope of Mont-Royal. The present bldgs. were erected between 1937 and 1941, at a cost of over \$12,000,000. In 1947-48, an additional \$12,000,000 was raised through public subscriptions for various purposes. So far, a students' residence and a students' union bldg. have been completed and a pension fund for fac. and staff has been establd. There still remains to be completed the univ. hosp.

CONSTITUTION. Four out of the 12 members of the bd. of governors are apptd. by the Roman Catholic hierarchy. The remaining 8 governors are French-Canadian business personalities. The bd. is self-perpetuating. Financial affairs are under the direct supervision of an executive cttee. composed of 5 governors; the chief executive officers are the rector, vice-rector, secretary general and treasurer general. Pedagogical matters are determined by a commission on studies composed mainly of the deans of the different facs.

INCOME. Total income (1958-59), \$4,374,524 (principal sources: provincial govt. grants, 36 per cent.; fees, 33 per cent.; endowment and grants for res., sp. educnl. and allied projects, 24 per cent.). Total income excludes theology and all affiliated instns., which are autonomous and have their own separate budgets.

LIBRARY. General libr., 250,000 vols.; sch. of higher comml. studies, 130,000 vols.; sch. of engin., 99,800 vols.; Grand Séminaire de Montréal, 58,200 vols. Total: 538,000 vols.

## GENERAL INFORMATION

Mt. Allison Wesleyan Academy for young men was founded in 1840. Charles F. Allison of Sackville, N.B., gave the site and bldgs. plus an annual support for 10 yrs. A parallel institution for girls, 'The Female Branch of the Male Academy', later known as Mt. Allison Ladies Coll., began work in 1854. In 1858, an instn. with the title of Mt. Allison Wesleyan Coll. was granted by the N.B. legislature power to confer degrees and in 1913 its name was changed to Mt. Allison Univ. (The name of the univ. is derived from the founder's name and the location; the univ. is situated on a hill-top overlooking the Tantramar marshes which stretch for miles around.)

Instrucn. in theol. subjs. began in 1860 and in 1903 the McClellan Sch. of Appl. Sci. was opened. As the univ. grew the function of the Academy and the Ladies Coll. gradually diminished (some of the courses taught at the Ladies Coll.—music, fine & appl. arts, home econ.—were absorbed into the curriculum of the univ. in 1936) and these two instns. were suspended in 1953 and 1946 respectively to provide more space for the rapidly growing univ.

Mt. Allison was a pioneer in the higher educn. of women. It conferred, in 1875, the first BSc granted to a woman in the British Empire and, in 1882, the first BA awarded to a woman in any Canadian univ.

Originally founded by the Methodist Church, Mt. Allison, after the church union of 1925, came under the sponsorship of the United Church of Canada. It is conducted on a non-sectarian basis.

CONSTITUTION. The direct govt. of the univ. is vested in a bd. of regents and a senate, and the general council of the United Church exercises a controlling influence on the affairs of the univ. through the power of appointing a majority of the regents. The general management of affairs is entrusted to the bd. of regents. The bd. consists of 44 members: 24 apptd. by the general council of the United Church of Canada and 20 reps. of the federated alumni. The senate is a composite body consisting of members of the fac. of the univ., and 12 regents appointed by the bd. It is charged with the duty of regulating the strictly educnl. concerns of the univ. In its internal admin. the univ. has always been conducted on strictly non-sectarian principles.

INCOME (1959). \$1,349,891 (govt. grants, 25 per cent.; tuition & general fees, 29 per cent.; endowment, 6 per cent.; ancillary enterprises incl. boarding depts., 40 per cent.).

## GENERAL INFORMATION

The Nova Scotia Technical College was authorized by an act of the provincial legislature in April 1907.

The erection of the main bldg. proceeded during 1908 and the coll. was opened, with courses in civil, electr., mech. and mining engin., in the autumn of 1909. The 1907 act relating to technical educn. was repealed in 1947 and two new acts were passed by the provincial legislature placing engin. educn. and secondary technical educn. under separate heads. Thus the coll. now confines its activities to work of univ. level only. Under the new Nova Scotia Technical College Act authority was given for the establishment of grad. studies and res., and provision was made for close co-operation between the coll. and the Nova Scotia Research Foundation. A further expansion in 1947 was the addition of the dept. of chem. and metall. engin. In 1953 the dept. of metall. engin. was transferred to the jurisdiction of the dept. of mining engin., thus becoming the dept. of mining and metall. engin.

**CONSTITUTION.** The coll. is governed by a bd. of governors under the chairmanship of the minister of educn. of N.S., a senate under the chairmanship of the pres. of the coll., and the fac. under the chairmanship of the pres. In general the fac. reports to the senate, and the senate reports to the bd. of governors on all matters pertaining to the operation of the coll., and the bd. reports annually to the lt.-governor in council. The associated univs. are represented on the bd. by their presidents and on the senate by the hds. of their respective depts. of engin.

**INCOME** (1958-59). \$406,709 (prov. of N.S., 56 per cent.; govt. of Canada, 15 per cent.; fees, etc., 29 per cent.).

**COLLEGE PRECINCT.** The coll. campus is located near the centre of Halifax on Spring Garden Rd. and Barrington St. The present plan of devel. is to bring as many as possible of the individual depts. under one roof.

**LIBRARY.** 16,000 vols.

**LABORATORIES.** Civil, electr., mech., mining, chem. and metall. engin.

**ADMISSION.** See 'Assoc. Univs.' (p. 257) and Appendix II.

**Advanced Standing.** Any person may be admitted to advanced standing in the coll. by passing such exams. as are deemed necessary by the coll. faculty, or by presenting such certs. of previous records of study or experience as shall satisfy the fac.

**Special Students.** Persons without the necessary entrance qualifs. may be permitted to take a limited no. of regular courses for which no credit towards a degree will be granted.

**FIRST DEGREES.** BE, BE with distinction, BE hons. (civil, electr., mech., mining, chem., metall.), 2 yrs., after 3 yrs. at assoc. univ. (see 'Assoc. Univs.' above and Appendix II).

**HIGHER DEGREE.** ME, 1 yr. full-time or 3 yrs. pt.-time, open to grads. with high scholastic standing from recog. engin. degree-granting instns.

**HONORARY DEGREE.** DEng.

**RESEARCH.** Facilities available for res. up to level of master of engin. degree in most fields of civil, electr., mech., mining, chem. and metall. engin.

**STUDY LEAVE.** No regular practice, but staff members are granted leave of absence after a no. of yrs.' service to pursue further studies. In such cases the coll. makes financial arrangements with the individuals concerned.

**GENERAL FEES.** Tuition, \$350 p.a.; grad. studies, \$125; spring courses, \$40; students' soc., \$25 p.a.

**ACADEMIC YEAR.** Sept. to May; 2 terms of 14 wks. each.

**PRINCIPAL 'OPEN' AWARDS** (undergraduate). American Soc. for Metals, \$500; Internat. Nickel Co., \$1200; Aluminum Co. of Canada, \$600; Northern Electric scholp., \$500; N.S. Road Builders Assoc. bursary, \$200; Coll. loan fund to max. of \$500 p.a.

**ALUMNI ASSOCIATION** is composed of hon. and active members. Governing body is an executive cttee. elected by the annual meeting in Nov. Bldg. fund cttee. apptd. by the assocn. is at present completing drive for \$300,000 to build a gymnasium on campus.

**PHYSICAL TRAINING.** Gymnasium.

**MILITARY TRAINING.** The *Joint Services Trg. Scheme* was introduced in 1946. The programme extends over 3 yrs. and consists of a series of lectures during the coll. yr. followed by from 12 to 22 weeks posting at a trg. sch. during summer vac. The summer trg. is taken in the sp. branch of the service selected by the trainee, who is recruited at an assoc. univ. and completes trg. at N.S.T.C. Under the *Regular Officer Trg. Plan* students may apply for enrolment in the regular forces of any service. The dept. of natnl. defence pays candidates' fees and candidates are also paid while at the coll.; they agree to serve for min. of 3 yrs.

**STUDENTS' SOCIETY.** The recognized means of communication between the fac. and the student body. It is designed to co-ordinate and control all extra-curricular student activities. Every student is a member.

**PUBLICATIONS.** *Calendar* (spring); *Tech. Flash* (yearbook); *Alumni Bulletin* (4 edns. p.a.).

## THE YEAR 1959

## GENERAL INFORMATION

In 1848 the Missionary Oblates of Mary Immaculate founded the 'College of Bytown' for the moral and intellectual educn. of the people of the Ottawa valley. In 1849 it was incorporated and in 1861 became the 'College of Ottawa'. An act of the union govt. in 1866 raised the coll. to the rank of a univ. and in 1889 it became a pontifical univ. by decree of Pope Leo XIII. The univ. had barely begun to develop when, in 1903, its bldgs. were destroyed by fire. The revised civil charter was approved by the Ontario legislature in 1933. The pontifical charter was amended according to the requirements of the constitution *Deus Scientiarum Dominus* and was also given a new approval by Rome in 1934. During the past 20 yrs. the univ. has developed rapidly. At present its student body more than 6500 (full-time and pt.-time).

Saint Patrick's Coll., founded in 1929, was in 1932 made an integral part of the fac. of arts of the Univ. of Ottawa; the English-speaking Oblates who founded it retain its admin. The sch. of soc. welfare of the univ. is located at Saint Patrick's Coll.

The purpose of the univ. is to give its students a truly Christian educn. A distinguishing mark of its teaching is the organization of parallel courses in English and French in most sections. In its teaching methods it tries to combine traditional values and modern techniques.

CONSTITUTION. In all matters academic, supreme power and authority rests with the senate, which is composed of the great chancellor, the rector, the deans and dirs. of facs. and schs. and the members of the council of admin. The admin. powers are vested in the council of admin. composed of the rector, vice-rectors, sec., treasurer and 2 councillors, all of them belonging to the Oblates of Mary Immaculate. This body is advised by senate on academic matters and by the bd. of regents (7 members chosen among prominent laymen) on financial matters.

LANGUAGES OF INSTRUCTION. Bilingual: French and English.

LIBRARIES. 290,000 vols. The parliament

## GENERAL INFORMATION

Founded in 1841 by royal charter issued by  
Queen Victoria, the purpose of Queen's Coll. at  
Kingston was, under the sponsorship of the  
Presbyterian Church of Canada in connection  
with the Church of Scotland, to provide, within  
the country, trg. for the ministry and educnl.  
facilities for the youth of a growing economy in  
a vast area without such educnl. opportunities.  
When the 1st session began Queen's was the only  
active degree-granting coll. between the maritime  
provinces and the Pacific. It was modelled on  
the Univ. of Edinburgh, and Scottish academic  
influences have helped to mould its character.

As the coll. developed, its constitution was  
broadened by successive acts of parliament and  
the slender denominational requirements of 1841  
were gradually eliminated until in 1912 an act  
was passed by the dominion parliament removing  
all trace of denominational control. What had  
been the fac. of theol. became the indep. Queen's  
Theol. Coll. (see above) and the original Queen's  
Coll. became Queen's Univ. at Kingston, a  
national institution privately endowed and  
privately controlled.

In 1854 the medical fac. was establd.; it was  
reorganized in 1866 as the Royal Coll. of Physicians  
and Surgeons in affiliation with the univ., but in  
1891 the original status was resumed. Opened in  
1861, the fac. of law closed in 1864 and, after a  
further 3 yrs. of existence, again in 1883; as the  
result of a change in the regns. of the Law Soc. of  
Upper Canada and the reorg. of Osgoode Hall,  
the fac. was restored in 1957. A sch. of mining  
was founded in 1893 as a sep. instn. under an

Ontario charter, amalgamated with the univ. in  
1916 and now constitutes the fac. of appl. sci.  
The sch. of comm. & admin. was establd. in 1919,  
the sch. of nursing in 1942 and the sch. of phys. &  
health educn. in 1947.

CONSTITUTION. The admin. of the univ. is  
vested in the bd. of trustees, the univ. council,  
the senate and the fac. bds. The bd. of trustees  
is composed of the chancellor, principal and rector,  
representatives of the council, theol. coll., the  
grads. and benefactors, and 12 members selected  
by the bd. Its functions are to manage the  
finances and property, to procure legislation, to  
appoint instrs. and other officers on the advice of  
the principal, and to attend to such external  
matters as do not relate directly to instructn. The  
univ. council consists of the chancellor, the trust-  
tees, the senate and grads. elected from their own  
membership. The council discusses all questions  
relating to the univ. and makes representation of  
its views to the senate or bd. of trustees. The  
senate is made up of the principal, vice-principal,  
principal of the theol. coll., deans of facs., 3  
profs. from each of the facs. of arts & sci., appl.  
sci. and med., 1 prof. from the fac. of law, and 1  
prof. from the fac. of Queen's Theol. Coll. The  
senate determines all academic matters which  
concern the univ. as a whole, and enforces the  
statutes, rules and ordinances of the univ. The  
fac. bds., which have the power to administer their  
own affairs under such regns. as the bd. of trustees  
may prescribe, are each made up of the dean,  
profs., assoc. profs., asst. profs., lectrs. (in arts &

sci., after 1 yr.'s experience), and in the fac. of arts & sci., the univ. librarian.

**INCOME (1958-59).** Total income, \$4,409,000 (govt. grants, 43.9 per cent.; fees, 34 per cent.; endowment, 13.6 per cent.; misc., 8.5 per cent.).

## GENERAL INFORMATION

The Royal Military Coll. of Canada originated in 1875 when the dominion govt. decreed that there be establd. 'an instn. for the purpose of

imparting a complete educn. in all branches of military tactics, fortification, engineering, and a general scientific knowledge in subjects connected

with and necessary to a thorough knowledge of the military profession, and for qualifying officers for command and for staff appts.' The site selected was the old naval dockyard on Point Frederick. The coll. was opened in 1876. The title 'Royal' was conferred in 1878. The coll. was closed for cadets from 1942 to 1948 but was used for officer courses. It was reopened for cadets in 1948 as a tri-service coll. Royal Roads was establd. in 1942 at Esquimalt, B.C., as a naval coll. and in 1947 was reorganized as a combined R.C.N.-R.C.A.F. coll. In 1948 it became a tri-service coll. Le Collège Militaire Royal de Saint-Jean was opened in 1952 at Saint-Jean, P.Q., to meet the needs primarily of French-speaking cadets. It also is a tri-service coll.

The purpose of the coll., as well as of Royal Roads and Le Collège Militaire Royal de Saint-Jean, is to train cadets in the moral, mental and physical requirements for entry into the commissioned ranks of the sea, land and air forces. The moral trg. includes the devel. of the essential characteristics of discipline and leadership. Mental trg. includes the fundamental military and scientific knowledge required in all branches of the service and in particular of the technical corps, and provides a balanced and liberal educn. in arts and scis.

**CONSTITUTION.** The Royal Military Coll., Royal Roads and Le Collège Militaire Royal de Saint-Jean are administered by the dept. of natnl. defence, and the minister of natnl. defence is, *ex officio*, pres. of the coll. The arts, sci. and engin. facs. operate as a joint fac. under a dir. of studies.

**LIBRARY.** 72,000 vols.

**LABORATORIES.** Chem., phys.; civil, electr., mech. and chem. engin.

**ADMISSION.** See Appendix II.

**DEGREES.** In 1959 an act of the Ontario legislature empowered the coll. to grant degrees and hon. degrees in arts, sci. and engin. Degrees in arts and gen. sci. were first conferred in May 1959; degrees in hon. sci. and engin. will be conferred only from 1962 after course adjustments have been made.

**DIPLOMAS** are awarded on completion of a 4-yr. course in hon. sci., engin. and engin. phys., and cadets in these options may enter the degree yr. at Canadian univs.

**COURSES.** For cadets entering Royal Military Coll. the course is of 4 yrs.' duration. Cadets who complete first 2 yrs. at Royal Roads proceed for last 2 yrs. of the arts, sci., or engin. courses to

Royal Military Coll. For cadets entering Le Collège Militaire Royal de Saint-Jean, the course is of 5 yrs.' duration, the last 2 yrs. of which are taken at Royal Military Coll.

Courses offered are of 3 types, (a) 4 yrs.: BA pass, hon., (b) 4 yrs.: BSc pass, hon., (c) engin. A cadet may specialize in his 2nd yr. in one of arts, gen. sci. or engin., and in his last 2 yrs. in one of civil, chem., mech., electr. engin. or engin. phys.; specialization in arts and sci. in 3rd and 4th yrs. is offered in comm., econ., Engl., French, hist., maths., phys., pol. & econ. sci., pol. & geog.

**MILITARY OBLIGATION.** Each cadet must undertake to serve after graduation as a commissioned officer in one of the three armed services, in either active or reserve forces. Cadets with reserve force status are at present restricted to those who can qualify for dominion cadetships. All other applicants must enrol under the Regular Officer Trg. Plan, introduced in 1952. All applicants accepted under the plan for entry in Canadian services colls. are enrolled as naval cadets in Royal Canadian Navy, as officer cadets in Canadian Army, or as flight cadets in Royal Canadian Air Force. On successful completion of their academic and military trg. such cadets will be promoted to commissioned rank in regular force. The privilege of release, if desired, will be granted after 3 yrs. of commissioned service. The cost of tuition, bd., uniforms, books, instruments and other essential fees will be borne by dept. of natnl. defence; a cadet will receive \$63 a month and allowances, with free med. and dent. care and annual leave with pay and allowances.

**FEES.** Except for R.O.T.P. cadets, 1st yr.—\$550, covering tuition, residence, uniforms, books, etc.; each subsequent yr.—\$300. Annual recreation, \$30; annual contingency fund, \$100, of which unexpended portion is refundable.

**SUMMER TERM.** All cadets are required to attend a trg. centre of the service of their choice in order to obtain the necessary service qualifs.

**RESIDENCE.** All cadets are in uniform and live in residence. Three blocks, providing 400 single and dble. rooms.

**SUMMER SERVICE SCHOOLS.** R.M.C. facilities are used in the summer months for jr. officers' courses, C.O.T.C., and other qualifying courses.

**PUBLICATIONS.** *Calendar* (annual); *Admission Requirements* (annual); *Cadet Handbook* (annual); *The R.M.C. Review* (annual); *The Marker* (bi-weekly).

## GENERAL INFORMATION

St. Dunstan's Univ., opened in 1855, was by act of the Prince Edward Island legislature granted a charter in 1917 as a univ. 'with all and every the usual rights, powers, and privileges of such an institution'. From 1892 to 1940, by virtue of affiliation with Laval Univ., the degrees of that institution were conferred on all those who completed the St. Dunstan's courses and successfully passed the exams. given by Laval Univ., but since 1940 the powers of its charter have been exercised in full and independent action. English is the official language used in lectures. St. Dunstan's is the diocesan univ. of the Roman Catholic diocese of Charlottetown and is co-educational.

**CONSTITUTION.** The pres. has charge of the general admin. of the univ. In the discharge of his duties he is subject to the bd. of governors under the chairmanship of the bishop of the diocese of Charlottetown, and is assisted by the officers of the staff in matters pertaining to studies, discipline and finances.

**FACULTY AND DEAN.** *Arts, sciences & comm.*, Rev. E. J. Roche (maths.).

## GENERAL INFORMATION

Founded in 1864, the instn. was incorporated under the name of 'The Coll. of Saint Joseph', with the power to confer degrees, by an act of the New Brunswick legislature in 1868. In 1898, the original charter was amended, the name being changed to 'The Univ. of Saint Joseph's Coll.'. In 1906, Oxford Univ. admitted St. Joseph's Coll. to the privileges of the statute of colonial univs. In 1928 the legal title was changed to 'Saint Joseph's Univ.'. The univ. is conducted by the fathers of Holy Cross. It is a bilingual instn. (French- and English-speaking).

CONSTITUTION. Since the opening of the new bldg. in Moncton in 1953 for scis., comm., civil engin. and educn., St. Joseph's Univ. has been governed by a single corporation with its main centre of admin. at St. Joseph. There is a general cttee. on studies, comprising the pres. and the dean of studies of each instn. as members *ex officio*. These officers outline the general curriculum of studies for the univ. For the rest, each instn. has its own budget and is administered as if it were a separate coll.; each has a bd. of governors, comprising the pres., the vice-pres., the dean of studies, the sec. and two local councillors. On admin. problems the powers of members of the council are limited to consultation; they have full power on financial problems. The local cttee. on studies is composed of the pres. of the instn., the dean of studies and the deans of the depts. The deans of the depts. are responsible to the dean of studies, who is responsible to the pres. of the instn.

INCOME. Govt. grants: provincial govt., \$20,000; federal govt., \$30,000.

LIBRARY. 50,000 vols. MUSEUM. Natural hist. and Acadian hist. The library, museum and archives, the first instn. of its kind organized for the benefit of the Acadian population, has specialized in, and contains valuable collections on, the hist. of Acadia.

LABORATORIES. Biol., chem., phys.

DEPARTMENTS. High sch. level: academic, comm., agricultural and home econ. High schs. affiliated to the univ. offer courses leading to jr. matric., on completion of which students may be admitted to the coll. course. Coll. level: arts, comm., educn., engin., home econ., music, sci.

**GENERAL INFORMATION**

In 1802, Rev. Edmund Burke founded Saint  
Mary's Coll. An act of the legislature of Nova  
Scotia passed in 1841 and confirmed on several

occasions 'conferred full univ. powers. All  
through its history, Saint Mary's has been under  
the direction of groups of Roman Catholic clergy.

The secular clergy, the brothers of the Christian Schools and the Christian brothers of Ireland have all had charge of the admin. In June 1940, on the invitation of Most Rev. J. T. McNally, archbishop of Halifax, the Jesuit fathers of Upper Canada assumed direction of the coll. A new property was purchased in 1943, and on it was raised the new structure which was opened in Sept. 1951. In 1952 the name was officially changed to Saint Mary's Univ.

## GENERAL INFORMATION

The act establishing the univ. was passed by the  
legislative assembly of the province in 1907. The  
1st classes in arts & sci. began in 1909, and the  
1st bldg. on the campus was opened for admission

of students in 1912. The other colls. and schs.  
were establ. as follows : agric. 1912, engin. 1912,  
law 1913, pharm. 1914, comm. (acctg.) 1917, med.  
1926, educn. 1927, home econ. 1928, nursing

1938, grad. studies 1946, phys. educn. 1958. Some of these began work as schs. under the administration of other facs., but all have since become colls. with the exception of nursing, which remains a sch. under the jurisdiction of the coll. of med. and phys. educn. under the coll. of arts and sci. St. Thomas More Coll., establ. by the Fathers of St. Basil in 1936, gives classes in most arts subjs. on the same footing as the coll. of arts and sci. In 1934 Regina Coll. was taken over by the univ. and continued as a jr. coll. with a conservatory of music and a sch. of art.

**CONSTITUTION.** Convocation has power to consider all matters affecting the interests and well-being of the univ. and to make representations thereon to the senate. The senate grants degrees, authorizes establ. of scholps., etc., colls., depts., chairs of courses of instructn. within the univ., and considers and determines all courses of study. The bd. of governors is vested with the management, admin. and control of the property, revenues, business and affairs of the univ. It has the duty and power to erect and maintain bldgs., to expend money on their maintenance and equipment, to provide for the establ. and maintenance of facs., depts., chairs, exhibitions, scholps., etc., determined by the senate, and appoints univ. staff. The univ. council conducts exams., and considers for report to senate courses of studies and other educnl. matters. The facs. of the colls. have charge of all matters of scholarship within each coll. Advisory councils for the colls. of agric., educn. and med. consider and report to the senate and bd. of governors on general regns. and courses of study. The chancellor is elected by members of convocation and holds office for 3 yrs. He presides over convocation, confers degrees and is chairman of the senate and a member of the bd. of governors. The pres., who is also the vice-chancellor, is apptd. by the bd. of governors. He has general supervision over and direction of the academic work of the univ., the teaching staff and the student body. Deans of colls. have general supervision over the direction of the work, of the teaching and trg. of the students in all depts. of their colls. Hds. of depts. have general supervision and direction of the work of their depts.

**INCOME (1958-59).** Total income, excl. ancillary enterprises, \$6,555,847 (fecs, 20.8 per cent.; federal govt., 17.6 per cent.; provincial govt., 38.1 per cent.; res. grants, 17.1 per cent.; misc., 6.4 per cent.).

**GENERAL INFORMATION**

Sir George Williams Univ. (named after the founder of the Y.M.C.A.) has developed from the formal educnl. work of the Montreal Y.M.C.A. inaugurated in 1873. First classes at univ. level were offered in 1929 in the evg. division, and day courses in arts, sci. and comm. were inaugurated in 1932. The members of the first class graduated in 1936 and by 1957 some 2916 degrees had been presented. Throughout this period the coll. had been conducted under the terms of the charter of the Montreal Y.M.C.A. (consolidation June 1888).

In March 1948, however, the univ. was granted a specific charter by the provincial legislature, establishing it a body corporate and politic, for the purpose of conducting a coll. or univ. in the province of Quebec. Its historic connexion with the Y.M.C.A. is preserved by by-law.

Similar courses are offered and the same standards are maintained in both day and evg. divisions, although evg. students are required to attend for a longer period to complete degree requirements.

**INCOME** (1958). \$1,400,834 (student fees, 86·8 per cent.; provincial govt. grant, 7·14 per cent.; Y.M.C.A. subsidy, 3·91 per cent.; auxiliary enterprises, 2·15 per cent.).

**FACULTIES.** The facs. of arts, sci. and comm. are closely integrated under the general supervision of the dean of the univ. To ensure a broad general basis to the educnl. programme of each fac., the work of the univ. as a whole is further organized in four divisions, each supervised by a sr. prof.: natural sci. div.—Sr. Prof. S. Madras; soc. sci. div.—Sr. Prof. J. W. Bridges; humanities div.—Sr. Prof. W. R. Fraser; comm. div.—Sr. Prof. P. T. R. Pugsley.

**LIBRARY.** 34,000 vols.

**LABORATORIES.** Biol., chem., electricity, phys., exper. psychol. Four art studios available for work in fine & appl. arts.

**ADMISSION.** See Appendix II.

**PARTIAL STUDENTS.** Non-matriculated students are admitted to evg. courses for partial programmes, provided that their background is such that they may follow the courses desired.

**DEGREES.** 4 yrs.—BA, BSc, BCom (longer in the evg. courses). No hons. degrees or higher degrees are awarded. Attendance at lectures is required for all programmes.

**DIPLOMAS.** 2 yrs. (longer in evg. div.)—AssocArts, AssocSc, AssocCom, dipl. in engin. 4-yr. course for dipl. in association sci. for professional Y.M.C.A. secretaryship.

**FEES.** Annually for tuition—day div.: \$300; plus \$25 lab. fee for each course involving lab. work, \$15 student soc. fee. Evg. div.: \$50 for each 8-month subject, \$25 for each 4-month subject, plus \$25 lab. fee for each course involving lab. work.

**SUMMER SESSION** offered each yr. in the evg. div. only, from May 26 to Aug. 28, credits for which are given towards degrees of BA, BSc and BCom.

**PLACEMENT SERVICE** for students and grads. offered by student guidance office in conjunction with natnl. employment service.

**RESIDENCE.** Men students may reside in the Y.M.C.A. dormitories which occupy space in one of the bldgs. used by the univ. Residential accomm. for women students is available in the Montreal Y.W.C.A., within walking distance of the univ.

**MILITARY TRAINING.** Univ. contingents prepare students for commissions in Canadian army (reserve), Canadian navy (reserve) and R.C.A.F. radar and communications (reserve).

**STUDENT ATHLETIC FACILITIES.** Gymnasium and swimming pool.

**PUBLICATIONS.** *Calendar* (July); *The Georgian* (students' weekly newspaper); *The Yearbook* (graduating class annual); *The Post-Grad* (quarterly of Alumni Assocn.).

## GENERAL INFORMATION

There are 4 clearly defined periods in the hist. of the Univ. of Toronto: the foundation of King's Coll. and its progressive secularization, 1827-49; the Univ. of Toronto in isolation, 1850-89; federation, 1889-1905; and the period of consolidation and expansion from 1905 until the present day.

The univ. was founded in 1827 by royal charter as King's Coll. at York, as the state univ. of the province of Upper Canada, in close connexion with the Church of England. This moved other denominations to establish colls. independent of King's. Victoria was establd. by the Methodists at Cobourg in 1841, and Queen's at Kingston by the Presbyterians in the same yr. It was not until 1843 that the work of instructn. began at King's Coll.: the first degrees were granted in 1844. In 1849, after a bitter controversy, King's Coll. was secularized, removed entirely from its connexion with the Church of England, and its name changed to the Univ. of Toronto.

Irrked by this secularization, the Church of England in 1851 founded its own Univ. of Trinity Coll. In 1852 the Basilian Order established St. Michael's Coll. In 1853 a further change was made in the Univ. of Toronto through the creation of Univ. Coll. to which was given the entire work of instructn., the univ. itself becoming merely a legislative and examining body similar to the Univ. of London then recently establd. This move was prompted by the hope that the rival univs. would enter into federation, a vain hope for many yrs.

Only in the early eighties did representatives of the other colls. enter into negotiations for a scheme of federation, which was embodied in an act of the Ont. legislature in 1887. In 1890 Victoria and St. Michael's entered into federation with the Univ. of Toronto. Trinity Coll. was federated in 1904.

In 1905 the Ont. govt. appointed a commission to investigate and recommend action in regard to the univ. The Univ. of Toronto Act of 1906 laid the foundation of the present constitution of the univ. The present authority is that given by the Univ. of Toronto Act 1947 (as amended up to 1959).

Federation is confined to the fac. of arts & sci. The fac. is composed of 4 colls.: University Coll., Victoria Coll., Trinity Coll. and St. Michael's Coll., all of whose students meet the same admission and curricula requirements authorized by the senate. The financial affairs of Univ. Coll. are administered by the bd. of governors of the univ. but the other three arts colls. are autonomous instns. with degree-granting powers. They administer their own financial affairs and exercise their degree-granting powers only with respect to degrees in divinity.

In addn., Knox Coll. and Wycliffe Coll. are theol. instns. affiliated with the univ., but the senate exercises no control over their curricula. The situation is parallel with respect to Emmanuel Coll., the theol. coll. of Victoria Univ., and with respect to degrees in divinity offered by the Univ. of Trinity Coll. and the Univ. of St. Michael's Coll.

Situated in Guelph, 65 mls. from Toronto, are the Ont. Agric. Coll. and Ont. Vet. Coll., whose students proceed to degrees of the Univ. of Tor. These 2 affiliated colls. work in close co-operation with the provincial dept. of agric., which is ultimately responsible for their financial operations.

York Univ. (see p. 328) opened in autumn 1960 as an affiliated instn. of the Univ. of Toronto. Students attending York Univ. read for degrees of the Univ. of Toronto and initial teaching in York is confined to subjs. in the general arts course at the Univ. of Toronto.

**CONSTITUTION.** The univ. is administered by 2 sr. bodies: the bd. of governors (32 members) apptd. by the lt.-governor in council of the province of Ontario and primarily concerned with finance, and the senate (171 members), which is the official authority on all academic matters. Senate includes 32 *ex-officio* coll. hds., deans, dirs., etc., 16 reps. of professional licensing bodies, 60 reps. of the teaching fac. and 59 elected members of the grad. body.

The chancellor, chairman of the bd. of governors and pres. are *ex-officio* members of both senate and bd. of governors. The pres. is the chief executive officer of the univ. in both academic and financial areas; the chancellor, elected by a cttee. of election of 55 reps. of the grads., presides at convocations and certain other formal occasions.

**INCOME** (1958-59). Total income (not including federated univs. or such subsidiary orgns. as Royal Conserv. of Music of Toronto, Ont. Coll. of Educn., univ. press, Connaught med. res. labs.), \$17,625,922 (govt. grants, 52 per cent.; student academic fees, 22.3 per cent.; gifts and grants for assisted res., 12.5 per cent.; endowed income, 2.2 per cent.; other sources, 11 per cent.).

**UNIVERSITY PRECINCT.** The univ. is in the heart of Toronto. 4 of the city's principal arteries bound or cut through univ. properties. The univ. has acquired a 26-acre tract of land W. of St. George St., Toronto, where a proposed 12-yr. programme of expansion is already under way to provide the new bldgs. that will be needed as enrolment increases.

**LIBRARY.** 876,969 items (incl. stock of 3 branch reading rooms and 34 deptl. libraries);

federated arts colls., 195,580; other library collections, 321,867. Total of books on campus, 1,394,416 approx. The library has acquired the library of the Royal Canadian Inst., and is consequently especially strong on the sci. side. It has also sp. collections of French-Canadian lit., of Italian and Spanish belles-lettres, and of 18th-cent. Engl. lit.

**MUSEUMS.** Royal Ontario museum, 100 Queen's Park. Dir.—T. A. Heinrich, MLitt PhD L.I.D. World's largest univ. museum; functions also as provincial public museum. 3 curatorial divs. with 84 pub. galleries and each with res. collections and programme, reference library, service depts., etc., plus educn. div., office of information services, admin. dept. *Art & archaeol. div.*: permanent galleries, research collections in each of Greek and Roman, nr. eastern, far eastern European, textiles, Canadiana, and ethnol. depts. Collections illustrate pre-hist., classical civilizations, mediæv. and mod. Europe; outstanding Chinese collection covering entire range of art and archaeol., with large Chinese library; extensive ethnol. collections with emphasis on American Indian; N. American archaeol. collections and active res. programme; Sigmund Samuel Canadiana collection housed separately at 14 Queen's Park Cresc. West. *Life scis. div.*: depts. of mammal., ichthyol., ornithol., herpetol., invertebrates, fossil vertebrates, fossil invertebrates. Pub. galleries, very large res. collections and important reference library. *Earth scis. div.*: depts. of geol. and mineral. Pub. galleries of physical and appl. geol., systematic gallery of mineral., gem collection display. Extensive res. collections and library. *Educn. div.*: conducts museum educnl. programme for Ontario schools and adult groups, film programmes, children's clubs, etc. *Office of information services*: conducts pub. relations programme, audience res., museum radio and television, etc. All res. collections, libraries and museum facilities are available to res. workers.

The PONTIFICAL INSTITUTE OF MÆDÆVAL STUDIES of St. Michael's Coll. is a grad. sch. of res. The fac. members are members of the grad. sch. of the univ. The students are registered in the univ. as working for the MA or PhD degree. They may also qualify for the licentiate (LMS) and the doctorate (MSD) degrees awarded by the inst.

The ROYAL CONSERVATORY OF MUSIC OF TORONTO is within the univ. framework. It comprises the sch. of music and the fac. of music. The conservatory main bldg., adjoining the univ. campus, includes admin. offices, classrooms, library, 82 studios, concert hall, recital hall and 2 lecture halls.

LABORATORIES in all the sci. depts. A sub-critical REACTOR has recently been installed for the fac. of appl. sci. & engin.

BANTING INSTITUTE with depts. of pathol., bacteriol., med., surg., obstet. & gynæcol.,

ophthalmol., otolaryngol., pathol. chem. for teaching, clin. investigation and res. work.

BEST INSTITUTE OF PHYSIOL. Dept. of physiol. and Banting-Best dept. of med. res.

INSTITUTE OF AEROPHYSICS, near Steeles Ave. and Dufferin St., establ. in 1949 to train scientists and engineers in the mechanics of gases and plasmas, in the dynamics and gasdynamics of flight in the atmosphere and in space, in the design and analysis of flight structures, and for conducting res. in these areas; this is the only lab. of its kind in Canada.

COMPUTATION CENTRE, administered independently but associated with the dept. of physics, conducts res. in numerical analysis, scientific computing and data processing.

CONNAUGHT MEDICAL RESEARCH LABS. provide facilities for res. in prev. med. and in related fields and for production of and supply of sera, vaccines, hormones, antibiotics and other biol. preparations that are of importance to pub. health. Farm has been extended and is now approx. 230 acres. Second farm of 300 acres has been purchased.

DAVID DUNLAP OBSERVATORY, Richmond Hill, contains a 74-in. reflecting telescope which may be used either as a Cassegrain or a Newtonian, one of the largest in the world. Recent acquisitions include radio telescopes.

HOSPITALS available for clinics: Toronto (general), 1394 beds; Sick Children's, 647; St. Michael's (general), 950; Western (general), 640; Psychiatric, 76; Sunnybrook (veterans), 1535.

ADMISSION. See Appendix II.

FIRST DEGREES. 3 yrs.—pass BA (general course and general course in sci.), MusBac (music educn., general music), BPHE; 3 yrs. after at least 2 yrs. arts or BA—LLB; 4 yrs.—honour BA, BCom, BASc, BSc(Med), BScD, BHSc, BScF, BScPhm, BSA, BScN (3 yrs. for grad. nurses); 5 yrs.—BArch, DDS, DVM; 6 yrs.—MD; no time limit, min. 4 yrs.—general course (dept. of extension).

Honour BA may be taken in the following courses, with specific requirements beyond the minimum: classics, Engl. lang. & lit., Latin (Engl. or Italian option), Latin (French or Gk. option), mod. hist. (Engl. option), mod. hist. & mod. langs., mod. langs. & lits., music, household econ., a 1st-yr. course called maths., phys., chem. leading into maths. & phys., phys. & chem., phys. & geol., chem., a 1st-yr. course called science leading into biol., food chem., geog., geol. scis., physiol. & biochem.; with only minimum requirements: anc. nr. eastern studies, mod. nr. eastern studies, east asiatic studies, art & archæol., philos. (Engl. or hist. option), Slavic studies (2nd-yr. course after Russian incl. in any 1st-yr. course), and a 1st-yr. course called social and philosophical studies leading into anthropol., geog., mod. hist., philos., pol. sci. & econ., psychol., sociol.

A student who has already graduated in the fac. of arts, med. or sci. of a Canadian or other recog. univ. may complete the course in dent. in 4 yrs. instead of 5, provided he has covered certain prescribed subjects during his undergrad. course; and persons holding qualifs. obtained in Gt. Britain or Ireland registrable by the Dental Bd. of the U.K. or the BDS of approved Australian univs. may be admitted to the fac. of dent. without further exam., and to final DDS exams. on completing 1 full session in the fac. of dent.

The BSc(Med) may be conferred for sp. work or investigation as a grad. degree and in certain circumstances for an extra yr.'s work as an undergrad. Similar regns. govern the BScD.

Attendance is required for all degree courses. Correspondence or evg. courses may not be used for credit toward a degree in the univ., except the general course (dept. of extension). Only the BA degree through the general course (dept. of extension) and the MCom degree through the sch. of grad. studies may be earned by attending summer day and winter evg. classes. The MA, in Engl. only, and the MEd may be earned through summer sessions.

HIGHER DEGREES open to grads. in arts or sci. of any univ. or coll. approved by the sch. of grad. studies.

1 yr. after BA—BLS, BSW.

The MA, obtainable by approved course of grad. study extending over 2 yrs. or in the case of

a BA in an hon. course, 1 yr., may be taken in anat., anthropol., appl. maths., art & archæol., astronomy, biochem., bot., chem., classics, east asiatic studies, econ., educn. theory, Engl., food chem., geog., geol. scis., Germanic langs. & lits., hist., household sci., maths., mathl. stats., med. biophys., microbiol., nr. eastern studies, nutrition, pathol. chem., pathol., pharmacol., philos., phys., physiol., pol. sci., psychol., pub. admin., pub. health, romance langs. & lits., slavic studies, sociol., zool.

The PhD, open to a grad. in arts or sci. or dent. of this or another recog. univ. by pursuing in the Univ. of Toronto an advanced course of study for 3 yrs., exemption from 1 of which may be given in consideration of the candidate having already pursued such a course for 1 yr. A thesis embodying the result of an original investigation is required. The PhD may be taken in almost any subj. in which a master's degree is available and, in addition, in aeronaut. engin. & aerophys., chem. engin. and appl. chem., dent., electr. engin., mech. engin., metall. engin., nuclear engin.

MCom, by approved course of grad. study extending over 1 to 2 yrs.

MS obtainable after 3-yr. course open only to grads. in med. of a recognized univ.

MASc may be obtained by a BASc grad. of this univ. or one who holds an equivalent degree from some other univ. who pursues a course of advanced study in the fac. for 1 yr., presents a satisfactory thesis and passes such exams. as may be prescribed. The MASc may be taken in aeronaut. engin. & aerophys., appl. geol., chem. engin., civil engin., electr. engin., geol. scis., mech. engin., metall. engin., nuclear engin.

MARCH may be obtained by one who holds the degree of BArch or BASc, or an equivalent degree, under the same conditions as the MASc degree.

MScF is open to candidates who have obtained the BScF or equivalent degree. The course normally requires 2 yrs. if by exam., 1 yr. if by thesis.

BEF is open to candidates holding an approved degree in arts, sci., agric., engin. or comm., and a cert. as teacher valid in one of the provinces of Canada and issued after a regular course in an approved trg. sch. or the equivalent of such cert. and course of trg. The degree is awarded to those who supplement their professional trg. by attendance, after successful experience, at a summer session and complete work assigned. MEd is open to candidates who hold the BEF degree or equivalent standing. Requirement for the degree is completion of work assigned during attendance at 1 regular session or 3 summer sessions, although students of proven ability may obtain permission to write a thesis in place of the last 2 of the 6 units of instructn. ordinarily required. The EdD is open to holders of the MEd who qualify as candidates by their standing on selective tests; 1 regular session of course work and a major thesis, completed subsequently, are required.

MLS, 1-yr. course open to holders of BLS or equivalent.

MSW (master of social work) is open to grads.

who have obtained the BSW degree or equivalent. The DSW is open to holders of the MSW.

MSA is open to grads. who have obtained the BSA degree or equivalent.

MScD is open to grads. of the fac. of dent. of Univ. of Toronto or those with equivalent standing. It involves at least 2 yrs.' work.

MScPhm (master of sci. in pharmacy), open to holders of BScPhm, or equivalent degree, who pursue advanced course of study and submit satisfactory thesis. (Normally 2 academic sessions.)

MVSc or DVSc is open to grads. who have obtained BVSc or DVM degree or equivalent.

MusDoc is open to a MusBac and MusM of this or another univ. who had received bachelor standing at least 5 yrs. prior to registration or master standing at least 2 yrs. prior to registration.

MusM (master of music) may be obtained by those holding degree of MusBac or equivalent after 2 academic sessions of advanced work.

LLM may be obtained by an LLB grad. of the univ. or an approved univ., of at least 1 yr.'s standing, who passes the prescribed exams. and presents a satisfactory thesis. The DJur is open to candidates who have obtained LLM or equivalent. It requires 1 yr.'s attendance, exam. and a thesis.

The univ. publishes annually a *Sch. of Grad. Studies Calendar*. All communications on this subject must be addressed to the sch. of grad. studies.

HONORARY DEGREES. LLD, DSc, DLitt, DEng, DArch, MD, MusDoc, MA.

The univ. does not award EXTERNAL DEGREES.

DIPLOMAS. For med. grads.: dipl. in bacteriol., dipl. in indust. health, dipl. in pub. health, each 8 months' academic course plus 2 to 3 months' field work; dipl. in psychiatry, dipl. in med. radiol., each 2 calendar yrs. Other dipls.: after Ontario grade XIII or equivalent: 3 yrs., phys. & occupnl. therapy; 2 yrs., dental hyg.; open to univ. grads.: 2 yrs., dipl. in speech pathol. & audiol.; 1 yr., vet. pub. health (DVPH), child study, town & regional planning, hosp. admin. (1 yr. acad. study, 1 yr. in a hosp.), nutrition; open to grads. in dent.: dental pub. health (DDPH) (1 yr. acad. study plus field experience); dental oral surg. & anæsth., orthodontics, pædodontics & periodontics (all require 8 months' theoretical, 24 months' clin. instructn.).

CERTIFICATES. After Ontario grade XIII or equivalent: min. 3 yrs., evg. course in business; open to phys. & occupnl. therapy grads. with 2 yrs.' experience: 2 yrs., teacher's cert. in phys. therapy, teacher's cert. in occupnl. therapy; open to grad. nurses: 1 yr., dental nursing, hosp. nursing service (general or advanced), nursing educn. (general or advanced), pub. health nursing (general), pub. health nursing (admin.) (general or advanced); open to univ. grads. in arts or sci.: 1 yr., pub. health (CPH) with or without specialization in certain subjects.

RESEARCH. Facilities for postgrad. res. or advanced study in most depts. of the univ. Details

of recent res. activities included in annual *President's Report*.

TRAINING OF TEACHERS. Candidates for a cert. to teach in the secondary schs. of Ontario must hold an approved degree and then attend the Ont. College of Educn. for 1 yr. A teacher of vocational subjects need not hold a degree, but must have practical experience as a journeyman in the trade, and must attend the Ont. College of Educn. for 1 yr.

FEES. Students proceeding to BA or BCom and enrolled in one of the federated arts colls. of the univ. attend lectures of univ. profs. and lectrs. in fac. of arts without payment of fees to the Univ. of Tor. except for library, lab. supplies, exams. and certain other incidentals. (Fees for BCom, however, are not entirely paid to the fed. coll.; some portion is paid to the univ.) The coll. fees, which entitle students to attend degree courses in their respective colls., are \$299 p.a. Students proceeding to BA or BCom in Univ. Coll. pay all fees to Univ. of Tor.

Schedule of annual fees payable to the univ.: appl. sci. & engin., men \$604, women \$581; archit., men \$601, women \$579; arts (Univ. ACADEMIC YEAR. Winter session: 2 terms, from end of 3rd wk. in Sept. to mid-May

(Michaelmas, 12½ wks., Easter, 15 wks.). The univ. does not operate on a semester system.

**VACATION COURSES.** Summer session, beginning of July to mid-Aug.: sch. of grad. studies offers courses for credit toward degrees of MA in Engl., MEd, EdD, MCom and MLS. (See also 'University Extension', below.)

**SCHOLARSHIPS.** Numerous fellowships, scholps., bursaries and prizes are available in the various colls. and facs. of the univ. and sr. students may obtain assistance from loan funds held by the prov. govt., the alumni assocn. of the univ., the students' admin. council and the fac. of appl. sci. & engin.

Most of the scholps., fellowships, etc., tenable in the sch. of grad. studies are open to grads. of Canadian univs. (details in annual calendar of sch.); admission scholps. are open only to students who write the Ontario grade XIII depl. exams.

**UNIVERSITY PLACEMENT SERVICE,** 5 Willcocks St., co-ordinates and complements the employment facilities provided through the various facs. and depts. Offered to all grads. and undergrads. of the univ., it provides the means for the registration of those seeking specific full-time employment as well as supplying a centre to which employers may come and from which enquiries may be forwarded to the facs. most concerned. Pt.-time and summer employment are co-ordinated through the employment offices of the students' admin. council.

**RESIDENCES.** University Coll. residence for men (183), room and bd. \$620 for session; residence and bd. for women (225), at least \$585 for session; Devonshire House residence for men (200), room only, at least \$235 for session; Victoria Coll. halls for 250 men and 260 women, \$550-\$575; Trinity Coll. provides for 140 men (\$690) and 120 women (\$680); St. Michael's (R.C.) has residences for 500 men and 400 women, \$600.

**UNIVERSITY NAVAL, ARMY AND AIR FORCE COMPONENTS.** The armed forces' offices are on the campus, at 119 St. George St. Academic and military trg. is open to Canadian citizens or other British subjects resident in Canada, with the status of 'landed immigrants'. Under the Regular Officer Trg. Plan, undergrads. receive up to 4 yrs. of univ. educn. in most facs. with the option of release 3 yrs. after graduation. Compulsory tuition, dues and fees are paid by the service. A separate plan provides for med. and dent. students who may join as commissioned officers for their final yr. Practical trg. and annual leave are given during the summer; unit trg. is given 1 night wkly. during academic yr. The service provides identical military trg. for militia and reserve force undergrads. under a separate plan.

**STUDENT HEALTH SERVICE.** The univ. health service offers a partial but comprehensive med. service for students, incl. a required med. exam.

and chest X-ray for all new students and for certain other specified groups each yr. In addn., an out-patient clinic type of service is available to students throughout the acad. yr. for treatment and advice. Infirmary care is offered for minor illness. Extensive coverage is offered for athletic injuries, incl. an out-patient surg. and in-hosp. treatment where required. These services are covered by a specific fee paid annually by each student at the univ.

**STUDENTS' ADMINISTRATIVE COUNCIL** directs and administers student activities and publiscs. by means of a representative cttee. which is the recog. official medium of communication between students and the bd. of governors. Membership consists of the pres. or an elected rep. of each student govt. of the colls., facs. and schs. of the univ., and of *ex-officio* members without vote: a chairman, who is a grad. of the univ. of not more than 5 yrs.' standing; 2 salaried officials (sec.-treasurer and assoc. sec.) who are grads. of the univ. apptd. by the bd. after consultation with the students' council; 2 members of the fac. apptd. by the pres. of the univ.; and the editors of the student newspaper and the yearbook.

**HART HOUSE,** the gift of the Massey Foundation in memory of H. Massey, affords all the facilities of a first-rate club for male undergrads. The activities of the house are administered by cttees. on which sit undergrads., grads. and members of the fac. The Student Christian Movement has its headquarters in the house; it also contains a wing with the athletic assocn. offices, gymnasium, swimming pool, etc., in which phys. trg. and recreation for male students are carried on. Annual fee, \$18. Warden: J. McCulley. Tel. (hall porter): WA 3-6445.

**STUDENTS' UNIONS.** *The Women's Union of Univ. Coll.* provides a centre for undergrad. women of the coll., particularly those who live off the campus, and is extensively used by both men and women student clubs, dramatic and discussion groups. It contains common-rooms, a lecture hall used for student plays, lectures, meetings and dances, and a large dining-hall where non-resident students and women staff members lunch. *Wymilwood, the Victoria College Students' Union* was opened in 1952. A centre for student social activities, it is located at 150 Charles St. W. and is readily accessible from the main coll. bldg., the library and the residences. The cafeteria and a most attractive ground-floor common-room are reserved for women students. The other rooms are open to both men and women for meetings of clubs, societies and discussion groups.

**UNIVERSITY EXTENSION.** Courses leading to BA degree in evgs. for teachers and other adults; summer session in arts subjects and in educn.; evg. course in business leading to cert.; evg. tutorial non-credit classes in a variety of arts and cultural subjects during winter session; evg. non-cred: classes in subjects relating to business and industry during winter session; extension lectures throughout the province; correspond-

ence division conducts courses for credit for professional organizations; short refresher courses for social workers, sch. of nursing, accident prevention, public safety (safe driving), for groups of grads. and others in sp. fields.

### GENERAL INFORMATION

St. Michael's Coll. was establd. in 1852 by the Rt. Rev. Armand François, Comte de Charbonnel, second bishop of Toronto, and placed under the

direction of the Basilian Fathers. It was incorporated as an instn. of higher learning by the statutes of the province of Canada in 1855. In

1881 St. Michael's was affiliated, by statute of the univ. senate, to the Univ. of Toronto. In the univ. acts of 1887 and 1904 it was described as a federated theol. coll., but continued independently as a classical coll. for Catholic laymen. When the Univ. of Toronto was reorganized by the Univ. Act of 1906, St. Michael's entered the new univ. federation as an arts coll. preparing students for univ. degrees. In 1954 St. Michael's obtained independent civil establishment for its theol. sch. and in 1958 was constituted by the legislature of the province of Ontario as a univ. in federation with the Univ. of Toronto.

St. Michael's, in conjunction with the Univ. of Toronto, offers full programmes in arts, sci. and comm. at undergrad. level and, independently, in theol. and related studies at postgrad. level. The Inst. of Mediaeval Studies is located on the same campus.

## GENERAL INFORMATION

Incorporated by an act of the provincial legis-  
lature in 1878 as the 'Western University of  
London, Ontario', in connexion with the Church  
of England, the univ. has become, under the pro-  
visions of amending acts of 1908, 1923 and 1955,  
absolutely undenominational in its govt., which  
is under provincial and municipal control. It  
consists of 7 divs. of the univ. proper—the fac. of  
arts and sci. (University Coll., Middlesex Coll.,  
Music Teachers' Coll.), the fac. of grad. studies,  
the fac. of eng. sci., the fac. of law, the fac. of  
med., the sch. of nursing and the sch. of bus.  
admin.—as well as the affiliated instns. listed  
above.

CONSTITUTION. The univ. senate is responsible  
for academic affairs, while the bd. of governors  
controls financial affairs. The bd. of governors  
is partly apptd. by the lt.-governor-in-council,  
partly by the London city council, partly by the  
univ., and partly elected. The senate is partly  
univ. admin. & fac. members, *ex officio*; partly  
elected by fac. members, secondary sch. prin-  
cipals and univ. grads.; and partly apptd. by out-  
side bodies, e.g. bds. of educn. and near-by city  
and county councils. The president and vice-  
chancellor is chairman of the senate and a member  
of the bd. of governors.

INCOME (1958-59), \$5,122,450, incl. \$853,554  
for res. and \$552,647 for ancillary enterprises.  
Principal sources (excl. ancillary enterprises):  
federal govt., 21.3 per cent.; provincial govt.,  
20.7 per cent.; municipal, 1.7 per cent.; res.

grants, 19.1 per cent.; other gifts and grants, 0.8  
per cent.; student fees, 31.2 per cent.; endow-  
ment income, 1.3 per cent.; other sources, 4.7  
per cent.

FACULTIES AND SCHOOLS. See p. 344.

LIBRARIES of univ. proper: 255,000 vols. plus  
several thousand pamphlets. Barnett collection  
contains many rarities dealing *inter alia* with  
Canadian and American hist.

ADMISSION. See Appendix II. Admission to  
the med. sch. is usually not open to non-Canadian  
students because of limited facilities.

FIRST DEGREES. 3 yrs. (4 for hon.) from sr.  
matric.—BA, BSc; 4 yrs.—BESc; 5 yrs.—  
LLB, BScN (nursing); 6 yrs.—MD.

Hons. courses represent both gen. and sp.  
educn. as well as higher standards. Hons. may  
be taken in biol., bus. admin., chem., classics,  
econ., Engl., French, geog., geol., German, hist.,  
journalism, Latin, maths. (pure, appl., statistical,  
astronomical, actuarial), mod. langs., philos., phys.  
& health educn., phys. (general, geophys., radio  
phys. & electronics), pol. sci., psychol., sociol.,  
and combinations of these subjs. Univ. and  
Middlesex Colls. offer all except bus. admin.,  
which is available in a sep. sch.; St. Peter's Coll.  
offers hon. philos.; College of Christ the King  
offers a few arts hon. courses; Ursuline Coll.  
offers most of the arts hon. courses but none in  
natural sci.; Huron Coll. offers some hon. work.

Attendance on part of the classes (other than

med. and sci.) may be dispensed with by permission of the senate, but all students must have attended lectures in the univ. for the equivalent of 2 yrs. before they graduate.

**HIGHER DEGREES.** 1 yr. from hons. BA or BSc, or 2 yrs. from ord. BA or BSc—MA, MSc, MBA, MScN, LL.M.; 5 yrs. of clin. & grad. study—MClSc; 3 yrs. of grad. work in arts, sci. or med. depts.—PhD.

The MA may be taken in classics, econ. & pol. sci., Engl., geog., German, Hebrew, hist., maths., philos., psychol., romance langs. The MSc may be taken in bacteriol., biochem., biophys., bot., chem., geol., geophys., med. res., microscopic anat., pharm., phys., zool. The PhD may be taken in almost all subjects in which master's degrees are available.

**HONORARY DEGREES.** DCL, LLD, DSc, DLitt, MusD, DD.

The univ. does not award **EXTERNAL DEGREES.**

## GENERAL INFORMATION

The univ. was founded in 1942 by incorporation of the Ceylon University Coll., establd. in 1921, and the Ceylon Medical Coll., establd. in 1870. It occupies temporarily the premises of the two colls. in Colombo, but new bldgs. are being erected in Peradeniya, 4 mls. from Kandy, on the banks of the Mahaweli-ganga below the Royal Botanic Gdns. The facs. of arts, oriental studies, agric. and vet. sci. moved to Peradeniya in 1952, the general admin. in 1953 and the dental sch. in 1954. When the whole univ. is moved there it will become entirely residential. More land will be required for the fac. of med. and new facs. The main bldgs. are being erected to a plan formulated by Sir Patrick Abercrombie and Mr. Clifford Holliday.

**CONSTITUTION.** The corporation known as the Univ. of Ceylon (establd. under the Ceylon Univ. ordinance no. 20 of 1942) consists of the chancellor (the governor-general), the pro-chancellor (the minister of education), the vice-chancellor, the court, the council and the senate. Financial and legislative control is vested in the court, which consists of the chancellor, pro-chancellor, vice-chancellor, members of the council, profs. and other hds. of depts., reps. of the facs., grads., parliament and other bodies and certain nominated members. The council is the executive body of the univ. In academic matters it acts on the advice of the senate, which in many matters acts on the recommendation of the facs.

## GENERAL INFORMATION

The coll. is an independent instn., governed  
 by a council which was incorporated by the Univ.  
 Coll. of the Gold Coast Ordinance (Gold Coast  
 No. 6 of 1948).

CONSTITUTION. The senate consists of all full-  
 time teaching, res. and admin. officers above a  
 certain seniority. The facs. and fac. bds., the  
 financial bd., and other bodies, all consist of  
 members of the senate. The duty of submitting  
 resolutions to the senate is entrusted to a council  
 elected by the senate and advised by a general bd.  
 of the facs. and by the financial bd.

 £55,736 ; other income, £74,721.

Grants totalling £2,897,000 have been made  
 by the Cocoa Marketing Bd. for the devel. of  
 agric. and for general purposes. In addn., the  
 govt. has made grants for bldg. and equipment  
 totalling £6½ million. A grant of £400,000 has  
 been made from Colonial Devel. and Welfare  
 funds towards a hall of residence. A further  
 capital grant of £1,800,000 has been promised by  
 govt. for the next quinquennium to complete the  
 first phase of devel.

FACULTIES. Agric., arts, biol. scis., phys. scis.,  
 soc. studies.

COLLEGE PRECINCT. A site of 5 sq. mls. near  
 Accra, presented by the govt., is being developed  
 for the permanent bldgs. of the coll. The first  
 phase of devel. provides for a fully residential coll.

of 1000 students. The ultimate devel. is planned  
 for 5000 students. All depts. and all students are  
 housed in new bldgs. on the permanent site at  
 Legon.

LIBRARY. 120,000 vols. ; more than 2800  
 periodicals are taken. Special West Africa  
 collection.

BOTANICAL GARDEN. GEOPHYSICAL RES. STN.

## GENERAL INFORMATION

In 1887 Sir Patrick Manson, GCMG, started the Hong Kong Coll. of Medicine for the Chinese in the Alice Memorial Hosp. opened the same yr. on a London Missionary Soc. foundation. As students of nationalities other than Chinese began to join the coll., the words 'for the Chinese' were struck out of the title in 1907, and the institution was incorporated as 'The Hong Kong College of Medicine'.

The coll. offered to amalgamate in a univ., and in March 1911 the Univ. of Hong Kong was incorporated by a local ordinance, embodying the principle of religious tolerance and racial neutrality. H.M. govt. guaranteed funds for the foundation of 'King Edward VII' scholps., awarded on entrance exam. results. The univ. was opened in March 1912, in a bldg. donated by Sir Hormusjee Mody, with facs. of med. and engin. A fac. of arts was organized in the following yr., a fac. of sci. in 1939 and a fac. of archit. in 1951. The last was combined with the fac. of engin. in 1958.

A plan has been adopted for the univ.'s expansion which will result in the increase of undergrad. nos. to about 1800 by 1965. Degree courses in electr. and mech. engin. have been reinstated, and plans are in preparation for degree courses in dent.

CONSTITUTION. The supreme governing body of the univ. is the court, with the governor of Hong Kong as chancellor and chairman. The executive body is the council, composed of the vice-chancellor, the treasurer, the colonial sec., the deans of the facs., 4 members apptd. by the chancellor, 3 elected by the court and 1 elected by the senate. The senate, which deals with academic matters, is composed of the vice-chancellor, the dir. of educn., the profs. and the hds. of teaching depts. who are not profs.

INCOME (1958-59). (HK \$16 = £1.) Interest on investments, \$2,724,529; fees, \$1,852,265; govt. subventions, \$5,612,500; other sources, \$242,223; total, \$10,431,517.

FACULTIES AND DEANS. *Arts*, Prof. F. S. Drake (*Chinese*); *engin. & archit.*, Prof. S.

Mackey (*engin.*); *med.*, Prof. F. E. Stock (*surg.*); *sci.*, Prof. D. Barker (*zool.*).

LIBRARIES. Univ. libr. : over 107,000 vols. in Engl. and other European langs.; receives over 1200 journals; Fung Ping Shan Chinese section : over 117,000 Chinese vols. (incl. 2300 Japanese vols.) and receives 165 current Chinese journals. Sp. collections incl. Hankow collection of invaluable source material on relations between China and the west during the Ch'ing dynasty; and Morrison collection of 2748 vols. incl. some of antiquarian value in the fields of oriental and biblical lit.

TEACHING HOSPITALS. Queen Mary H., Tsan Yuk H.

INSTITUTE OF ORIENTAL STUDIES (*see* p. 368). The Inst. of Oriental Studies provides facilities for study of the Mandarin and Cantonese langs. to colonial administration service officers and lang. officers of the army and air force, and for res. in various fields of Far Eastern study.

ADMISSION. Minimum qualifs. : attainment of age 17; medical exam. of fitness; success in the Univ. of Hong Kong matric. exam. (passes in Engl., a second lang., a sci. or maths. subj., 2 subjs. at the advanced level and at least 3 subjs. at one exam.). In addn. there are various fac. requirements.

EXTERNAL STUDENTS. Applicants whose educnl. standards in Engl. lang. and in the subjects of their choice are considered adequate by the hd. of dept. concerned may be admitted as external students but may not take exams. of the univ. There are about 20 external students, mostly attending courses in the arts subjects, and 31 lang. sch. students.

FIRST DEGREES. 3 yrs.—BA (pass, hons.), BSc general, BSc(Eng); 4 yrs.—BSc special; 5 yrs.—BArch (pass, hons.); 6 yrs.—MB BS. The min. residence in the univ. for graduation is 3 yrs., except where individual exemption is given. Students reading for BA may elect courses from

one, two, or three of the following: Chinese, econ. & pol. sci., Engl., geog. & geol., hist., maths., mod. langs., philos. Courses for BA pass and hons. are identical (hons. awarded on result of final exam.).

Students in sci. courses are required to graduate with a BSc general degree before they may be permitted to read during 1 further yr. for a BSc special degree in chem., phys., bot., zool., pure maths., or appl. maths.

**HIGHER DEGREES.** MA, MSc, MSc(Eng)—conferred on grads. of the univ. or of approved univs. after advanced work extending over at least 2 yrs. MD, MS—conferred on grads. of the univ. of 5 yrs.' standing, or in special cases of 3 yrs.' standing. MArch—conferred on hons. grads. of the univ. or of approved univs. after 1 or 2 yrs.' advanced work. DSc—conferred on grads. of the univ. of at least 5 yrs.' standing on evidence of publication of authoritative contributions to learning.

**DIPLOMAS.** Dipl. in educn.—1 yr.; dipl. in soc. study—1 yr.; candidates must be grads. of the univ. or approved univs.

**CERTIFICATE.** Soc. study—2 yrs.; candidates must be matriculated students of the univ. Educn.—1 yr. full-time, or 2 yrs. pt.-time; candidates must be grads. of approved univs., and must be grads. of at least 5 yrs.' standing for the pt.-time course.

**STUDY LEAVE** may be granted where it can be arranged without serious inconvenience to the work of the univ.; terms of leave are at discretion of the council.

**FEES** (HK \$16=£1). Matric., min. entry fee: \$50; caution, \$100; composition (incl. registration, tuition, lab. or workshop, exam., and student health): BA (hons. or pass) (3 yrs.), \$3160; BSc general (3 yrs.), \$3760; BSc special (4 yrs.), \$5010; MB BS (5 yrs.), \$6260; BSc(Eng) (4 yrs.), \$4610; BArch (5 yrs.), \$5710; higher degree exams.: MA, MSc, MSc(Eng), MArch, \$400; DSc, MD, MS, \$600. Graduation: BA, BSc, MB BS, BSc(Eng), BACh, \$100; MA, MSc, DSc, MD, MS, MSc(Eng), MArch, \$200.

**ACADEMIC YEAR.** Sept. to June, 3 terms of 10, 9 and 9 wks. 1960-61: Sept. 1-Dec. 20; Jan. 1-March 19; March 26-May 27).

**EXTRA-MURAL COURSES.** Courses in accty. and

secretarial practice; lang. courses; various other occasl. and refresher courses.

**POSTGRADUATE AWARDS.** Two 2-yr. scholps awarded by H.K. govt. each yr. for postgrad study or res. open to applicants from other part of the Commonwealth (Commonwealth Scholarship & Fellowship Plan).

**GRADUATES' ASSOCIATIONS.** Hong Kong Univ alumni assocn. of Hong Kong; pan-Malayar Hong Kong Univ. alumni assocn. (branch assocns. of S. Malaya, Central Malaya, Perak and North Malaya); Hong Kong Univ. alumni assocn. in the U.K.

**HALLS OF RESIDENCE.** For men: in univ estate—May Hall (accomm. for 90), University Hall (52), Lugard Hall (75)—fees, \$180 p.m. Morrison Hall, Hatton Rd. (54), conducted by London Missionary Soc.—fees, \$200 p.m.; Rice Hall, Pokfulam Rd. (62), conducted by Jesuit Fathers—fees, \$200 p.m. For men and women: St. John's Coll., Pokfulam Rd. (116), Anglican coll. of residence—fees, \$211 p.m. For women: Lady Ho Tung Hall, Pokfulam Rd. (100)—fees, \$220 p.m. (For wardens, see 'Admin. and other Staff', *above*.)

**STAFF RESIDENCES.** The univ. controls 42 houses and flats for teaching staff situated within the univ. estate, and 14 outside it.

**STUDENT HEALTH SERVICE.** Provides for initial exam. on admission, required vaccinations and inoculations, and professional services up to specialist level.

**STUDENT ATHLETICS.** Cricket, football, hockey, swimming, tennis, basket-ball, badminton, etc.

**STUDENTS' UNION.** The union was establd. in 1912. Membership is obligatory. It is controlled and directed by a council, the pres and hon. sec. of which, and also 4 indep. members, are elected by the undergrads. The union possesses a Jordan memorial library.

**PUBLICATIONS.** *Calendar*; *Handbook of the Matric. Exam.*; *Matric. Exam. Question Papers*; *Departmental Reports*; *Journal of Oriental Studies*; *Univ. Gazette*; *Univ. Fisheries Journal*; *Contemporary China*; *Union Magazine* (students).

The UNIVERSITY PRESS is managed by a ctte apptd. by council. Publisher, H. Vetch.

## THE YEAR 1959

**PRINCIPAL BENEFACTIONS.** China Med. Bd. of N.Y., US\$15,000 to dept. of med. for purchase of refrigerated centrifuge and establishment of radio-isotope lab., US\$25,000 for supplies and equipment for depts. of anat., physiol., pathol. and obstet. & gynæcol., and travelling grants to profs. D. W. C. Chun and K. S. F. Chang; China Light & Power Co., HK\$100,000 for equipment of steam lab. in the fac. of engin. & archit.

**RESIGNATIONS.** Dr. H. E. Reiss (obstet. &

gynæcol.), apptd. pt-time consult. in obstet. & gynæcol., Hackney Hosp., London; M. Hugo-Brunst (archit.); Dr. T. R. Tregear (geog.), apptd. warden, Woodbrooke Coll., Birm.; Prof. R. W. Parsons (phys.), apptd. reader in phys., Queensland; Mrs. E. Johnston (zool.); Dr. O. K. Skinsnes (pathol.), apptd. full prof. pathol., Chic.; Dr. K. K. Chow (obstet. & gynæcol.), apptd. H.K. govt. specialist.

**DEATHS.** Sir Shouson Chow (life member of

court); Wong Sik Ling (lectr., principal of lang. sch. of Inst. of Oriental Studies); Sir Man-Kam Lao (member of court); Un Po (lectr. in phys.); Ma Kiam (prof. of Chinese, 1948-50); T. K. David (lectr. in philos.).

HONORARY DEGREES. *L.I.D.*—M. W. Turner, treasurer of univ. since 1952.

# THE UNIVERSITIES OF INDIA

[Contributed by Mr. S. R. Dongerkery, Vice-Chancellor of Marathwada University]

**HISTORY.** Modern university education in India dates from the foundation of the universities of Calcutta, Bombay and Madras in 1857. Educational institutions comparable to the universities of to-day did not exist in pre-Aryan India. Glimmerings of the idea of a university can be seen in the colleges and schools for advanced study attached to temples, where the Aryans provided education in religious and secular subjects for their youth. The *gurukula* where the *guru* or teacher imparted the knowledge of the Vedas to the *shishyas* or pupils entrusted to his care was more a residential college than a university, inasmuch as, beyond providing intimate contacts between the teacher and his pupils, it did not afford opportunities for the association of teachers. Such opportunities were, however, provided by *parishads* or conferences of teachers and scholars organized from time to time. By granting recognition to scholars who exhibited their learning before them, these *parishads* performed one of the functions of a modern university.

Takshasila or Taxila, in Kandahar, the most important of the earliest known seats of learning in ancient India, became a university centre in the seventh century B.C. It flourished for nearly ten centuries as a university to which scholars and students were attracted from all parts of India. Similar university centres sprang up at Ujjain, Valabhi, Vikramasila, Banaras and Kanchi (Kanchipuram). At one time, the University of Nalanda in the north (Bihar) and that of Kanchi in the south attained celebrity as centres of Indian culture and scholarship.

With the spread of Buddhism, the *viharas*, or monasteries, developed into centres of learning which attracted lay students by the fame of their teachers. These *viharas*, which, unlike the old *gurukulas*, had many teachers in residence, approximated to the modern idea of a university. About A.D. 425, Kumaragupta I, a devout Hindu, founded the *sangharama* (college) of Nalanda as a residential university. Before him, the Emperor Asoka had built a temple and a *vihara* at the same place. Kumaragupta's successors built more *sangharamas*. The University of Nalanda possessed eight *sangharamas*, three extensive libraries and an observatory. It flourished till the thirteenth century A.D., when it was destroyed by invaders. Theology and philosophy were compulsory subjects of study at the university. Great importance was also attached to the teaching of the various systems of logic. The curricula included astronomy, grammar and medicine. The reputation of the great scholars who taught at Nalanda spread not only throughout the length and breadth of India, but even beyond its borders,

and attracted students from China, Tibet and Ceylon. Nalanda had, at one time, as many as ten thousand students and teachers. The method of instruction consisted of individual tuition and guidance rather than formal lectures. The students derived great benefit by listening to the discussions which took place among their teachers. Close personal contacts were established between the teachers and the taught.

Some of these ancient seats of learning continued to thrive even after the Muslim conquest of India, although the Muslim rulers encouraged the setting up of *madrasahs*, or colleges, in different parts of India, e.g. at Lahore, Delhi, Rampur, Lucknow, Allahabad and Jaunpur. The subjects of study in the *madrasahs* included theology, grammar, logic, rhetoric, law, geometry, astronomy and metaphysics. While Sanskrit was the medium of instruction in the Hindu centres of learning, Arabic was the chief medium in the *madrasahs*.

When the East India Company came on the scene, it was in no hurry to change the indigenous systems of education. On the contrary, it established the Calcutta Madrasah and the Banaras Sanskrit College on the traditional pattern, with the avowed purpose of preserving and cultivating the laws, literature and religion of the people and training young Indians for the administrative and judicial services. The renewed charter of the East India Company, in 1813, contained a clause stipulating that 'a sum of not less than one lakh of rupees in each year shall be set apart and applied to the revival and improvement of literature, and for the introduction and promotion of knowledge of the sciences among the inhabitants of the British territories in India'. Under the leadership of Raja Rammohun Roy, the Hindu College was founded in Calcutta, in 1817, to provide instruction in the European languages and science. In Bombay, Mountstuart Elphinstone advocated the establishment of schools for teaching English and the European sciences. The Elphinstone Institution was founded in Bombay, in 1834, to train persons for high employment in the civil administration. European missionaries, too, were active during this period, establishing schools in the presidency towns for imparting western education through the English language. A controversy arose between those who wanted to impart instruction through Sanskrit and Arabic and those who wanted to do so through English, which provided the occasion for Macaulay's famous minute. Endorsing this minute, the governor-general in council passed a resolution on March 7, 1835, declaring that the great object of the British government ought to be to promote

European literature and science among the Indian people and to employ all funds allocated to education on English education alone. The controversy, in Bombay, over the medium of instruction was settled in favour of English, in 1843. In 1845 the Bengal Council of Education proposed to the court of directors of the East India Company the establishment of a university at Calcutta, but the proposal was turned down as premature.

The next landmark is the dispatch of 1854 of Sir Charles Wood, sometimes called the 'Magna Carta of English education in India', but which may more accurately be described as the *fons et origo* of the modern universities of India. This historic document impressed upon the government of India the duty of creating a properly articulated system of education from the primary school to the university, and recommended, *inter alia*, the institution of universities in the presidency towns of Calcutta, Bombay and Madras. It stated that the object of establishing universities was to encourage 'a regular and liberal course of education by conferring academical degrees as evidences of attainment in the different branches of arts and science'. It held out the University of London as a model which might be followed with advantage in India. The dispatch further advised the institution of professorships at the universities in various branches of learning. The educational policy outlined in it was implemented by the establishment of the universities of Calcutta, Bombay and Madras in 1857.

The jurisdiction of the University of Calcutta, extending from the Punjab in the west to Burma in the east, covered practically the whole of north India, while that of the other two universities was restricted to the respective presidencies. For twenty-five years these three universities catered for the educational needs of the whole country. The universities continued to be purely examining and affiliating bodies. To meet the increasing needs of the student population as well as to relieve Calcutta University of its heavy burden, two new universities were created—the University of the Panjab (now in Pakistan), in 1882, and the University of Allahabad, in 1887. Both these universities followed the example of the three earlier ones by confining their activities to examination and affiliation. No addition was made to these universities till 1916, although, meanwhile, higher education was rapidly expanding.

The next landmark in university education is the appointment, during Lord Curzon's viceroyalty, of the Universities Commission of 1902. The important recommendations of this commission were (i) that the senates of the universities should be limited in size, (ii) that teaching powers should be conferred on the universities, (iii) that they should be given greater control over the affiliated colleges and (iv) that they should undertake research. These reforms, incorporated in the Indian Universities Act of 1904, enabled the five existing universities to improve their efficiency by assuming teaching functions, exercising an

effective check over their affiliated colleges and encouraging research.

The next stage in the progress of university education is indicated by the government of India's resolution, published in 1913, which urged that the area of jurisdiction of the existing affiliating universities be reduced so as to provide a separate university for each of the leading provinces, and that simultaneously new local teaching and residential universities be created in each province in harmony with the best modern educational opinion. Government announced their intention to establish teaching and residential universities at Dacca, Aligarh and Banaras, and additional universities at Patna and Nagpur, and expressed their desire that the existing universities should provide and develop teaching facilities and encourage a corporate life which would advance higher study and create an atmosphere conducive to social and moral as well as intellectual progress.

Banaras Hindu University was founded in 1915. It was intended to be a live centre of Hindu culture and to promote the study of the applied sciences, and was the first denominational university to be established in India. Patna University was founded, in 1917, as an affiliating university to cater for the educational needs of the new province of Bihar and Orissa. Aligarh Muslim University, which developed from the Mahommedan Anglo-Oriental College, founded in 1875, was established in 1920 to serve the special cultural and educational needs of the Muslim community. In 1916, the University of Mysore, the first university in an Indian state, was created by the Mysore legislature.

In 1917 the government of India appointed the Calcutta University Commission under the chairmanship of Sir Michael Sadler, which was to have a profound influence on the subsequent progress of secondary and university education in India. The terms of reference of this commission included problems of secondary education as well as those covering all aspects of collegiate and university education. The recommendations of the commission have affected subsequent university legislation in different parts of India. One was the creation of intermediate colleges and boards of secondary and intermediate education. Another was the creation of teaching and residential universities. The universities of Aligarh, Lucknow, Dacca (now in Pakistan) and Delhi, established between 1920 and 1922, followed the model suggested by it. The commission recommended less government control, a greater participation by teachers in the government of the universities, a closer co-operation between the universities and the colleges and the appointment of full-time vice-chancellors. Most of these reforms have been adopted by the older universities and incorporated in the constitutions of the more recent ones. Osmania University was founded at Hyderabad (Deccan), in 1918, before the Calcutta University Commission's report was published. An outstanding feature of this university was the adoption of Urdu, the language

of the state, as the medium of instruction. Since the merger of the state in the Indian union, English has been adopted as the medium of instruction in the colleges of the university, while in a few of them parallel classes are conducted in Hindustani.

The decade following the publication of the Sadler Commission's report witnessed a spate of university activity throughout the country. Aligarh Muslim University (1920) and the universities of Lucknow (1921), Dacca (1921), Delhi (1922), Nagpur (1923), Andhra (1926), Agra (1927) and Annamalai (1929) followed one another in rapid succession. Many of these were unitary, teaching and residential universities. The years between 1929 and 1937 were lean years for university activity. The founding in 1937 of the University of Travancore (now the University of Kerala), the third in an Indian state, gave a signal for the revival of the university movement which, after a slight set-back during the second world war, gained renewed vigour, resulting in the establishment of Utkal University (1943), Saugar University (1946), Rajasthan University (1947). Since the attainment of independence by India, nineteen more universities have come into existence, namely, Panjab University (1947), Gauhati University (1948), the University of Poona (1948), Jammu and Kashmir (1948), Maharaja Sayajirao University of Baroda (1949), Roorkee University (1949), Gujarat University (1949), Karnatak University (1950), Shreemati Nathibai Damodar Thackersey Women's University (1951), Visva-Bharati (1951), Bihar University (1952), Sri Venkateswara University (1954), Jadavpur University (1955), Sardar Vallabhbhai Vidyapeeth (1955), Gorakhpur University (1956), Vikram University (1957), Jabalpur University (1957), Kuruksetra University (1957) and Marathwada University (1958).

The Shreemati Nathibai Damodar Thackersey Women's University and Visva-Bharati, though established by private agencies in 1916 and 1921 respectively, became statutory universities recently under acts passed in 1949 by the Bombay government and in 1951 the central government respectively. Sardar Vallabhbhai Vidyapeeth, which was an offshoot of Gujarat University, is a teaching and affiliating university.

In seventeen universities (Andhra, Bombay, Calcutti, Delhi, Gauhati, Jadavpur, Jammu and Kashmir, Karnatak, Kerala, Madras, Marathwada, Osmania, Panjab, Rajasthan, Roorkee, Sri Venkateswara and Utkal) English is the sole medium of instruction. In the others it is English and Hindi or English and the mother-tongue, alternatively, except in the Shreemati Nathibai Damodar Thackersey Women's University where it is the student's mother-tongue, and the Sardar Vallabhbhai Vidyapeeth where it is Hindi.

Four important reports dealing with university education were published after that of the Calcutta University Commission, viz. (1) the Hartog Committee's report (1929), (2) the report of the

Panjab University Committee (1933), (3) the report of the Central Advisory Board of Education on post-war educational development in India (1944) (known as the Sargent report) and the report of the University Education Commission (1949), presided over by Dr. Radhakrishnan.

The Hartog report was in the nature of a review of the growth of education in British India. It contains some observations on the importance of a corporate life in universities. The authors also observe that the requirements of India cannot be met solely by unitary universities, and that the affiliating university is likely to remain for many years. The Panjab University Enquiry Committee's report did not produce any appreciable change in the constitution of that university on account of the unwillingness of the senate to implement its recommendations, valuable though they were. The Sargent report drew attention to crying defects in the Indian university system, such as the undue importance attached to examinations, the emphasis on book-learning as contrasted with original thinking, the lack of personal contacts between teachers and students, the dependence of universities on examination fees, the absence of schemes for assisting poor but able students and the need for additional universities. Among its important recommendations were the following: (1) that the duration of the degree course should be reduced from four to three years by adding one year of the intermediate course to the schools without lowering standards, (2) that one-third of the students at universities should receive assistance from government by way of scholarships and maintenance grants, and (3) that a University Grants Committee on the lines of the U.G.C. of Great Britain should be constituted.

The report of the University Education Commission (1949) is the most recent, authoritative and comprehensive document on the subject of university education in India. The second world war and the achievement of India's independence, accompanied by the partition of the country, hastened the need for a complete and comprehensive enquiry into all aspects of university education, as it was realized that the remoulding of the country's educational policy to suit her future requirements was one of the first essential steps in her national progress. The report gives to the teacher the place which, though due, has been denied to him hitherto in the educational structure, a place above books and curricula, buildings and equipment, administration and the rest. It recommended suitable scales of salary for university teachers in keeping with their importance and status so that the best men and women would be attracted to the profession, the raising of the age of superannuation from 55 to 60, with extensions up to 64 in special cases, so that ripe scholarship and experience should not be lost to the country, and more congenial conditions of work. Deploing the colossal wastage resulting from the failure of students at university examinations, the commission recommended the raising

of the level of education in secondary schools, the provision of occupational institutes to divert students, unfit for university education, to suitable vocations, the raising of the standard of admission to universities, the increase in the duration of pass and honours degree courses from two to three years, the raising of the percentage of marks prescribed for passing degree examinations, credit for class work throughout the degree course and other reforms in the examination system, restrictions on the admissions to colleges, compulsory tutorial classes for undergraduates and the introduction of courses in general education. One of the important chapters of the report is on the problem of the medium of instruction which is facing the Indian universities to-day. While recommending the compulsory study of English as a subject, the commission realized the inevitability of English giving place as the medium of instruction to an Indian language, sooner or later, and accordingly recommended that it be replaced by an Indian language other than Sanskrit, that Hindi be developed through the assimilation of words from different sources, including those forming the international technical and scientific terminology, and that universities should be free to use Hindi as the medium of instruction for some or all subjects as an alternative to the regional language. The commission pointed out that pupils at the higher secondary and university stages will need to learn at least three languages: the regional language, the federal language (Hindi) and English. The report recommended the inclusion of university education in the concurrent legislative list (the list of matters falling within the jurisdiction of the central as well as the state legislatures) and the contribution by the centre (to the extent of 50 per cent.) to the cost of postgraduate and research work in the universities, in addition to capital grants for buildings and equipment and the setting up of a University Grants Commission.

Since the publication of the report of the University Education Commission in 1949, two important events have occurred in the educational history of India, which have had far-reaching consequences on university education in the country, namely, the publication of the report of the Secondary Education Commission in 1952-53 and the setting up of a University Grants Commission in 1956 by an act of the Indian parliament.

By its terms of reference the Secondary Education Commission was asked to report on the position of secondary education in India in all its aspects and to suggest measures for its reorganization and improvement. In making its recommendations, the commission, while expressing its anxiety not to encroach on the purview of the universities, nevertheless strongly advocated the advisability of abolishing the intermediate stage in the four-year degree course in arts and science, increasing the period of secondary education by one year, and planning a three-year degree course at the university stage. By a strange irony, the universities, with one solitary exception (Bombay),

agreed in principle to accept the pattern of the three-year degree course recommended by the commission, and many of them have implemented this course long before the introduction of the reform of the addition of one year at the secondary stage on a wide scale. The result has been that the affiliated colleges have undertaken the responsibility of conducting the pre-university course, and may be obliged to continue to do so for a long time.

By virtue of the enlarged powers given to it by statute, the University Grants Commission is able effectively to promote and co-ordinate university education, maintain standards and assist universities with funds to expand their activities. Realizing the importance of raising standards of university education, the commission has given top priority to the improvement of libraries and laboratories, by making grants to universities and to affiliated colleges, and of the quality of teaching by subsidizing the increased scales of salaries of university and college teachers. It has also made grants to affiliated colleges to meet the additional expenditure incurred by them in introducing the integrated three-year degree course. It also makes grants to universities for postgraduate work and research. The universities find it much easier to get financial assistance from the commission than from the government direct, on account of the less formal relations and better understanding existing between them and the commission, with which they are in close and constant touch (*see also* p. 379).

**CONSTITUTION.** (a) *Structure of universities.* Indian universities are of four main types, viz. (i) unitary teaching, (ii) federal teaching, (iii) teaching and affiliating and (iv) purely affiliating. The majority of them are teaching and affiliating, that is, they carry on teaching activities in their own departments and/or through constituent colleges, the instruction being given either by their own teachers or by teachers of constituent colleges recognized by them. They also affiliate colleges within their jurisdiction which teach under university supervision. The colleges have to abide by their conditions of affiliation with regard to finance, adequacy of staff, equipment, libraries, laboratories, buildings and hostels. In some universities falling in this category the central core predominates, as in Andhra University or in Poona University in the Poona area; in others, the affiliated colleges do most of the teaching, the university's teaching being restricted to a few departments. There are eleven unitary teaching universities in India. A unitary university has been defined as 'one, usually localized in a single centre, in which the whole of the teaching is conducted by teachers appointed by or under the control of the university'. The control of the teachers, the teaching, the courses of study and the administration are centralized in the university. A unitary teaching university is usually residential, and vice versa. Aligarh, Allahabad, Annamalai, Banaras, Baroda, Jadavpur,

Kuruksetra, Lucknow, Patna, Roorkee and Visva-Bharati conform to this type. Most of the Indian universities began as affiliating universities, being mainly concerned with laying down courses of study and examining students sent up by their affiliated colleges. They had no control over the teaching imparted in the affiliated colleges and were, for all practical purposes, no more than external, examining bodies. Gradually these universities began to assume teaching functions, and associated the teachers in the affiliated colleges with the framing of their courses and their general administration, until to-day there are only two purely affiliating universities (Agra and Vikram) in the country. The University of Bombay, as reconstituted in 1953, is a federal, teaching university as is the newly constituted University of Kerala (formerly the University of Travancore). Its colleges, in which all the undergraduate teaching is carried on, are constituent colleges, enjoying a great measure of autonomy in their internal administration, but they can be required to pool their resources for both post-graduate and post-intermediate teaching. Their principals are *ex-officio* members of the senate, the academic council and boards of university teaching and the heads of their departments are *ex-officio* members of the university's boards of studies. There is thus a close link between the university and its colleges. Poona University, too, so far as the Poona area is concerned, is a federal, teaching university, though it is an affiliating university in relation to the colleges situated outside Poona.

(b) *Internal government.* The main authorities of the universities and their relation to one another follow more or less the same pattern with minor variations. With a few exceptions, the governor of the state is the *ex-officio* chancellor or nominal head of the university. The chief academic and executive officer of the university is the vice-chancellor, who in most universities to-day is a full-time, paid officer, appointed for a fixed term. His appointment is made by the chancellor from a panel of names submitted by the supreme governing body. In a few universities (Bombay, Nagpur, Poona, Gujarat, Baroda and Shreemati Nathibai Damodar Thackersey Women's Universities and Sardar Vallabhbhai Vidyapeeth) the appointment is still an honorary one. Each university has at least three authorities, viz. the senate or court, the syndicate or executive council, and the faculties. In some there is also an academic council. The senate or court is the supreme governing body, which holds the purse-strings and decides broad questions of policy. Its membership is large, represents a variety of interests and includes *ex-officio*, nominated and elected members. Heads of government departments, university professors and principals of colleges are included among the *ex-officio* members. A certain number are nominated by the chancellor and the rest are elected by university and college teachers, headmasters, registered graduates, local bodies, associations, the state legislature and donors of large amounts. The

syndicate or executive council, which runs the day-to-day administration and handles its finances, is perhaps the most effective body in a university. It consists of the vice-chancellor, the director of public instruction, elected representatives of the supreme governing body, the faculties and principals. The academic and the lay element in it are usually evenly balanced. The faculties usually function through boards of studies in the several subjects included in them. They and the academic council, which consists mainly of teachers and heads of affiliated institutions, deal with purely academic questions, such as the framing of courses, the organization of teaching and regulation of examinations. In a few universities there are special boards of university teaching. Except in Roorkee University and the Shreemati Nathibai Damodar Thackersey Women's University, which have each one faculty only, namely, engineering and arts respectively, the number of faculties varies from four to twelve.

*RELATIONSHIP TO GOVERNMENT.* Only four Indian universities, viz. Aligarh, Banaras, Delhi and Visva-Bharati, were established by acts of the central government. All the other universities have been created by state legislatures. In the sense that they are dependent on the central or the state government, as the case may be, for their constitution and powers, they may be said to be under government control, but they enjoy the greatest measure of autonomy in their internal administration. They stand midway between the British and the Continental universities. While government control over them is nothing like the all-pervading control of the state over the universities of France or Italy, they do not enjoy the full freedom of the British universities. The control of government is more indirect than direct. Thus the governor of the state is, as a rule, the chancellor and he appoints the vice-chancellor. When the vice-chancellor is nominated from a panel, the final power of approval or veto rests with the chancellor. The chancellor's approval is necessary in some universities before a statute or regulation passed by their supreme governing bodies can become effective. In many universities the final power with regard to the affiliation and disaffiliation of colleges is in the hands of the government. Heads of certain government departments are *ex-officio* members of the supreme governing bodies, and the chancellor has the right to nominate a number of their members. The president and the governors of states are usually invested with visitatorial powers or powers of enquiry and inspection, though these are rarely exercised. The accounts of the universities are subject to government audit.

*Government Grants and the University Grants Commission.* Under the Indian constitution, university education, excluding the four central universities, is a state subject. The universities have to look to their state governments for financial assistance. They also receive special grants, mainly for postgraduate and research work, from

the funds placed at the disposal of the University Grants Commission by the government of India.

A University Grants Committee, consisting of four members, was formed in 1945 to advise the central government on the grants to be made to central universities. In 1946, and again in 1947, its membership was increased and it was empowered to deal with the other universities also. Its chairman was not a full-time officer. The Radhakrishnan commission recommended drastic changes in the constitution and powers of this committee, the most important of which was that it should be an expert body with power to allocate grants, within the total limits set by the government, instead of merely recommending their allocation to the finance ministry. In November 1953 the University Grants Commission, consisting of a full-time chairman and secretary and eight members, was set up by a resolution of the government of India to act as an expert body of advisers to the central government on the allocation of funds for grants-in-aid to the universities, and the disbursements of grants out of the funds placed at its disposal. By act of parliament (no. 3 of 1956) the commission was made a statutory body, consisting of nine members, including the chairman, whose office is a whole-time, salaried one. All the members, including the chairman, are appointed by the central government. Not more than three of them must be chosen from among the vice-chancellors of universities; two must be officers of the central government. The remaining members must be educationists or persons who have obtained high academic distinction. The commission is assisted in its work by a full-time paid secretary and staff. It is empowered to associate with itself persons whose assistance or advice it may need. Its duties and functions are to enquire into the financial needs of universities, allocate and disburse out of its fund

grants to the central universities for their maintenance and development and to other universities for their development, advise the central and state governments on the allocation of grants, establishment of new universities, or proposals for expanding the activities of existing universities, collect information from and on behalf of universities and generally to take steps for the promotion and co-ordination of university education and maintenance of university standards. The University Grants Commission is under a statutory obligation to present annual reports of its activities to the central government. These reports are laid before both houses of parliament. Three such reports have so far been published. Mr. C. D. Deshmukh is the chairman of the commission and Mr. S. Mathai is its secretary. The address of the commission is Old Mill Road, New Delhi, 2. Realizing the importance of raising the standards of education in the universities, the University Grants Commission has decided to give top priority to the improvement of libraries and laboratories and of the quality of teaching in the universities in its programme under the second five-year plan (1956-61). It has accordingly been making grants for the strengthening of their libraries and laboratories and giving them subsidies for raising the salaries of their teachers. Since most of the education up to the degree stage is provided by affiliated or constituent colleges, the commission is considering to what extent and in what manner it can assist them from its funds for effecting improvements in the salaries of their teachers, their libraries, laboratories and other equipment. It is also considering the provision required under the second five-year plan for the introduction of an integrated three-year degree course and courses in general education in the universities.

The following grants were paid by the commission to the universities :—

	1953-54	1955-56	1957-58
	Rs.	Rs.	Rs.
(i) Humanities	100,000	4,012,305	4,587,344
(ii) Science	1,958,500	7,852,949	2,397,196
(iii) Technology	2,283,290	3,756,055	4,532,366
(iv) Central Universities*	2,880,355	10,994,021	18,279,754
(v) § Centenary grants to Bombay, Calcutta and Madras Universities	—	—	4,861,000
Total	7,222,145	26,615,330	34,657,660

\* Aligarh, Banaras, Delhi, Visva-Bharati.

§ The University Grants Commission decided to grant sums of Rs. 1 crore each to these three universities to commemorate their centenaries which they celebrated in the early part of 1957.

**FINANCE.** In 1957-58|| the income (in crores) of universities was : recurring, Rs. 13.75 ; non-recurring, Rs. 5.04 ; and of colleges : recurring, Rs. 24.9 ; non-recurring, Rs. 5.54. The main

Figures supplied in 1960 by Ministry of Education, Government of India

sources (in crores) were state governments, Rs. 18.44; student fees, Rs. 16.12; central government, Rs. 8.42.

**PRE-UNIVERSITY EDUCATION.** The examination which a student has to pass before he can enter upon a course of university study is the secondary school (leaving) certificate examination held by the board of secondary education set up for the area in which the university is situated, or the matriculation or entrance examination held by the university itself. Very few universities in India to-day (e.g. Nagpur and Panjab) hold their own matriculation or entrance examinations. The majority of pupils completing their high-school course take one of the school certificate examinations. The duration of the high-school course is ten years in most of the states and eleven years in Bombay. This period includes the time spent in the four primary standards and the three standards of the middle school. Instruction in the secondary schools, except in a few English teaching schools, is given through the pupil's mother-tongue or the regional language of the area. Not every holder of a secondary school certificate is eligible for admission to a university. The universities prescribe the subjects and minimum percentage of marks necessary for the purpose. In addition to the secondary schools, which provide education only in literary subjects, there are technical, agricultural and commercial high schools from which pupils can take the school certificate. Subject to certain restrictions, certificate holders from such vocational schools are also eligible to join a university. Pupils who join schools which prepare them for the Cambridge school certificate or higher school certificate examination are also admitted to the arts or science courses, provided that they pass in certain subjects or obtain a certain number of credits. In many universities, especially in north India, a Cambridge school certificate holder is admitted straight to the second year of the four-year arts or science degree course. For admission to Delhi University, which has a three-year degree course, a candidate has to complete the course for the higher secondary examination and pass it. The entrance qualification for the Allahabad, Agra and Lucknow universities is the passing of the intermediate examination of an Indian university, of the board of high school and intermediate examination (Uttar Pradesh), or an equivalent examination. When the three-year degree course is introduced in the universities, pupils who have completed the school-leaving certificate course will have to spend one more year in a pre-university course of study, either in a higher secondary school or in a college, before they are permitted to enter upon the degree course.

**ADMISSION.** In theory, all qualified applicants have the right of admission to university courses of study, but, in practice, owing to the limited number of places, it often becomes necessary for

the authorities of the institutions to make a selection from among the applicants. This happens especially in the medical, engineering, commerce and teachers' training colleges. The relevant authority lays down its own criteria for making the selection. Performance at the qualifying examination, distinction in sports and extra-curricular activities and membership of the national cadet corps are the chief determining factors.

Mention has been made above of the requirements for admission to the first-degree courses in arts and science. As regards professional courses leading to the first degree, the minimum requirements vary to some extent from university to university, except for the medical and engineering courses, where there is a greater degree of uniformity. Thus, the universities with four-year degree courses insist on the passing of the intermediate science examination with physics, chemistry and biology for admission to the MB BS course and the intermediate science examination with mathematics for admission to the BE or BSc(Eng) course. Those universities which have a three-year degree course require the passing of the pre-professional examination with biology and mathematics respectively. Owing to the comparatively small number of places available and the large number of applicants, candidates who have not obtained good marks at the qualifying examination have little or no chance of securing admission to these courses. Some universities have laid down further conditions, such as the securing of 45 or 50 per cent. of the marks, or passing in the first division, as the minimum requirements for admission to the medical or the engineering course. Except in Andhra, Bombay, Gujarat and Karnatak universities, only graduates are admitted to the I.L.B or B.L degree course. In the four above-mentioned universities, a student passing the intermediate examination in arts, science or commerce, or part I of the BA examination, is admitted to the law course, though he has to study for three years, whereas for graduates the course is one of two years. The qualification for admission to the degree course in commerce is the intermediate arts, science or commerce, or the pre-university, examination, except in some universities where admission to the course, which is one of four years, is made after the secondary school certificate examination, e.g. in Baroda, Bombay, Gujarat, Karnatak and Poona universities, and in Delhi, where the minimum requirement is the passing of the higher secondary examination and the course is one of three years. The minimum qualification for admission to the BSc Agriculture course is intermediate science, pre-professional, or intermediate science (agriculture), except in the Gujarat, Karnatak, Marathwada and Poona universities, where the course is one of four years after the secondary school certificate examination.

The requirement for admission to postgraduate study and research is the possession of a first degree in the same faculty. The higher degrees

are, as a rule, open to graduates of other universities on a reciprocal basis. The master's degree by papers can be taken after two years of study. In Annamalai, Andhra and Madras universities, a candidate who had passed the BA (hons.) or BSc (hons.) examination was until recently entitled to take the master's degree by mere efflux of time. In some universities the master's degree can also be taken by research. The PhD degree can be taken only by research, not less than two years after the master's, or three years after the bachelor's, degree. For research degrees the candidate has to work under the guidance of a recognized university teacher. He has also to submit a thesis and undergo a *viva voce* test, unless he is exempted therefrom on the recommendation of his referees. In certain universities only students who have done well in the first degree examination are permitted to undertake post-graduate study or research.

**STRUCTURE OF DEGREE AND DIPLOMA COURSES.** Most of the universities have decided to adopt the integrated three-year course for the BA and BSc degrees, involving the abolition of the intermediate examination, as recommended by the Secondary Education Commission (1952-53). The details of the course have yet to be settled by the universities, and there are bound to be certain variations in them. The main idea underlying this course is to alter the former pattern of university education by transferring one year of the old four-year degree course to higher secondary schools, making it a pre-university course. Until the secondary high schools are upgraded into higher secondary schools, this pre-university course will be taught in the affiliated colleges. Simultaneously with the introduction of the new three-year courses, integrated courses in general education, on the lines recommended by the Radhakrishnan commission in chapter V of their report, are likely to be adopted by most universities. The University Grants Commission is giving financial aid to the universities to implement their schemes in this regard.

All the teaching and affiliating universities in India, except Bombay, have agreed in principle to accept the scheme of the three-year degree course. The implementation of the scheme in the state universities is being financed on an equal sharing basis between the state governments and the universities and managements of colleges on the one hand, and the government of India and the University Grants Commission on the other. The three-year degree course has already been introduced in the following twenty-six universities: Aligarh, Andhra, Annamalai, Banaras, Baroda, Calcutta, Delhi, Jabalpur, Jadavpur, Karnatak, Kerala, Madras, Marathwada, Mysore, Nagpur, Osmania, Panjab, Poona, Rajasthan, Sardar Vallabhbhai Vidyapeeth, Saugar, S.N.D.T. Women's, Sri Venkateswara, Utkal, Vikram and Visva-Bharati.

The three-year degree course is preceded by the pre-university course examination which is at

present being conducted by the universities. The course includes compulsory and optional subjects. The universities hold an examination at the end of the second year in the compulsory subjects and in some papers of the optional subjects. In some universities there is an examination at the end of the first year also. Failure in these examinations does not prevent a student from proceeding to the final or third year of the degree course in which he is examined in the optional subjects only.

Students wishing to join a professional course in medicine or engineering are required to undergo what is called a pre-professional course in science subjects, with a professional bias, which is at present being taught in the degree colleges in arts and science, although it is the intention that these courses should eventually be catered for by the professional colleges themselves. The pre-professional examinations correspond to the old intermediate science examinations.

Under the pattern of the old four-year degree course some universities had a special honours examination with advanced courses of the duration of two or three years after the intermediate examination. Andhra, Annamalai and Madras had a three-years' honours course, and conferred the MA degree, without further examination, on candidates taking the honours degree, after the lapse of a certain period. They have discontinued these courses since the introduction of the three-year degree course. Among the universities which have already switched over to the three-year degree courses only one (Poona) has an honours course of the same duration as the pass or general course, but with a larger number of papers and with specialization, on the lines of the honours courses of Delhi University. The other universities have not instituted honours courses so far. Bombay University, which still follows the old pattern of the four-year degree course, has two types of courses, known as 'general' and 'special', each of two years' duration, the difference depending upon the groups and selection of subjects. A candidate can secure honours in either course, depending upon the level of his performance at the examination. In practice, however, a very small number of candidates select the 'general' course.

The duration of courses leading to the BSc(Eng) or BE (civil, electrical and mechanical) degrees varies from three to five years after the intermediate science, or pre-professional, examination. In some universities the course includes practical training, varying from six months to a year; in others, there is no provision for practical training. The course for the MB BS degree varies from five to six years after the intermediate science, or pre-professional, examination. It includes internship from six months to a year in all universities except Agra and Mysore. The course for the LLB or BL degree varies from two to three years. The course for the bachelor's degree in commerce varies from one year after the pre-university examination, or two years after the intermediate arts, science or commerce exam-

ination, to four years after matriculation. Two universities (Andhra and Madras) have honours courses, and in one university (Bombay) candidates passing in the second class are deemed to have passed with honours. The BSc(Agr) course varies from three years after the intermediate science or the higher secondary examination to five years after matriculation. The degree courses in dentistry and veterinary science are each of four years' duration after the intermediate science examination, and the BEd or BT course covers one year after graduation in all universities. The courses in technological subjects (other than engineering) are usually of four years' duration after the intermediate science examination or two or three years after the BSc degree. It may be broadly stated that those universities which have adopted three-year degree courses in arts and science have substituted the pre-professional or some other examination corresponding to the intermediate, as the springboard for admission to the professional courses.

Study for a postgraduate qualification normally involves attendance at advanced courses of lectures, clinics or practicals, as the case may be. Where the degree is by research, the candidate has to work under the supervision of a recognized teacher except for the DLitt and DSc degrees, which are awarded on the basis of independent research.

Most universities conduct diploma courses in a variety of subjects, cultural, technical and professional, such as foreign languages, journalism, public administration, foreign affairs, music, soap-making, pottery, teaching, librarianship and medical subjects. Some are postgraduate diplomas, others undergraduate. The duration of the courses varies from one to three years.

Some universities confer 'oriental titles' (corresponding to degrees or diplomas) on candidates who pass their examinations in courses in languages such as Sanskrit, Arabic or Urdu, or in Ayurveda or Unani (indigenous systems of medicine), or in theology or music. These courses are taught at the university level, and must not be confused with courses provided by institutions other than universities which confer their own titles on those who pass their examinations. These institutions are colleges maintained or sponsored by state governments or by learned bodies with a view to encouraging traditional courses and methods of instruction in Sanskrit or other oriental languages. For a list of oriental titles conferred by universities, see p. 387.

**STAFF.** The teaching staff in university departments consists of professors, readers, lecturers and demonstrators. The affiliated colleges have professors, assistant professors, lecturers and demonstrators, but no readers. The scales of pay in the universities are more or less uniform, whereas in the colleges they vary considerably. Some universities have prescribed minimum scales of pay for their college teachers.

As a result of the subsidies given by the University Grants Commission, the revised scales of

salaries of universities which receive such subsidies are uniform. The professors are paid Rs. 800-50-1250 per month, the readers Rs. 500-25-800 and the lecturers Rs. 250-500, with annual increments of not less than Rs. 20. The commission pays to the universities 80 per cent. of the increased expenditure due to revision, while the remaining 20 per cent. is borne by the state government or the university concerned. The four central universities pay according to the same scales as those mentioned above, with slight variations in the lecturers' scales to meet local requirements. Bombay University pays its lecturers Rs. 300-25-600. Panjab University also has slightly higher scales for its teachers. Many of the affiliated colleges have recently upgraded the salaries of their teachers on a sharing basis, the commission subsidizing the increased expenditure to the extent of 50 per cent. and the state government or the college contributing the balance.

The usual method of instruction consists of the lecture, the tutorial and the seminar. Lectures predominate. Tutorials and seminars are held, once a week or fortnight, in different subjects. A college teacher is usually not burdened with more than fifteen lectures in a week, if he does not take postgraduate classes. Teachers of undergraduate classes generally get very little time to do their own research.

The practice of sabbatical leave as such is non-existent in the colleges. Teachers in the university departments are permitted to go on study leave up to a maximum of three or four years during the entire length of their service. The age of superannuation in most universities is sixty years, which may be extended by two to five years in special cases. In a very few universities it is fifty-five. No distinction is made in the case of those coming from abroad, unless the appointment is on contract for a fixed period.

The usual method of filling vacant teaching posts is by advertisement in the Indian newspapers, and sometimes also in foreign newspapers. Appointments are ordinarily made by the executive council on the recommendation of statutory selection committees, which include experts unconnected with the university.

There is no statutory bar to the appointment of nationals of other countries to university or college teaching posts, although the number of such persons is rapidly decreasing on account of the availability of Indians with high academic qualifications obtained in foreign universities. The majority of teachers are persons who have taken their first degrees in India. Only a small minority have received their first degree training abroad. The older universities have on their staffs a fair proportion of teachers who have graduated from other universities, although the majority are from the home university.

**STUDENTS.** Most universities enrol only full-time students but some have students taking diploma or evening courses. In Agra University about 25 per cent. of the students are part-time,

in Gauhati about 17 per cent. and in Baroda about 12 per cent. About 13 per cent. of the students in Poona University are external students, *i.e.* persons gainfully employed in the university area, who are allowed to appear for its examinations without keeping terms, after registering their names in the university office. Calcutta, Delhi, Madras and Utkal universities have small numbers of part-time students. Some of the universities, *e.g.* Agra, Nagpur, Osmania, Rajasthan and Utkal, permit certain categories of persons, such as school teachers, educational inspectors, women, librarians, library clerks and laboratory assistants, to appear as private candidates at their examinations. Very few universities conduct vacation courses or summer schools. Poona University, for example, conducts such a course for the MEd examination for secondary school teachers. The majority of students live in their own homes. About 10 to 20 per cent. live in halls of residence or hostels maintained by the universities or affiliated colleges. It is usual for a university, when affiliating a college, to lay down a condition that it shall make provision for the accommodation of a certain proportion of its students in its own hostel.

Most universities and colleges have their own students' unions or representative councils. Every college has its own athletic club and a number of societies conducting cultural activities such as literary, dramatic, debating, historical and philosophical societies or clubs.

Almost every university has its contingent of the national cadet corps. Girls' divisions have recently been started in many universities. Student welfare activities are on the increase. The government of India organizes an annual inter-university youth festival. Students take part in training camps, village apprenticeship and development schemes, and labour corps, for which the universities receive financial assistance from government. Universities and colleges have their own medical officers to look after the health of their resident students. In some universities there are arrangements for the medical examination of entrants. Some universities have made physical training compulsory in the first two years of the degree course. A few universities have foreign universities' information bureaux, and Calcutta University has also an appointments board. As the number of students from overseas is increasing, the universities are considering a proposal to appoint advisers for them. A few universities have student counsellors.

The tuition fee varies from Rs. 120 to Rs. 250 per annum for arts and science courses, and from Rs. 250 to Rs. 400 for professional and technological courses. The cost of residence in hostels, including boarding, varies from Rs. 80 to Rs. 100 per month. For overseas students, it may go up to Rs. 150 per month, but much depends on whether the university is situated in a small town or a large city.

The major sources of financial assistance by

way of research studentships, fellowships and scholarships are (a) the government of India and/or the state government (b) university or college funds and (c) endowments. The government of India awards a certain number of scholarships to students coming from abroad. They also award scholarships to backward class students. The universities and colleges, too, award free studentships to deserving but poor students. As a rule, however, scholarships and other financial awards are made on the basis of merit. Figures are not available to show to what extent students receive financial assistance, though, on a rough estimate, it may be said that about 10 per cent. receive financial aid. Vacation employment of students is practically unknown.

The average age of Indian students joining universities is 17 plus. Foreign students are usually much older, *i.e.* between 18 and 24, as many of them come only for professional or postgraduate studies. The majority of foreign students come from East Africa. The rest come from Ceylon, Burma, Nepal, Tibet, Malaya, Indonesia, the Philippines, Fiji Islands, Mauritius, Afghanistan, Iran and other countries. A very small number come from the United States, mainly for postgraduate study.

The total number of students has been increasing from year to year. It increased from 420,000 in 1951 to 827,000 in 1958. *See also* 'Statistics', p. 388.

**ACADEMIC YEAR.** The academic year is divided into three terms in most universities. Some have only two terms. The academic year usually begins in June or July and ends in March or April. In the Jammu branch of the Jammu and Kashmir University and in Roorkee University it begins in September, and in the Panjab University in October. The long (summer) vacation, except in these three universities, falls between March and July. The difference in the terms and vacations is mainly due to climatic conditions. Most universities have a short break of a fortnight to a month in October, and another short break of ten days to a fortnight in December. No vacation courses are held in summer to enable students to earn credit for attendance.

**ADULT EDUCATION.** The idea of extra-mural classes and university extension is comparatively new. Some universities have, however, recently been moving in that direction; for example, Poona University has established a board of extra-mural studies which is responsible for adult education in the university area. It has 71 extra-mural centres where more than 600 lectures were delivered in 1957. It also conducts summer and autumn schools, mainly for school teachers, at a few extra-mural centres. Bombay University has recently started adult education classes in Hindi and Marathi in labour areas for labourers in mills and factories and in English for office employees desirous of acquiring a knowledge of cultural subjects. Some other universities also conduct adult education classes through their own

lecturers and college teachers. The University Grants Commission has offered financial assistance for university extension courses to universities prepared to undertake them.

**INTER-UNIVERSITY ORGANIZATIONS.** In pursuance of a resolution passed by the first conference of Indian universities held at Simla in 1924, the Inter-University Board of India was established in 1925 to co-ordinate the work of the Indian universities, by providing for the discussion of common university problems, acting as a bureau of information, facilitating the exchange of professors, assisting the universities in obtaining recognition for their degrees by other universities, and in other ways. Member universities are represented on the board by their vice-chancellors and, in their absence, by members of the syndicate or executive council. The universities of Rangoon and Ceylon are also members of the board. The board meets annually to consider proposals from individual universities and the government of India, and also convenes quinquennial conferences to discuss important university problems. Through a subsidiary sports board it conducts inter-university tournaments in the major games and in athletics. In addition to the proceedings of its annual meetings and conferences, its *Bulletin*, *Lists* of subjects in which research is in progress in the universities and research institutes and the *Bibliography of Doctorate Theses* accepted by the universities, it publishes a *Handbook* giving detailed information about the Indian universities and research institutes. It is in relationship with the Association of Universities of the British Commonwealth. The board has a standing committee, elected biennially, which acts as its executive body. The presidentship rotates annually among the vice-chancellors. The office of the board is located at 13 Lucknow Road, Civil Lines, Delhi, India. The chairman of the standing committee of the board is N. K. Sidhanta, MA Camb., Hon. LL.D. *Tor.*, Vice-Chancellor of the University of Delhi. The secretary of the board is Professor V. K. Ayappan Pillai, MA *Madr.*, BA *Oxon.*

There is no national association of university teachers in India, although there are local associations in some universities, e.g. Bombay and Poona, whose activities are mainly social.

There is a body called the National Union of Students, to which a few students' unions are affiliated, but it cannot be said to be a very representative body.

**THE UNIVERSITIES TO-DAY.** The universities are faced to-day by a number of problems, largely the result of the situation in which India finds herself since independence, and the rethinking which has become necessary for them to fulfil the requirements of the country in which they must play their rôle as integral parts of her national life. The main problems are inadequacy of staff and equipment, the pressure of an ever-increasing number of students and the replacement of English

by a suitable Indian language as the medium of instruction. In a way, the universities are in a better position now than they ever were before, inasmuch as the University Grants Commission is always willing to help them. With its assistance they have been able to improve the pay scales of their teachers, build or extend their scientific and technological laboratories, strengthen their libraries and provide more accommodation for their students and staff, and, in particular, to extend their research facilities. They are anxious to bring about closer contacts between teacher and student by laying greater emphasis on tutorials and seminars than on lectures, and to improve the examination system by making the examinations more objective and giving credit to the students for their class work. They realize the importance of character-building and physical welfare for their students and the creation in them of a spirit of self-sacrifice and a desire to render social service by encouraging them to take part in labour camps and village development schemes and impressing upon them the dignity of manual labour; in a word, to make them keenly alive to the need of making their individual contribution to the building up of a more contented, prosperous and happy India. Student welfare and activities, therefore, loom large in their programmes. Their students are keen on building roads and schools for the poor villagers and swimming pools and open-air theatres for themselves by voluntary labour during their vacations. The universities themselves are extending their teaching activities and giving greater scope to their teachers and students for the development of research. Among the new specialized courses recently introduced are business management, industrial engineering and industrial administration. Nuclear research is also receiving special attention. Building programmes are going forward all over the country. New scientific laboratories and more and better hostels are being built. The constitutions of the universities are being amended with a view to strengthening the academic element. The prospect for university education for the next few years is promising, although the heavy demands made on the country's finances by the urgent need for agricultural reform and industrial expansion have made it difficult for the government to provide adequate funds for the expansion of university education. The problem of the medium of instruction has yet to be satisfactorily solved amidst the conflicting claims of Hindi and the other regional languages.

**INSTITUTIONS OF HIGHER EDUCATION OTHER THAN UNIVERSITIES.** Although the universities cover the major part of the instruction in the field of higher education, it cannot be said that 'higher education' is synonymous with 'university education'. There are a number of institutions of higher education and research which work in collaboration with, or independently of, the universities. Thus, the Bhandarkar Oriental Research Institute, Poona, is a constituent

recognized institution of Poona University. The Tata Institute of Fundamental Research at Bombay, which provides instruction of a high order in specialized branches of physics, mathematics and other allied sciences, is recognized for the guidance of candidates for the masters' and doctors' degrees of Bombay University. The University of Bombay recognizes for its post-graduate degrees the research work carried on in the Indian Cancer Research Centre, Bombay, and in the Atomic Energy Establishment, at Trombay, under the guidance of the members of the research staffs of these institutions in subjects for which they have special facilities. The Central Building Research Institute, Roorkee, which is one of the national laboratories, works in close liaison with the University of Roorkee. The Leather Research Institute, Madras, and the Harcourt Butler Technological Institute, Kanpur, stand in a similar relation to the universities of Madras and Agra respectively. The national laboratories, set up by the government of India, and some of the central research institutes, are recognized by many of the Indian universities as institutions which can send students working in them for the postgraduate research degrees of the universities concerned. The All-India Institute of Medical Sciences, New Delhi, established under an act of parliament (Act 25, of 1956), and the Indian Institute of Technology, Bombay, give their own degrees in medicine and engineering, respectively. The Forest Research Institute, Dehra Dun, is a centre for the whole country for technical instruction in forestry, and confers the diploma of forestry research in India at the end of a year's course. The Central Food Research Institute, Mysore, conducts fundamental and applied research in different branches of food and a post-graduate course of two years in fruit technology, leading to an associateship of the institute. The Indian Statistical Institute, Calcutta, provides teaching courses leading to its associateship and fellowship. The Serampore College, West Bengal, functions as a university in the faculty of theology, while submitting its students in arts and science to the examinations of the University of Calcutta. The Indian Institute of Science, Bangalore, which provides instruction and facilities for research in general chemistry, organic

chemistry, bio-chemistry, physics, applied mathematics, metallurgy and various branches of engineering, has recently been accorded the status of a university. The Indian Institute of Technology, Kharagpur, in West Bengal, is another non-affiliated institution conducting courses in civil, electrical, mechanical and agricultural engineering, architecture and naval architecture, and awarding its own degree of bachelor of technology. The Jamia Millia Islamia, Jamianagar, Delhi, provides courses in the arts and social sciences leading to an examination which is recognized by government as equivalent to the BA degree of an Indian university.

For detailed information about institutions of higher education and research other than statutory universities the reader is referred to the current edition of the *Directory of Institutions for Higher Education* published by the Ministry of Education, Government of India, New Delhi.

## GENERAL INFORMATION

Act VIII of 1926 of the United Provinces legislature provided for the establishment of a univ. 'for the purpose of affiliating the colleges associated with the Univ. of Allahabad . . . ' so as to set the latter free to function as a unitary, teaching and residential institution. It empowered Agra Univ. to affiliate colls. in Uttar Pradesh, Madhya Bharat, Vindhya Pradesh, Ameer and Bhopal, except within the limits of the univs. of Allahabad and Lucknow. The act as amended has confined the univ.'s jurisdiction to Uttar Pradesh. To supplement the work in affiliated colls. the univ. may institute teaching posts at selected centres. There is an Inst. of Hindu Studies and an Inst. of Soc. Scis. (see *below*).

Five categories of persons are eligible, subject to prescribed conditions, for degrees and other academic distinctions: (a) candidates who pass the univ.'s exams. after pursuing an approved course at an affiliated coll.; (b) teachers who pass the univ.'s exams.; (c) inspecting officers in the dept. of educn. who pass the univ.'s exams.; (d) res. workers; (e) women who have carried on private study. Lectures and instructn. may be provided by the univ. for, and dipls. may be granted to, persons other than students of an affiliated coll.

CONSTITUTION. The supreme governing body of the univ. is the senate, the other principal authorities being the executive council, academic council and facs. The vice-chancellor is a whole-time salaried officer appointed by the chancellor from amongst persons recommended by the

executive council. He is the principal executive and academic officer.

INCOME (1957-58). Total income, Rs. 2,473,220 (incl. Rs. 2,024,579 from exam. fees; Rs. 18,195 as contributions from state colls.; Rs. 138,700 govt. grant).

FACULTIES AND DEANS. *Agric.*, Dr. U. S. Sharga; *arts*, N. P. Sinha; *comm.*, Dr. M. C. Mathur; *engin.*, B. D. Satsangi; *law*, S. Mal; *med.*, Dr. K. S. Mathur; *sci.*, Dr. M. Ray; *vet. sci. & animal husb.*, Dr. C. M. Singh.

LIBRARIES. 50,260 vols. and periodicals in univ. res. library. In addn., each of the affiliated colls. is required to maintain a libr. of its own.

INSTITUTE OF HINDI STUDIES. Offers instructn. for MA in linguistics & comparative lit., MA in sp. Hindi, certs. of proficiency in foreign langs., in Hindi (for those whose mother-tongue is not Hindi) and in mod. Indian langs. other than Hindi (for those whose mother-tongue is Hindi). See also p. 389.

INSTITUTE OF SOCIAL SCIENCES. Offers instructn. for MA in sociol., MSc in statistics and MSW. See also p. 389.

ADMISSION. Students are not eligible for admission to a degree course unless they have passed the inter. exam. of the bd. of high sch. and inter. educn. of Uttar Pradesh, or of an Indian univ. incorporated by law, or an equivalent exam. No inter. or pre-univ. courses are given in the affiliated colls.

**GENERAL INFORMATION**

Founded in 1877 by the late Sir Syed Ahmad Khan as the Mohammedan Anglo-Oriental Coll., with the object of imparting to the Muslim youth a modern scientific educn., the univ. received its first charter in 1920. By the Act of 1951 the constitution of the univ. was amended to bring it into conformity with recommendations of the univ. commission and the constitution of the Indian republic. The univ., a teaching and residential instn., brings together students and scholars from different parts of the country with different religious, linguistic and cultural backgrounds.

CONSTITUTION. The main authorities of the univ. are the court, executive council, academic council, facs. and depts. of studies. All teaching staff in depts. are members of the respective depts. of studies. On the fac. are represented all profs. in the fac. and 1 reader and 1 lectr. from each

dept. of studies assigned to it ; there are also sr. teachers and learned men from outside the univ. The academic council consists of all hds. of depts. of studies and a few other members. These bodies deal with the academic side of the univ. The executive council, in which sr. members of the teaching staff are represented, deals with the executive side. The court is a larger body containing reps. of interests outside the univ. It meets once or twice a yr. and is the supreme governing body of the univ.

Founded in 1887, the univ. concerned itself mainly with exams., having no teaching staff (except that of its sch. of law) until 1914. Thereafter it establ. chairs and readerships, etc., for res. work in econ. and mod. hist. for grad. students. In 1922 an act was passed for the reorganization of the univ. as a unitary teaching and residential institution, with control, however, over the quality and character of the teaching in constituent colls. The Muir Central Coll. became the nucleus of a teaching univ., the jurisdiction of which was limited to a territorial area of 10 mls. radius from the convocation hall of the univ.

Within this area there are 7 institutions which supplement instruction given in the univ. The women's dept., which undertakes full instructn. for the degree course, has now been transferred from the Crosthwaite Girls' Coll. to the univ. area. In 1955, by a further amendment to the univ. act, two categories of coll. came into existence : colls. of the univ. (which are residential colls. for students of the univ. or recog. by the univ. in which tutorial and supplementary instructn. is provided) and associated colls. (which are also residential, but provide full degree courses as distinct from tutorial instructn.).

'The univ.'s jurisdiction is within 10 mls.' radius of the Senate Hall. It serves a population of about half a million.

**CONSTITUTION.** The principal univ. authorities are the court, executive council, academic council, fac. bds. The vice-chancellor, a full-time officer, is the principal executive and academic hd. of the univ. He is *ex-officio* chairman of the executive council and academic council and in the absence of the chancellor he presides at meetings of the univ. court and convocation. The court is the supreme governing body. The executive council is vested with the control of the univ. admin. The academic council is the supreme academic body. The function of the fac. bds. is to make recommendations to the academic council on academic matters.

**INCOME (1959-60).** Govt. grant (recurring and non-recurring), Rs. 169,155; fees, Rs. 239,811; other sources, Rs. 174,591.

### GENERAL INFORMATION

The act of the Madras legislative council constituting the Andhra Univ. 'in and for the Telugu districts of the presidency of Madras' came into force in 1926. By a later act, the area has been narrowed down by the exclusion of certain districts, leaving the following within the affiliating jurisdiction of the univ.: Srikakulam, Visakhapatnam, East Godavari, West Godavari, Kistna and Guntur. The act establishes 5 categories of colls.: 'univ. colls.', providing for pass and hons. or postgrad. courses for higher degrees; 'first grade colls.', providing courses for the ordinary degrees in arts or sci.; 'second grade colls.' (there are none at present), preparing for the pre-univ. exam.; 'professional colls.', providing courses in agric., engin., teaching, and for med. degrees, and 'oriental colls. (recognized)', providing courses for oriental titles.

CONSTITUTION. The supreme governing body is the senate. The vice-chancellor, a whole-time salaried officer and principal executive, is nominated by the chancellor for a period of 5 yrs. The other principal authorities of the univ. are: an executive body called the syndicate comprising 15 members, incl. the vice-chancellor, financial sec. to the state govt. and dir. of public instrn. (Andhra Pradesh: Hyderabad Deccan); the academic council; the facs. and bds. of studies.

INCOME (1958-59). Total, Rs. 7,985,576 (govt. grant, 35.2 per cent.; exam. fees, 21.1 per

cent.; tuition fees from univ. colls., 7.2 per cent.; publicns., 1.6 per cent.; other fees, 34.9 per cent.).

LIBRARY. 80,900 vols.

FACULTIES. Agric., arts, comm., engin., law, med., oriental learning, sci., teaching.

ADMISSION to pre-univ. course is by matric. exam. and secondary sch. leaving cert. exam. (the latter conducted by the Andhra govt.) or any other equivalent exam.

PRE-UNIVERSITY COURSE. Candidates who pass the matric. or S.S.L.C. exam. follow a 1-yr. course, which began in 1957, leading to the pre-univ. exam. On passing the pre-univ. exam. a student may be admitted to the 3-yr. pass or 4-yr. hons. degree course, or to the 1-yr. pre-professional course leading to the course for a professional degree. The last admissions to the 2-yr. IA&Sc course took place in 1956.

## RECOGNIZED INSTITUTION

BARODA MUSEUM AND PICTURE GALLERY, Sayaji Park, Baroda (tel.: 2505).  
Offg. Dir.—V. L. Devkar, MSc.

## GENERAL INFORMATION

The idea of establishing a univ. at Baroda had engaged the attention of the govt. of the former state of Baroda as far back as 1908, and in 1927 the Baroda univ. commission apptd. by the govt. of Baroda submitted a report making a strong case for immediate establ. of a univ. Circumstances, however, did not permit this. In 1949 another cttee., consisting of eminent educationists apptd. by the govt. of Baroda, recommended the establ. of a residential univ. The univ. was establ. in April 1949 under the Maharaja Sayajirao University of Baroda Act. It is a unitary, teaching and residential univ.

**CONSTITUTION.** His Highness the Maharaja of Baroda is chancellor of the univ. The vice-chancellor is the principal executive and academic officer and is asstd. by a pro-vice-chancellor or rector. The vice-chancellor and pro-vice-chancellor or rector are elected by the senate from amongst the names of panels submitted by the syndicate. The senate is the supreme governing body and authority of the univ. and the syndicate its executive authority. Among the other authorities are the council of postgraduate studies and res. which deals with all postgrad. matters, and the facs. and bds. of studies which are principally responsible for all other academic matters. Provision has also been made in the act for the establ. of a bd. of extra-mural studies, bd. of sports, students' welfare bd. and publicns. bd.

**INCOME** (estimate for July 1, 1959, to June 30, 1960). Total income—Rs. 4,892,472. Principal sources—govt. grants, 49 per cent.; fees, 35 per cent.; endowments, 0.5 per cent.

**FACULTIES AND DEANS.** *Arts*, Dr. I. P. Desai, Station Rd., Baroda; *comm.*, B. G. Shah, Station Rd., Baroda; *educn. & psychol.*, Prof. S. N. ## GENERAL INFORMATION

Bombay Univ. was establd. in 1857, but until the passing of the Indian Universities Act of 1904, the function of this univ., in common with that of other univs. in India, was limited to examining candidates and arranging for the courses of study which led up to its degrees. Under the act of 1904, it acquired the right of organizing teaching, arranging for univ. extension lectures, and of publishing such works as were necessary for the direct educnl. work it was to carry on. Under the univ. act of 1928 the univ. went on to arrange for postgrad. instructn. and res. through its own depts. as well as through the teachers in affiliated colls. and recog. postgrad. instns., recog. as postgrad. teachers of the univ. As far as undergrad. educn. was concerned, the univ. was an affiliating univ. Before the establ. of the Univ. of Sind and of regional univs. in Bombay state, the jurisdiction of Bombay Univ. extended over the whole of the former province of Bombay and Sind. The univ.'s jurisdiction is now confined to the limits of greater Bombay.

With the establ. of other univs. as a measure in the decentralization and reorganization of univ. educn. in the then Bombay state, the univ. was reconstituted by the Bombay Univ. Act, 1953. Its special features were : (1) reconstitution of the univ. as a teaching and federal univ.—all affiliated colls. became constituent colls. ; (2) reduction in number of elections ; (3) strengthening of academic element in senate, academic council and bds. of studies ; (4) creation of bds. of univ. teaching, predominantly academic, empowered to control post-inter. and postgrad. instructn. in constituent colls. and recog. instns. and to make recommendations to syndicate for conducting such instruction in univ. colls. and instns. ; (5) extension of powers of the univ. to include such activities as extra-mural teaching, univ. extension courses, trg. of students for competitive exams. for service under union and state govts., establ. of an employment bureau, students' unions and bd. of students' welfare, and provision for recognition of instns. of res. and specialized studies by syndicate.

**CONSTITUTION.** The senate is the governing body of the univ. The executive govt. is vested in the syndicate. The other authorities of the univ. are the academic council, the facs., the bds. of univ. teaching and the bds. of studies in the various facs.

**INCOME (1958-59).** Total: Rs. 6,135,264 (central govt. grants, 21.5 per cent. ; state govt. grants, 15 per cent. ; fees, 47.7 per cent. ; endowments, 5.5 per cent. ; other sources, 10.3 per cent.).

## GENERAL INFORMATION

In July 1854 the court of directors of the East India Company sent a dispatch to the governor-general of India in council directing the organization of the univs. of Calcutta, Madras and Bombay. In pursuance of that dispatch the Univ. of Calcutta was incorporated on Jan. 24, 1857. The jurisdiction of the univ. extended at first throughout practically the whole of northern India, but the territorial jurisdiction has now been limited to the state of West Bengal. The Indian Universities Act of 1904 empowered the univ. to make necessary arrangements for the instructn. of students, and though most of the teaching continued to be imparted in the affiliated colls., teaching in some of the higher branches began to be organized under univ. management. In 1917 a new scheme for postgrad. teaching and res. centralized postgrad. teaching in Calcutta within, and under the control of, the univ. The act of 1951 provided for higher postgrad. teaching in affiliated colls. along with the univ. colls.

**CONSTITUTION.** The senate of 151 members (89 elected, 15 nominated, 47 *ex officio*) is the supreme governing body. The syndicate of 23 members (14 elected, 9 *ex officio*) is the admin. body. The academic council of 72 members (21 elected, 51 *ex officio*) is mainly concerned with making regns. for different courses. There are 12 facs. and several bds. of studies. The normal work of the univ. is carried on under the direction of the vice-chancellor and syndicate. Control of financial affairs is in the hands of the finance cttee.

**POSTGRADUATE TEACHING AND RESEARCH.** Postgrad. teaching in arts, comm., law, sci. and technol. is conducted by the relevant univ. coll. councils. The univ. provides for postgrad.

## GENERAL INFORMATION

The univ. was establd. by the Delhi Univ. Act (Act VIII of 1922). The original idea of the govt. and legislature was the establt. and incorporation of a unitary teaching and residential univ. on the model recommended by the Calcutta univ. commission. However, this could not be

achieved at once, and the univ. continued to recognize several colls. in which instrcn. was provided under prescribed conditions and provision was made for residence of students.

From 1933, when the univ. was given a permanent home in the old vice-regal lodge, the

idea of a federal univ. gradually took shape and the last decade has witnessed rapid growth and devel. Owing to the large influx of population after 1947, the number of students increased considerably and new colls. were started. The univ. also accepted the extension of the degree course from 2 yrs. to 3 yrs. as part of the reconstruction scheme for higher sec. educn. in Delhi. The scheme included the abolition of the inter. exam., the extension of the high sch. course by 1 yr. (i.e. extension from 10 to 11 yrs.), and the institution of a 3-yr. degree course in the univ. (see below).

The Delhi Univ. Amendment Act, 1952, has made important changes, based on recommendations of the univ. educn. commission, 1950. The univ. is now a teaching and affiliating univ. Affiliated colls. (there are none at present) will be permitted to impart instructn. only up to the bachelor's degree. The jurisdiction of the univ. extends over the whole of Delhi state, instead of being limited to a radius of 10 mls. from convocation hall. The president of India, who was the chancellor, has now become the visitor of the univ., and the chancellor is elected by the court. The vice-chancellor is a whole-time paid officer. Provision has also been made for the appt. of a pro-vice-chancellor to assist the vice-chancellor.

**CONSTITUTION.** The chancellor is the head, the vice-chancellor the principal executive and academic officer, of the univ. The following are the principal univ. authorities: the court, consisting of about 100 members; the executive council, which consists of about 17 members and controls and administers univ. property and funds; the academic council, which is responsible for the maintenance of standards of instructn., educn. and exam. within the univ. Each fac., subject to the control of the academic council, has charge of the teaching, courses of study and res. work in such subjects as may be assigned to it by the ordinances.

**FACULTIES AND DEANS.** *Arts*, Prof. N. Nagaich (Hindi); *educn.*, Dr. E. A. Pires; *law*, Prof. L. R. Sivasubramanian; *med. scis.*, Dr. R. Viswanathan; *music & fine arts*, Dr. R. L. Candidates for admission must be 16 or, if admitted to the 2nd yr. of a degree course, 17 yrs. of age.

**NON-MEMBERS OF THE UNIV.** The dean of a

fac. may permit a non-member of the univ. to attend one or more courses of univ. lectures or practicals on payment of the prescribed fees. Any person so admitted shall not be entitled to appear in any exam. of the univ., but the dean may grant a cert. attesting that he has attended the course.

**FIRST DEGREES.** 3 yrs. from preparatory—BA pass, BA hons. ## GENERAL INFORMATION

Following upon the report of a cttee. under the chairmanship of the Hon. G. V. Mavalankar, an act was passed in 1949 by the Bombay legislature for the establ. and incorporation of the Gujarat Univ. as a teaching and affiliating univ. in the province of Bombay.

Postgrad. teaching and res. is carried out in the 4 univ. depts., 5 recognized instns., and 59 postgrad. centres for teaching establ. in affiliated colls. in the univ. area.

**CONSTITUTION.** There are 3 principal academic and executive bodies, viz. senate, syndicate and academic council. The senate is largely composed of elected members in different constituencies representing different academic groups such as registered grads., teachers, secondary teachers. The principals of affiliated colls. and hds. of recognized instns. and a few persons holding public offices are *ex-officio* members. There are also 20 members nominated by the chancellor. The syndicate, the principal executive body, also has elective membership. The members of the senate and appropriate constituencies in this behalf elect the syndicate for a term of 3 yrs. The academic council is largely concerned with all academic matters such as courses of study, standards of passing and classes, text-books, etc. Every chairman of the bd. of study is an *ex-officio* member of the academic council. In addition, it has 3 representatives each of the principals and hds. of recognized instns. The vice-chancellor, registrar, deans of facs. and hds. of univ. depts. are the other *ex-officio* members of the academic council.

**INCOME (1958-59).** Govt. grants, Rs. 819,061 (recurring), Rs. 658,403 (non-recurring); endowments, Rs. 80,275; fees, Rs. 1,835,395; other sources, Rs. 233,403.

**GENERAL INFORMATION**

Although the Univ. of Jabalpur is among the youngest of the univs. of India, the city of Jabalpur is one of the oldest centres of univ. educn. in India. The Radhakrishnan commission recognized the 'traditions of higher education' in Jabalpur and suggested that a unitary univ. might be developed there. This proposal was further examined by the Cttee. on the Financing of Education of Madhya Pradesh, apptd. by the state govt., which recommended (in 1952) 'the immediate establishment of a univ. of the federal type at Jabalpur'. The second 5-yr. plan for the former state of Madhya Pradesh included a scheme for the establishment of a univ. at Jabalpur and an act setting up the univ. came into force in 1957.

Almost all the colls. affiliated to the univ. are in the city of Jabalpur, the univ.'s territorial jurisdiction being restricted to the revenue district

of Jabalpur. It is intended to develop the univ. along federal lines and to encourage the maximum intercollegiate co-operation, especially in relation to postgrad. courses and the development of a corporate life for the univ. as a whole. The academic council of the univ. frames the annual teaching programmes of the colls. as a whole and the recognition of profs. & readers and the appt. of teachers of private constituent colls. is normally made on the recommendation of the selection cttees. of the univ. Colls. which provide postgrad. courses in at least 2 subjs. and fulfil certain other conditions are to be treated as 'constituent colls.' and will be more closely linked to the univ. than the affiliated colls.

CONSTITUTION. The present vice-chancellor holds his office in an honorary capacity, there being a full-time rector. There are 10 facs. (see

\* Except for the S.S.A. and T. R. Mahavidyalaya, Katni, all are in Jabalpur

*below*) and 36 depts. of study subordinate to them. In the constitution of the univ. bodies, the element of election has been kept to a minimum; while the functions of the court, academic council and executive council are similar to those of the corresponding bodies in other Indian univs., membership of them will in most cases be *ex officio* according to seniority by rotation or by nomination. The registered grads., however, elect 20 members to the court.

**INCOME (1959-60).** Maintenance grant from state govt., Rs. 90,000; devel. grants from state govt. and univ. grants commission, Rs. 250,000 and Rs. 50,000 respectively; exam. and other fees, Rs. 426,661.

## GENERAL INFORMATION

The National Council of Education was started in 1906 to impart educn. 'on national lines and exclusively under national control, not in opposition to, but standing apart from the existing system of primary, secondary and collegiate education, attaching special importance to a knowledge of the country, its literature, history and philosophy, and designed to incorporate with the best oriental ideals of life and thought the best assimilable ideals of the west, and inspire students with the genuine love for and desire to serve the country'. The council at first maintained both arts and sci. and technical depts., but finding that public demand for technical educn. was more insistent, the council devoted for the last 50 yrs. almost the whole of its resources to technical educn. through its coll. of engin. and technol.

In view of the fact that the coll. of engin. and technol. had been virtually functioning as a univ., and in order that the degrees of the National Council of Educn. should receive statutory recognition, the govt. of West Bengal with the concurrence of the govt. of India enacted the necessary legislation for the establishment of a univ. at Jadavpur, and so Jadavpur Univ. came into being on Dec. 24, 1955, by West Bengal Act XXXIII of 1955.

The Jadavpur Univ. Act provides that 'any degree conferred by the National Council at any time between the 1st day of Jan. 1944 and the commencement of this act shall, for all purposes,

be deemed to be a degree corresponding to such degree of the univ. as may be declared by the state govt.'

CONSTITUTION. On the expiry of the 1st 4-yr. period after its incorporation all authority in the univ. has come to rest in a body composed of the following members : pres., rector, treasurer, dean of facs., hds. of institutions under univ., pres. of alumni assocn., chairman of institution of engineers, mayor of Calcutta corporation (all *ex officio*) ; 2 members elected by teachers other than profs., 2 elected by profs., 2 registered grads., 8 persons elected by National Council of Educn., 4 nominated by legal reps. of founder donors and 5 representing the state and union govts. The pres. is the titular hd. of the univ. and the rector is the principal executive officer. Other principal officers are the treasurer (an honorary officer) and the registrar. The following bodies have been constituted to advise the univ. on different matters : academic council, administrative council, finance council and development council.

The univ. has no affiliated colls. but the coll. of engin. and technol., the coll. of arts and the coll. of sci. are constituent colls. and function as teaching depts. of the univ.

INCOME. Total income (1959-60) : Rs. 4,134,800 (govt. grants, 82.1 per cent. ; fees, 10.1 per cent. ; other sources, 7.8 per cent.).

LIBRARY. 75,450 vols.

**FACULTIES AND DEANS.** *Arts*, Prof. P. K. Guha (Engl.); *engin.*, Prof. H. C. Guha (electr. engin.); *sci.*, Prof. B. B. Sen (maths.).

**ADMISSION.** Students who have passed the inter. exam. of an Indian univ. or any other exam. recognized as equivalent are eligible for admission to undergrad. courses in arts, sci. and engin. Those who have passed the matric. or sch. final exams. are admitted to the 1-yr. pre-univ. course for admission to honrs. courses in arts or sci. Only those who have passed the inter. sci. or equivalent exam. are eligible for admission to engin. degree courses in the univ. Students who hold dipls. in engin. and are in service are eligible for admission to pt.-time degree courses in civil, electr. and mech. engin. For postgrad. course in food technol. a student who holds the bachelor's degree in chem. engin. (with food technol.) or equivalent degree is eligible for admission.

**FIRST DEGREES.** 3 yrs. after class XI sch. final or pre-univ. course exam.—BA honrs., BSc honrs.; 4 yrs. after ISc or equivalent—BME, BEE, BTelE, BCE, BChE. There is no pass BA or pass BSc.

The exams. of all statutory Indian univs. are recognized as equivalent to the corresponding exams. of the univ.

**HIGHER DEGREES.** 1 yr. after corresponding bachelor's degree—MME, MChE, MCE, MEE, MTelE and MTech. 2 yrs. after corresponding bachelor's degree—MA, MSc in all subjs. available in the univ. DSc, PhD awarded on submission of thesis on res. in sci. subject, after at

least 2 yrs.' work under supervisor recognized by the univ.

**HONORARY DEGREES.** DSc, DLitt, DrEngg.

**STUDY LEAVE.** Study leave is granted to staff members for higher study or res. approved by the univ.

**FEES.** Annual tuition fees: pre-univ. course, Rs. 114; undergrad. course, Rs. 180; postgrad. course, Rs. 240.

**ACADEMIC YEAR.** One term. Pre-univ. & undergrad. courses: July 1–June 30; postgrad. courses: Aug. 1–July 31.

**LANGUAGE OF INSTRUCTION** and examination is English.

**GRADUATES' ASSOCIATION.** Alumni assocn. situated within campus.

**STUDENT RESIDENCE.** For men: Jadavpur univ. hostel, Calcutta, 32 (tel.: 46-4446), 525 students (it is expected that an addnl. 325 places will be available in 1959). Fees: Rs. 120–Rs. 144 plus admission fee of Rs. 5.

**STAFF RESIDENCES.** Univ. provides limited residential accomm. on campus for staff.

**NATIONAL CADET CORPS.** Naval, air, signals and engin. units of N.C.C.U.

**STUDENT HEALTH SERVICE.** No provision at present except for annual med. exam. A students' health centre is being establd. where periodical check-ups will be arranged.

**PUBLICATIONS.** *Calendar*; *Prospectus*, annually.

## THE YEAR 1959

**MAJOR BUILDING DEVELOPMENTS.** *Bldgs. completed*: phys. lab. *Approaching completion*: students' health centre; hostel for girls; hostel for boys.

## GENERAL INFORMATION

Karnatak Univ. is one of the regional univs. which came into existence with the splitting up of Bombay Univ. In response to an insistent demand from the Kannadigas for a separate univ. for Karnatak, the govt. of Bombay appointed the Karnatak Univ. Cttee. in April 1947, under the chairmanship of Mr. Justice N. S. Lokur. The Karnatak Univ. bill, based on this cttee.'s report, was passed by the Bombay legislature in April 1949. In June 1949 R. A. Jahagirdar was apptd. by the govt. of Bombay as first vice-chancellor of the univ. and on March 1, 1950, Karnatak Univ. was brought into existence as a corporate body. At present its jurisdiction extends over the districts of Dharwar, Belgaum, Bijapur, North Kanara, Raichur, Gulbarga and Bidar. The univ. is situated on a 283-acre site, given by the govt. of Bombay. The univ. is both an affiliating and teaching univ. It aims to develop into a residential univ. with emphasis on postgrad. instrcn., affiliation being one of its subsid. functions. The univ. also runs two colls. in Dharwar, one in arts and one in sci. (see above, under 'Constituent Colls.'). These two colls., which were formerly run by govt., were transferred in 1958 to the management of the univ.

CONSTITUTION. The senate is the supreme governing body of the univ. The executive powers are vested in the syndicate. The other authorities are the academic council, the facs., the bds. of univ. teaching and the bds. of studies in the various facs.

## GENERAL INFORMATION

The Univ. of Travancore, now reconstituted as the Univ. of Kerala, was establd. under an act promulgated by H.H. the Maharaja of Travancore on Nov. 1, 1937. The chief aims of the univ. were stated as being to effect a reorganization of the system of educn. in the state with a view to the gradual devel. of technical and technol. educn.; to make greater and more systematic provision for furtherance of original res. in the various branches of appl. sci., and to provide for conservation and promotion of Kerala art and culture.

With the reorganization of states and the formation of the new state of Kerala, it was found necessary to reconstitute the univ. into a teaching and federal univ. for the whole of the state of Kerala in order to enable it to provide for the conservation, promotion and development of Kerala art and culture and the Malayalam lang. and for the gradual change of the medium of instructn. into Malayalam in all educnl. instns. of the state, and to provide greater facilities for postgrad. study and original res. in all branches of learning by establishing centres of postgrad. study and res. in different parts of the state. The Kerala Univ. Act came into force on Aug. 30, 1957, and the Univ. of Travancore became the Univ. of Kerala from that date.

**CONSTITUTION.** The governor of the state of Kerala is chancellor of the univ., and the pro-chancellor is the minister of education for the state. The vice-chancellor, the principal academic and executive officer of the univ., is apptd. by the chancellor on the unanimous recommendation of a sp. cttee. of 3 members (1 elected by the senate, 1 by the syndicate, and 1 nominated by the chancellor), to hold office for 3 yrs., the appt. of the first vice-chancellor under the Kerala Univ. Act being made, however, by the chancellor.

The other authorities of the univ. are the senate, syndicate and facs. The senate, to be reconstituted every 3 yrs., includes, *ex officio*, elected and nominated members and has the general superintendence over the affairs, concerns and properties of the univ. The syndicate, of 16 members, is the executive body and exercises general superintendence and control over the instns. of the univ. The facs. advise the senate and syndicate on all academic matters.
